

Took my music lesson. Took 16th Stude. I have to copy the Harmony from the full score to the organ using the treble, alto, tenor, and bass clefs. In the afternoon Beta came after me, and we were down to her aunts and then uptown. Mamma was uptown, and bought me goods for a shirtwaist red and white. Mrs Ray has been sick.

SUNDAY 25

(84-281)

Went to church in the morning. Sermon St. Matt IV. 1 verse. It is nice and warm this morning. Was at Sunday School. We have to find how long Christ's ministry lasted for next Sunday. Tonight the sermon is to be sad and the conscience. Did not go, but papa and I went to the Free St. Baptist. Mr Trotter preached Exodus XII. 224-23 verses. Saw Beatrice as we were coming home.
