

Practiced some to-day. Got some snails and water-lily roots for my aquaria. All in waste. Mrs. Waite, Kid and Mr. Waite's sister were here for dinner. Went to see Lillie Beam & Leonora Jukes. Met Miss Dainty, Miss Hutt, Miss Booth and Mrs. Harbough. Saw the train come in at 5.00. Leonora came down to have me drive to Stevensville with her. She took the washwoman home. Saw the searchlight from the fall.
