

We expected Mrs J. Overholt and Frank in to-day, but they couldn't get a horse. Mamma was out there yesterday. Planted eight little pots with two nasturtiums in each. Am going to start them for Aunt Hilfie. Mamma went collecting and uptown she got a new wairst. Papa wanted to see my teeth so I went up, but he had left the office. Mamma & papa were over to Rays at night. The Ladies Home Journal came to day.

SATURDAY 26

(146-219)

Took my music lesson. 2^{3rd} Etude. Mrs J. Overholt came in about 11.30 to see me as it was her only chance. I wanted to go out on my bicycle but they would not let me. Went up to Miss Sutherlands for a bonnet for Mrs J. Overholt as mamma is going to take it out. Papa and mamma went out to Overholts. Ella was over and we got 10 two cent stamps instead of our flags we sent to Eaton's for as the flags are all mounted. Went over to Mr. Laren's garden and over to Lees with Ella. She gave me a lovely bunch of lilies of the valley. Mamma brought home a bag of insect paper.
