FRIDAY 15

(166-199)

Frank did not stay but rode home last night. Went uptown to Inkster's and Wilson's. Pretty warm riding. Mamma & Papa went out for a drive after tea. I had to wash the dishes. My white pique dress and blue waist came home to-night. She did not do as mamma wanted her to, and my blue waist has the white front on the outside instead of inside of waist.
