CAMPUS NEWS

7 January 1983

Conference planning service

Brock University now has a separate office dealing with conference planning and organization.

The Conference Planning and Management Service, directed by Vicki Lowenberger, is set up to provide support services for conference groups wanting to utilize Brock facilities.

Previously incorporated under the Housing office, Conference planning now offers a full spectrum of services including the printing of promotional material, distribution and collection of registration material, liaison with speakers for facility requirements, room assignment, conference kit preparation and special recreational and educational packages.

Organization is done on a "fee for service" basis.

Professional associations and service organizations are encouraged to use the extended services offered by the University's Conference Planning and Management Service said Mrs. Lowenberger.

"References are coming in from faculty and staff who are involved in organizations looking for Canadian locations," she said. "A lot of our work is through word of mouth."

If you see it, report it!

If you're in, or witness to, an on-campus accident requiring an ambulance or hospitalization take the time to report it to Campus Police.

That's the request made by Chief of Campus Police, Doug Roberts, who said its necessary for his department to maintain records of such incidents in the event of possible litigation.

Blood donor clinic

The Canadian Red Cross Society holds a blood donor clinic Thursday Jan. 13.

Faculty, students and staff are asked to give blood at the clinic located in the Thistle corridor, from 10 am to noon and 1:30 pm to 4 pm.

Red Cross staff said they would like to meet a quota of 300 units for the day.

BUSU president J.B. Owens and staff will assist in organizing the clinic.

Biology club seminar

"Social learning in wild Norway rats: illusion and reality" is the seminar topic given by Dr. B.G. Galef, Thursday Jan.13.

Dr. Galef is with the Psychology department at McMaster University in Hamilton.

The seminar begins at 4 pm in Glenridge 204. Everyone is welcome.

Mime madness

Bob Berky, mime, clown, juggler, musician and comic, performs at the Brock Centre for the Arts, Saturday Jan. 8.

Berky's style has often been likened to Marcel Marceau, Danny Kaye, Red Skelton and Robin Williams.

The performance begins at 8 pm in the Playhouse. Tickets are available at the Box office.

Music at noon

The music division of the University's department of Fine Arts offers a number of noon recitals throughout the winter months.

Shanti performs baroque and twentieth century chamber music Tuesday Jan. 11.

Stewart Grant (oboe) and Naomi Oliphant (piano) perform in Music for oboe and piano.

All performances begin at noon in The Theatre. Admission is free.

Dean of Arts at Memorial

Memorial University in St. John's, Newfoundland is looking for a Dean of Arts.

The position opens Sept. 1, 1983. Deadlines for applications, supporting documents and interviews is set for Feb. 15.

The faculty consists of 15 departments with a permanent teaching staff of 200.

Contact Prof. H. Whalen, Chairman, Search Committee for Dean of Arts, Memorial University of Newfoundland, A1B 3X7.

Faculty and staff notes

Biological sciences

Dr. Arthur H. Houston has been appointed adjunct professor of zoology in the College of Biological sciences at the University of Guelph.

Placement office

Bill Potton, manager of the Placement office, was invited to make a presentation to students in the part time studies guidance course at the College of Education. Counselling tools and guidance materials were reviewed.

Fine Arts

Prof. M. Yacowar delivered a public lecture on Woody Allen's Stardust Memories at the public art gallery in London, Ont., Dec. 15.

Sociology

Prof. M.L. Perlman delivered a paper at the 81st annual meeting of the American Anthropological Association in Washington, D.C. in December. The title of the paper was "A systems theory approach to social inequality: an example from two traditional Uganda kingdoms."

Classifieds

Campus News is published by the Information and Liaison office, Thistle 265. The next issue will be January 14; copy deadline is January 7 at 2 pm.

BROCK UNIVERSITY

CAMPUS NEWS

Volume 21, number 2

14 January 1983

Nominations for Dean of Humanities

Three nominations have been received for the position of Dean of Humanities at Brock University.

Profs. M. J. Cardy, Romance studies, G. Coggins, English, and M. Yacowar, Fine Arts are the nominees.

Prof. M. Yacowar now holds the position.

Applications closed Jan. 10. Faculty handbook regulations state "for one week after nominations have been closed, comments in writing from individual members of the University community will be received.

Thereafter, members of the Advisory committee will not publicly discuss nominations or applications, and committee proceedings will be confidential".

The Advisory committee on the Humanities dean appointment is chaired by Prof. Bill Matheson.

Dan Madar goes to Harvard

Prof. Dan Madar of Brock's Political Science department begins a Harvard appointment in September.

He has been appointed Visiting Scholar at Harvard University and Associate of Harvard's Centre for International Affairs for 1983-84. He also receives an \$8,000 stipend.

Prof. Madar said he will continue research on trucking deregulation and Canadian-U.S. economic relations while at Harvard.

"It's an important area of research that no one else has done," said Prof. Madar.

Provincial funding

More than \$23 million is slated to go to Ontario colleges, universities and school boards under Ontario's job creation program, said Colleges and Universities Minister Dr. Bette Stephenson.

The province's universities, including Ryerson Polytechnical Institute and the Ontario College of Art, will receive \$10.9 million of the \$23.5 million total.

More than \$5 million of the total allocated for universities will be used for new or accelerated short-term labor intensive job creating projects. The remaining \$5.3 million will be used to fund certain capital projects awaiting funding approval.

Dr. Stephenson said the projects will include renovation or maintenance of buildings and upgrading of buildings and facilities to meet occupational health and fire safety standards and some energy conservation projects.

The funding was announced in December.

Bus re-route

There's a change in the Brock University

city bus route.

A note from the St. Catharines Transit Commission states that the Brock bus will continue to enter Brock from Glenridge through the parking lot to the Tower.

However instead of returning to Glenridge by reverse route, it now leaves the Tower, travels south to St. David's Road, then north on Glenridge.

The change is implemented in order to service the Niagara Regional headquarters, once it's in operation.

No parking means no parking

The University's Parking committee reminds individuals that special permits are needed to park in "No parking" areas.

Vehicles in "No parking" zones will be ticketed by Campus Police if no permit is visible.

The Parking committee alone has the authority to issue special permits and reminds University faculty and staff not to issue parking advice contrary to regulations.

If special parking is required write the Secretary of the Parking committee, R.A. Nairn, 13th floor, Brock Tower.

IUTS extension

The Royal Military College of Kingston is now part of the Inter University Transit System (IUTS).

Established in 1967 to carry library materials between the provincial universities in Ontario, IUTS now carries a variety of inter-university mail.

Daily deliveries are made not only to the universities but also to related institutions such as COU, MCU, OCUA, AUCC and CISTI.

IUTS also links up at the National Library in Ottawa with PEBUQUILL, its Quebec counterpart, and with the Federal library delivery service.

The RMC became part of IUTS Jan. 4.

Lab safety symposium

Safety in the lab is the topic of a four hour symposium at the Glenridge campus Friday Jan. 14.

Faculty members deliver brief lectures on a number of safety aspects from the proper handling of chemicals and equipment to the procedures taken in the event of an accident. A film on radiation safety will be shown. Health threats for individuals working in labs will also be examined.

The symposium begins at 1 pm in rm 204 at Glenridge.

Tuesdays in the Alumni lounge

Foreign and Canadian students are invited to gather for coffee and talk in the Alumni Lounge on Tuesdays, 7:30 - 10 pm.

The Foreign students advisor is holding the Tuesday sessions in an effort to facilitate dialogue between the two groups. Faculty and staff are welcome.

Faculty members are asked to inform students of the Tuesday gatherings.

Refugee student sponsorship

The Brock WUSC committee is attempting to sponsor refugee student Mohamed Muktar Aliso.

Born in Ethiopia, Mohamed fled his country in 1977 after a military regime took over. He speaks English, French, and four other languages. His admission to Brock has been cleared. His major interest is Physics.

The Committee would sponsor Mohamed for one year. It hopes to raise \$6,000.

Esther Sleep, Library, and Eric Muller, Mathematics are the liaison between Brock faculty and the Committee.

Faculty and staff interested in contributing to the sponsorship should contact either liaison person.

A decision to sponsor Mohamed is expected in mid-January.

Near eastern faience

The making of faience, one of the oldest of the fire-using crafts of the ancient world is the topic of a lecture given by Suzanne Heim, a doctoral candidate at the Institute of Fine Arts, New York University.

Sponsored by the A.I.A. Niagara Peninsula Society, the illustrated lecture explores the rich history of the faience industry.

As early as the sixth millennium in the ancient Near East and Egypt, pendants and beads of faience were first produced.

Ms. Heim's lecture is titled "Ancient Near Eastern Faience: a study in inter-connections".

The lecture begins at 3 pm on Sunday Jan. 16. It will be held in Th 245. Admission is free for A.I.A. members and students. For non-members admission is \$2.

Psychology & Child studies colloquium

Dr. Dale Burnett from Queen's University presents a colloquium titled "LOGO as an introduction to computing for children, teachers and adults".

The talk will be held Thursday Jan. 20 at 3 pm in the Alumni lounge. Interested individuals are welcome.

Greek taverna

Greek food, wine, music and dancing is slated for the Greek taverna night Saturday Feb. 5.

The Brock Classics club presents its fifth dinner dance at the United Auto Workers Hall on Bunting Road.

Doors open at 7 pm and dinner begins at 7:30 pm. A cash bar offers Greek and Canadian wine.

Tickets are available from the Classics department at \$10 per person. No tickets will be sold at the door.

Music maestro, please!

The Brock University choir with guest artists Hal Grossman, violin, Naomi Oliphant, piano and Gord Atkinson, organ perform at the Queen Street Baptist Church in St. Catharines on Sunday Jan. 16.

The music of Fauré (requiem) Op 48 (1887) and works by Ravel, Franck and Dello Joio is featured.

The performance begins at 7 pm. Admission is free.

On Jan. 27, "Music from Banff" is featured in The Theatre, Brock Centre for the Arts at noon.

Publications

CHODZINSKI, R.T., SAMUDA, R.J., "Counseling of ethnic minorities in perspectives in immigrant and minority education", Ed. R.J. Samuda, Sandra Woods, University Press of America, Wash., U.S.A., 1982.

HOLLAND, H.L., "Methyl group removal in steroid biosynthesis", Chem. Soc. Reviews, 10, 435.

Faculty and staff notes

Chemistry

Prof. H.L. Holland has been appointed part-time professor at McMaster University. The appointment, which began Jan. 1/83, will enable him to supervise PhD students in Chemistry at McMaster.

Geology

Prof. U. Brand presented a paper by Brand and Terasmae entitled "Source rock geochemistry of Pleistocene tills of southern Ontario" at the Ontario Geological survey geoscience research seminar in Toronto in December.

21 January 1983

The official presentation

Prof Janet Rossant of the University's Biological sciences department was officially presented with the E.W.R. Steacie Memorial fellowship on Tuesday Jan. 11.

Gordon McNabb, President of NSERC presented Prof Rossant and three other outstanding Canadian scientists with their awards at the Natural Sciences and Engineering Research Council's Administration building, in Ottawa.

Prof Rossant's award allows her to continue research into early mammalian embryogenesis and fetal-maternal interactions.

Although in its early stages, Prof Rossant's research could one day provide some insight into preventing birth defects, failed pregnancies and the rejection of vital organs.

The total value of Prof Rossant's award is \$96,000 over three years.

Dr. Alan Earp, the University's president, was at the Ottawa ceremony.

Snow collage

Michael Snow's collage of "Brock in construction" is once again on view in the corridor stairwell, A-Block.

Construction and renovation plans made it necessary to remove the collage in the fall.

A tribute to the early years of the University, the collage is a series of photos showing Brock in its building stages.

Library appeal to gamblers

The University Library is now collecting Wintario tickets in order to help buy Canadian books.

The Wintario Half Back program, recently re-introduced by the Minister of Citizenship and Culture, allows non-winning tickets to be used toward the purchase of books by Canadian authors.

"Since the program has been made available", said James Hogan, University Librarian "we should take advantage of it especially when inflation is making it increasingly difficult to purchase all the books we need."

Faculty and staff can drop off their old tickets into the collecting boxes (at the circulation desk in the main library or in the Instructional Resource centre, COE) or send them to the University Librarian's office, rm 214.

Tax on insurance premiums rescinded

Personnel services sends the following word on taxation of certain group insurance premiums:

In his December budget speech, the Minister of Finance rescinded the provisions that provided for taxation of premiums

on extended health care, semi-private and dental insurance plans which are paid on behalf of an employee by an employer.

Income tax withheld and remitted on such premiums in 1982 will result in a reduction of the tax liability when 1982 income tax returns are filed.

Evacuation procedures

Faculty, staff and students are reminded to head for the nearest exit in the event of a fire alarm.

Individuals should be aware of an alternate route as well as the shortest route, to the nearest exit. Doors should be closed but not locked. Don't use the elevators.

In search of Alexander

Those interested in delving into the life and times of Alexander the Great are invited to sign up for a course, The search for Alexander the Great, offered by Part Time studies in February.

Included in the course is a trip to the Royal Ontario Museum on March 12, which features an exhibition of gold, silver, marble, iron, bronze and clay art and artifacts from the time of Philip 11 and Alexander the Great.

The course runs for five Sundays, beginning February 6. Instructor is Prof D. Rupp of the University's Classics department. Contact Part Time studies for more information, ext. 249.

Faculty bibliographies

Faculty members who have publications listed at the Library are asked to submit bibliographies or updates on existing bibliographies to the Library's Reference department.

The Reference department uses the bibliographies as an aid to easy identification of titles, and publication details of books and papers written by Brock faculty.

Lists and updates should be sent to Helgi Kernaghan, Reference department.

Plate renewal applications

Faculty and staff can pick up 1983 automobile plate renewal applications in the Mailroom.

The Mailroom is open 8 am to 9 am and 3:30 pm to 4:25 pm weekdays.

Acting chairman, Physics

Prof C.A. Plint is the Acting chairman in the Department of Physics, effective Jan.1/83.

Chairman of the department, Prof R.C. Shukla is on leave until July 1/83. He resumes the chairmanship at that time.

Thanks for the effort

More than 200 faculty, staff and students participated in the Canadian Red Cross Society's blood donor clinic, Jan. 13.

The Red Cross society encourages individuals who were not able to attend the blood donor clinic at Brock to go to the regular clinics held the first Tuesday of each month at the Royal Canadian Legion, 111 Church St., St. Catharines.

Philosophy colloquium

"Poetic thinking to be" is the topic of a Philosophy colloquium on Friday Jan. 21.

Prof Zygmunt Adamczewski is the speaker.

The talk begins at 3 pm in the Alumni Lounge, 13 floor, Tower.

OCUFA teaching awards

It's time to get your nominations in for the OCUFA teaching awards.

Outstanding teachers in Ontario universities are presented with the annual awards based on activities in the preceding calendar year.

Teachers are selected from all levels of instruction including graduate and undergraduate teaching, continuing education and faculty development.

Those who excel in activities such as course design, curriculum development and organization of teaching programs are also eligible for the OCUFA teaching awards.

Nominations are invited from individuals, informal groups of faculty and students and other university related committees.

Guidelines to assist in organizing a nomination is available from the University's faculty association or the provincial office of OCUFA.

Deadline for receipt of nominations is March 1. Letters of nomination with supporting documentation should be sent to OCUFA Committee on Teaching Awards, 40 Sussex Avenue, Toronto, Ontario M5S 1J7.

Graduate study awards

Students thinking of study on the graduate level should consult the "Canadian Directory of Awards for Graduate Study".

The directory provides Canadian graduate students with information on sources of financial aid for their work. It is published by the Association of Universities and Colleges of Canada.

A copy of the latest directory is available in the Documents department of the University library, call number REF DOC CA5 AU C12 1981.

Put on those postal codes!

Canada Post says it will begin levying a penalty on mail that doesn't have a postal code on it.

Effective Jan. 17 all Canadian mail including packages processed through the University's mail services must include proper postal codes.

Music from Banff

The Brock Centre for the Arts presents "Music from Banff" on Thursday Jan. 27.

Musicians from the Banff School of Arts in Banff, Alberta will perform in The Theatre.

Featured are Paul Coletti, viola, Mark Hooper, piano, Peter Lutek, bassoon, and Carmen Or, piano.

Admission is free. The performance begins at noon.

Mr. Dress-up's coming

The Mr. Dress-up program for children is coming to the Brock Centre for the Arts in February.

The second event in the Spring Children's series, the popular program performs in The Playhouse, Saturday Feb. 26 at 2 pm.

Following "Mr. Dress-up", the children's series comes to a close with a performance of "Musical Zoo" by the Lampoon Puppet-theatre. That performance will be in The Playhouse on Saturday March 26 at 2 pm.

Tickets are available at the Box office.

Publications

Faculty and staff notes

Biological sciences

Prof Mike Dickman was elected president of the Society of Canadian Limnologists at their annual meeting in Winnipeg, Manitoba in January. He presented an invited paper at the meeting entitled "Canada's two most northerly hypersaline lakes".

Philosophy

Prof R.S. Brown was invited to chair a session of the North American Nietzsche Society meeting in conjunction with the APA in Baltimore, Maryland, in December.

Prof J.R.A. Mayer was invited to participate in a Conference on God: the contemporary discussion in Fort Lauderdale, Florida, Dec. 30 - Jan. 4. The title of his presentation was "Reflections on the Names of God in Hinduism". The proceedings will be published by the New Ecumenical Research Association, sponsors of the conference.

Research grants for Brock professors

Two professors from Brock's Department of Psychology are the recipients of research grants from the Social Sciences and Research Council of Canada.

Prof Stan Sadava has been awarded more than \$9,000 for his research on "Social psychology of multiple drug use".

Prof Linda Krasnor receives more than \$17,000 for her work on "Social problem solving and friendship".

Both awards were announced in December.

Badger sets record

Candi Lohr, a member of the women's basketball team, set a Canadian women's university record, Jan. 20, scoring 49 points in a single game.

The Brock Badgers defeated Wilfrid Laurier in a basketball game held that night, 117-21.

Lohr's record breaking feat is in keeping with the Badgers' winning streak this season.

The womens' basketball team has won 19 games, losing only 2 this season. They are undefeated in league play, ranking them third in national standings.

"That puts us in line as possible contenders for the Canadian title," said Chris Critelli, assistant coach for the women's team.

"The Ontario championships will be held Feb. 26 and 27. Hopefully they'll be played here at Brock, giving us the advantage. After that we hope to get the opportunity to play for the national title" she said.

Alumni award for teaching excellence

Nominations are now being accepted for Brock University's Alumni award for excellence in teaching.

The award is presented annually by the Alumni association in recognition of a teacher's outstanding performance in areas such as classroom instruction, thesis supervision, student consultation, curriculum development and course development.

Teachers can be nominated by students, alumni or another faculty member.

Nominations should include details on all courses taught by the candidate during the past three years.

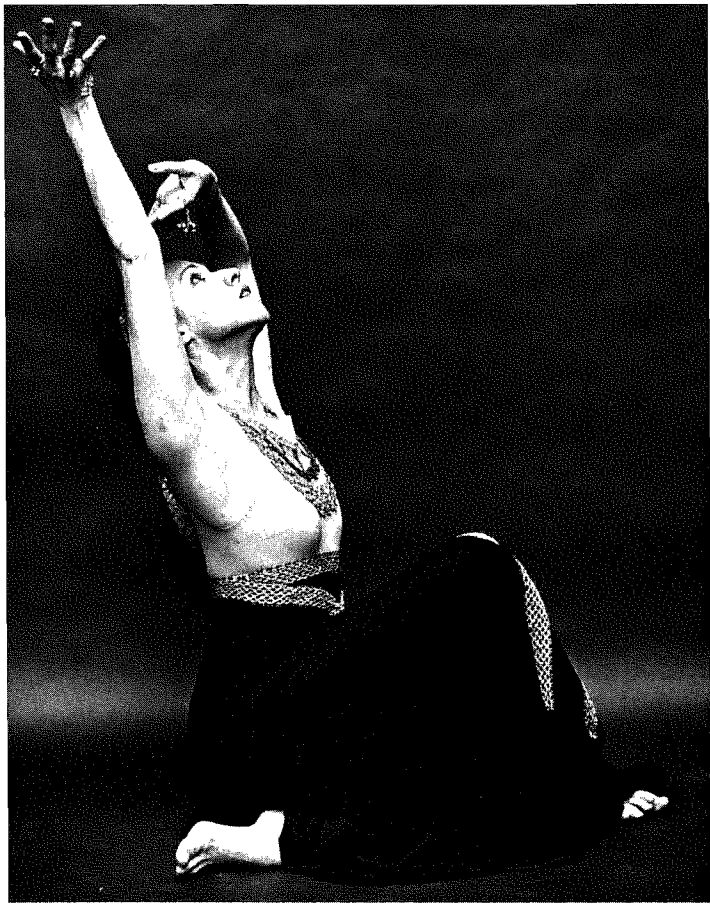

Details outlining criteria for the award and application forms are available at the Alumni office, Th 265.

Nominations will be accepted at the Alumni office until March 15.

University holiday

The University will observe Friday February 25 as a holiday this year.

University offices will be closed Feb. 25, with the exception of the Library and those departments that have made commitments for that day.

Staff members who are required to work will be given an alternate day off at a mutually convenient time.

Sandwich cart at your service

Saga services has set up a sandwich cart in The Link in order to alleviate the heavy traffic flow of the lunch time crowds at the University's cafeterias.

"We're also hoping to replace lost sales from the closure of the Carousel cafeteria last year," said Bruce Delo, Saga services manager.

Demand will determine when the sandwich cart opens said Mr. Delo but hours of operation will likely be 9 am to 2 pm daily.

Swimmers doing well

David Shemilt, a member of the Brock University swim team set a new Ontario record in the 800m freestyle at the U. S. International swim meet in Indianapolis, Indiana.

Setting a time of 8:01.16, David surpassed the mark of 8:01.37 set by Alex Baumann in 1981.

David placed fourth in the overall competition.

Swimmers Kathy Richardson, Nancy Horne and Sue Garay were also in the swim meet.

Kathy Richardson swam three finals; 100m, 200m breaststrokes and 400m individual medley placing 8th and 5th twice.

Nancy Horne and Sue Garay swam seasonal best times in their events.

Brock swimmers make national team

Kathy Richardson and David Shemilt are on the 14-member Canadian national team competing in two meets in Europe this month.

Herb de Bray has been selected Head Coach of the team which left Jan. 25 and returns Feb. 8. The meets are being held in Amersfoort, Holland and Paris, France.

One more swimming note

The Brock Badger invitational swim meet will be held Jan. 29 at 1 pm in the pool, Phys Ed centre.

Board of Trustees members

The nominating committee of the Board of Trustees is looking for nominations to fill vacancies on the Board as of June 1983.

The slate of nominations is restricted to lay memberships on the Board, since faculty and student memberships are filled through the Senate and student elections.

Faculty, staff and students are invited to submit the names and addresses of nominees for the Board of Trustees.

Suggested names and addresses should be sent to Chairman, Nominating committee, Board of Trustees, c/o Secretary to the University, 13th floor, Brock Tower.

The final slate of nominations will be presented to the Board in June.

Refugee student sponsorship

The Brock WUSC committee attempting to sponsor refugee student Mohamed M. Aliso is \$1,000 short of its target.

Faculty and staff who have yet to send in a commitment form are asked to do so by Thursday Feb. 3.

Forms should be sent to Esther Sleep, Library, or Eric Muller, Mathematics.

Caravan is back!

The Caravan exhibition returns to Brock Feb. 7 & 8.

Featuring handicrafts from around the world the exhibition will be open 10 am to 9 pm in the Senate chambers.

The exhibition is a program supported by the World University Service of Canada.

WUSC slide show

The Brock chapter of the WUSC is sponsoring a slide show called "Where Jews and Arabs live in Peace" on Monday Jan. 31

The show illustrates the origin and development of the community called Neve Shalom (Oasis of Peace) in Israel since 1978.

The show begins at noon in Th 257.

Theatre ballet of Canada

The Theatre Ballet of Canada makes its St. Catharines debut at the Brock Centre for the Arts on Sunday Feb. 6.

Lawrence Gradus directs the company which staged its first performance in 1981.

The performance begins at 3 pm in The Playhouse. Tickets are available at the Box office.

National universities week

The achievements of higher education throughout Canada will be marked this fall when National Universities Week takes place Oct. 2-8.

The event is the first of its kind to be held in Canada. Work on the project is underway at both national and regional levels.

The national coordinating committee is chaired by President George Pedersen of Simon Fraser University and Principal David Johnston of McGill University.

The idea for a National Universities week was endorsed by the four regional and provincial university associations last summer and subsequently approved by the Association of Universities and Colleges of Canada (AUCC).

The purpose of the week is to highlight the role of Canadian universities in community, regional and national development.

The project draws attention to the value of teaching, scholarship, research, and cultural and public service activities and will emphasize university contributions to business and industry.

Most activities will be initiated and carried out at the institutional level.

A slogan and graphics campaign identifying National Universities Week is being developed by Doug Geddie, Brock's Director of Information & Liaison, for approval by the national committee.

Repairing with BILD

Brock receives more than \$100,000 from the provincial government for repair work throughout the university.

In a program outlined by Colleges and Universities minister, Dr. Bette Stephenson, the province, under its BILD program, allocated more than \$23 million for job creation and labor intensive projects.

Universities received \$10.9 million of the total.

Repairs at Brock include cleaning and repairing induction units in the Brock Tower, replacing corroded plumbing fittings in various locations, and replacing a water damaged wall in the Print shop.

Region asked for \$1 million grant

The Niagara region has been asked to contribute \$1 million toward the University's new science complex.

The request for the grant was made to the Region's finance committee by the chairman of the science development fund, and former St. Catharines mayor, Mac Chown, last week.

The science development fund hopes to raise the \$4.5 million needed to complete the project.

The world of computers

The University Library has subscribed to Data World International, an easy-to-use, four volume reference service which provides analysis and evaluation of the world's most widely used and actively marketed EDP systems.

Coverage includes general purpose computers and peripherals, mini and micro-computers, application and systems software, data communications facilities, equipment and services.

Each volume contains a comprehensive directory of companies, product reports with user reactions, price data and specification tables which describe and compare product features.

Data World International is kept up-to-date with monthly supplements. It is available for consultation in the Reference department, (Call No. REF QA 76.5 A 7837).

Presenting Dr. D.R. Hofstadter

Pulitzer prize winning author, Dr. Douglas R. Hofstadter presents two public lectures at Brock Wednesday February 9.

The first lecture, at noon. is titled: "Visual translations of musical forms especially canons and fugues".

The second, at 8:15 pm, is called, "Can people think?".

Both lectures will be held in Th. 243.

Dr. Hofstadter, of the Dept. of Computer Science, Indiana University, is the author of "Godel, Escher, Bach: An Eternal Golden Braid". He is also the co-author (with Daniel Dennett) of "The Minds I".

Dr. Hofstadter also writes the Metamagical Themas column in the journal, Scientific American.

Admission to Dr. Hofstadter's lectures by ticket only.

Tickets are free and may be obtained by contacting J. Mitterer, Psychology, ext. 467.

Astronomy lecture

"Alien worlds; Saturn and Mars" is the topic of a talk given by Paul Deans from the McLaughlin Planetarium, Toronto on Tuesday Feb. 8.

The lecture begins at 7:30 pm in Th 242.

Pitchpoled off "Dove"

The Bushnell family narrate a slide presentation on their recent round-the-world sailing trip on Friday February 25.

Sailing their yacht "Dove", their voyage was featured in a recent article in Canadian Yachting magazine.

Part of their adventure around the world included being pitchpoled (capsized) off the Cape of Good Hope.

The presentation begins at 8 pm in The Theatre.

Tickets are \$4/person. They're available at the Box Office or in the office of the Dean of Social Sciences, ext 426. All proceeds go to the Canadian Olympic sailing team.

Where is Sophia?

Prof John Mayer of Brock's department of Philosophy delivers a lecture on "Where is Sophia?" on Friday, Feb. 4.

The talk begins at 7:30 pm in the Alumni Lounge, 13th floor, Brock Tower. All are welcome.

Bookstore sale

The University Bookstore's annual sale began Tuesday Feb. 1.

The book sale is held on the lower (textbook) level of the store.

Computer demonstration

There's a word processing demonstration on the Radio Shack color computer on Friday Feb 4.

The Dean of Social Sciences, L. Soroka, has booked the Micro Lab (E321) in response to a number of requests to see demonstrations of the various applications for the Radio Shack computers.

Other uses for the computers will be discussed at future meetings if the interest is there.

The Feb. 4 demonstration takes place at 3 pm.

Polar Bear run

For running enthusiasts there's the Polar Bear 10km cross-country run coming up Saturday March 5.

Coordinated by Al Pedler, Administrative services, the run involves six miles of rough terrain, hills and water.

Each competitor receives a souvenir racing cap and an invitation to a "Survivors party" at Alphie's Trough pub

In addition to an overall winner, prizes will be awarded according to age group.

There's a \$6 entry fee, \$7 post entry. Entries close March 1. For more information contact Al Pedler ext. 276.

Comedy of Errors

Shakespeare's "The Comedy of Errors" will be presented Thursday Feb. 17 to Saturday Feb. 19 in The Theatre.

One of Shakespeare's earlier comedies, the play deals with a combination love affair, two sets of identical twins, and a hilarious case of mistaken identity.

The production is directed by Anne Hardcastle and designed by Warren Hartman.

Performances begin at 8 pm. There's an afternoon production on Friday Feb. 20 at 1 pm. Tickets are \$2 at the Box Office.

Chinese night

The Brock Faculty and Staff club hosts a Chinese night on Friday Feb. 11.

Tickets are available from Club executive members. Cost is \$6/person for members and \$10/person for non-members.

Vancouver musicians perform

Ray Nurse (lute and viol) and Peter Hanna (wind instruments) of Hortulani Musicae from Vancouver conduct an informal workshop Tuesday Feb.8 at noon in The Gallery.

Dollar per course

Students at Brock University will be asked to donate a dollar per course toward the Brock University Science Development Fund.

If students approve the motion, decided by a referendum held Feb. 15, 16 & 17, more than \$100,000 will be donated to the science fund over a five year period.

BUSU (Brock University Students' Union) decided to hold the referendum following a presentation by science fund organizers at the last council meeting, Feb. 2. At the meeting the students' union was encouraged to become involved in the fund raising aspect of the science complex.

"I really think we'll have a yes", said Joanne Ursino, BUSU Minister of Publications and Communications.

"Council was really positive on the idea. With some good publicity, students will vote in favor of the idea. And they'll know where their dollar is going," she said.

In order for the motion to pass, referendum organizers need a 60 per cent response in favor of the idea out of the total taken.

Science fund organizers need \$4.5 million to complete the science project. More than \$1 million has been raised to date.

OCUA Financial analysis

In comparison with universities in other provinces, Ontario universities have fared poorly in terms of operating support and operating income from the provincial government.

That's one conclusion reached by the Ontario Council on University Affairs (OCUA) in an executive summary of the "Financial analysis of the Ontario University system - 1982."

The report, which outlines increases in operating grants since 1977-78, said that until 1982-83, universities in Ontario received a declining share of government expenditures.

"While this trend has been reversed for 1982-83, the universities remain unable to maintain the quality of service at the 1981-82 level, let alone recoup any of the shortfall of previous years," said the report.

Ontario universities ranked tenth in operating grants and ninth in operating income relative to the universities in other provinces in 1980-81.

"In order for Ontario universities to have been funded at the same level of operating grants per FTE (Full-Time Equivalent) student as the weighted average of the other nine provinces in Canada in 1980-81, the Government of Ontario, would have had to

provide an additional \$264 million in operating grants in that year alone", said the report.

In terms of faculty openings, the number of FTE faculty positions in Ontario universities has declined approximately two percent since 1977-78.

Mean salaries for full-time faculty increased 39.8 per cent, while the CPI rose 48.4 per cent.

"Furthermore, the mean salary of faculty in Ontario universities has lagged behind that of the Western provinces and Quebec even though the mean age of Ontario faculty is higher than that found in those regions," said the report.

The response of many universities to financial restraint has been to cut back on items such as equipment, furniture, library books, and periodicals. Expenditures in this area declined by about 16 per cent from 1976-77 to 1981-82.

Constraints on capital funding have been even more severe.

"From 1976-77 to 1982-83, government support for capital expenditures has fallen short of Council's total recommendations by \$18.6 million", said the report.

Although the Ontario government has undertaken a new capital funding initiative for 1982-83 by providing \$5.5 million under the BILD program, most of the money is channelled into upgrading existing facilities on campuses throughout the province.

The report concludes with a brief mention of budget increases for research in Ontario universities:

"In addition to the \$8.2 million provided under the BILD program in 1982-83 for the purchase of research equipment in science and engineering, the Government of Ontario has allocated \$1.78 million towards new or expanded research employment contacts with industry".

Dear colleague...

This issue of Campus News contains an enclosure: a letter from Dr. Alan Earp to Brock University faculty and staff.

The letter contains the cheering news that two years of enrolment increases at Brock means a 14 per cent increase in operating revenue for the University this year.

In terms of percentage increase in operating revenue, Brock will be leading Ontario universities.

Although economic relief for the University is expected to continue for another year, Dr. Earp said, "...it would be foolish to ignore either the difficulties that lie ahead for all Ontario universities and with which many of them are already confronted, or the economic environment which surrounds us".

The Press moves

Renovation plans at the University have forced the student newspaper, The Press, out of their 4th floor office, Brock Tower.

The demand for classroom space means the paper needs a new location. Although details have yet to be worked out, the proposal at this time is to make room for the newspaper in the area now occupied by BUSU and the video games.

The move would take place during the summer.

"There's no final agreement on the proposed move to the BUSU area yet", said J.B. Owens, president of the students' union.

The area could eventually house student radio operations as well.

Thanks for the Wintario tickets

More than 400 tickets have been given to the Library following its request for old Wintario tickets to help purchase Canadian books.

If the tremendous response continues, the Library could net up to 10,000 tickets since the Wintario Half Back program is expected to continue throughout 1983, said James Hogan, University Librarian.

Under the program, non-winning Wintario tickets are worth 50 cents each against the purchase of books by Canadian authors.

Tickets given to the Library will help stretch the acquisitions budget for more books.

Tickets can be dropped into the collecting boxes at the Circulation desk, Main Library and in the Instructional Resource Centre, COE, or sent to the Library, Rm 214.

Elevating wheelchair in Library

A special elevating wheelchair is now available for use in the University's Library.

The wheelchair, designed by members of Brock's Chemistry department, and funded substantially by Imperial Oil, alleviates problems in consulting catalogues and reaching books on high shelves.

Those who require use of the chair should contact Janette Auer in the Reference department.

Canadian music today

A lecture on Canadian music and composers will be delivered by John Miller, Director of the Canadian Music Centre, Tuesday Feb. 15.

The lecture is part of the Lunch Hour concert series put on by the Fine Arts department at the University.

The lecture will be held at noon in The Studio.

Lecture on Niagara prehistory

"Niagara prehistory from archaeological faunal bones" is the topic of the lecture given by Prof Howard Savage on Sunday Feb. 13.

The lecture, sponsored by the Niagara Peninsula Society of the Archaeological Institute of America, deals with methods used in studying and analyzing animal bones found in excavations in local areas.

Prof Savage teaches Zooarchaeology at the University of Toronto.

The lecture begins at 3 pm. Admission for A.I.A. members and students is free; for others \$2.

Speaker series

Don Ziraldo, president of Inniskillin Wines speaks on "The Entrepreneurial Spirit" at the Pond Inlet on Thursday Feb. 17.

Mr. Ziraldo is one of a series of speakers lined up by the School of Administrative Studies and the Administration Club.

The talk takes place at 7:30 pm. Free tickets are available in the Administration Dept., rm 206.

Class and regionalism

Prof Carl Guneo from McMaster University presents a lecture on Class and Regionalism on Friday Feb. 11.

Sponsored by the Politics and Sociology Clubs, the talk takes place in the Alumni Lounge at 1 pm.

Valentine's pub night

A Valentine's Day pub night is being held Monday Feb. 14.

Sponsored by the Part Time students' association, the event begins at 9 pm in the Faculty Club, 13th floor, Brock tower.

Dean wanted

The University of Alberta is looking for a Dean of Graduate studies and research.

The position begins July 1, 1983.

Interested individuals should send a resume by March 1 to Vice-president (Academic), University of Alberta, Room 3-5 University Hall, Edmonton, Alberta, T6G 2J9.

Publications

UNIVERSITY**
REGION NIAGARA

Office of the President
February 10, 1983

416/688-5550

St. Catharines,
Ontario L2S 3A1
Canada

Dear Colleague,

Letters such as this have often had an ominous ring, containing as they have repeated exhortations to further fiscal restraint. This year, however, we are starting to reap the benefits of that restraint and, in terms of the percentage increase in operating revenue, will be leading the universities of Ontario. The expected 7.5% increase in government grants will mean somewhat less than that for several universities, but, as a result of the enrolment increase of the past two years, it will generate about 14% for Brock. While this may not endear us to colleagues in other institutions, nor to those in more depressed sectors of the economy, it is very gratifying for us.

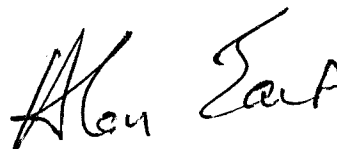

Since salary increases have been limited by law, we are able to estimate our overall expenditure much more accurately than is usual at this time of year. 1983 will not be the millenium but it will be a year in which we should be able to wipe out the accumulated deficit and make significant improvements in the non-salary sector, which has been so severely eroded in recent years. There will be increased appropriations for library books and equipment and some increase in departmental operating budgets. Were it not for the deficit, these increases would be more substantial.

I expect that this relief will continue for another year, but it would be foolish to ignore either the difficulties that lie ahead for all Ontario universities and with which many of them are already confronted, or the economic environment which surrounds us.

At Brock, by a combination of good fortune and our own efforts, we have earned a respite which will allow us to consolidate and improve on our position, but it is only that. Applications continue to increase, but we are reaching our enrolment limits and cannot expect above-average grant increases indefinitely.

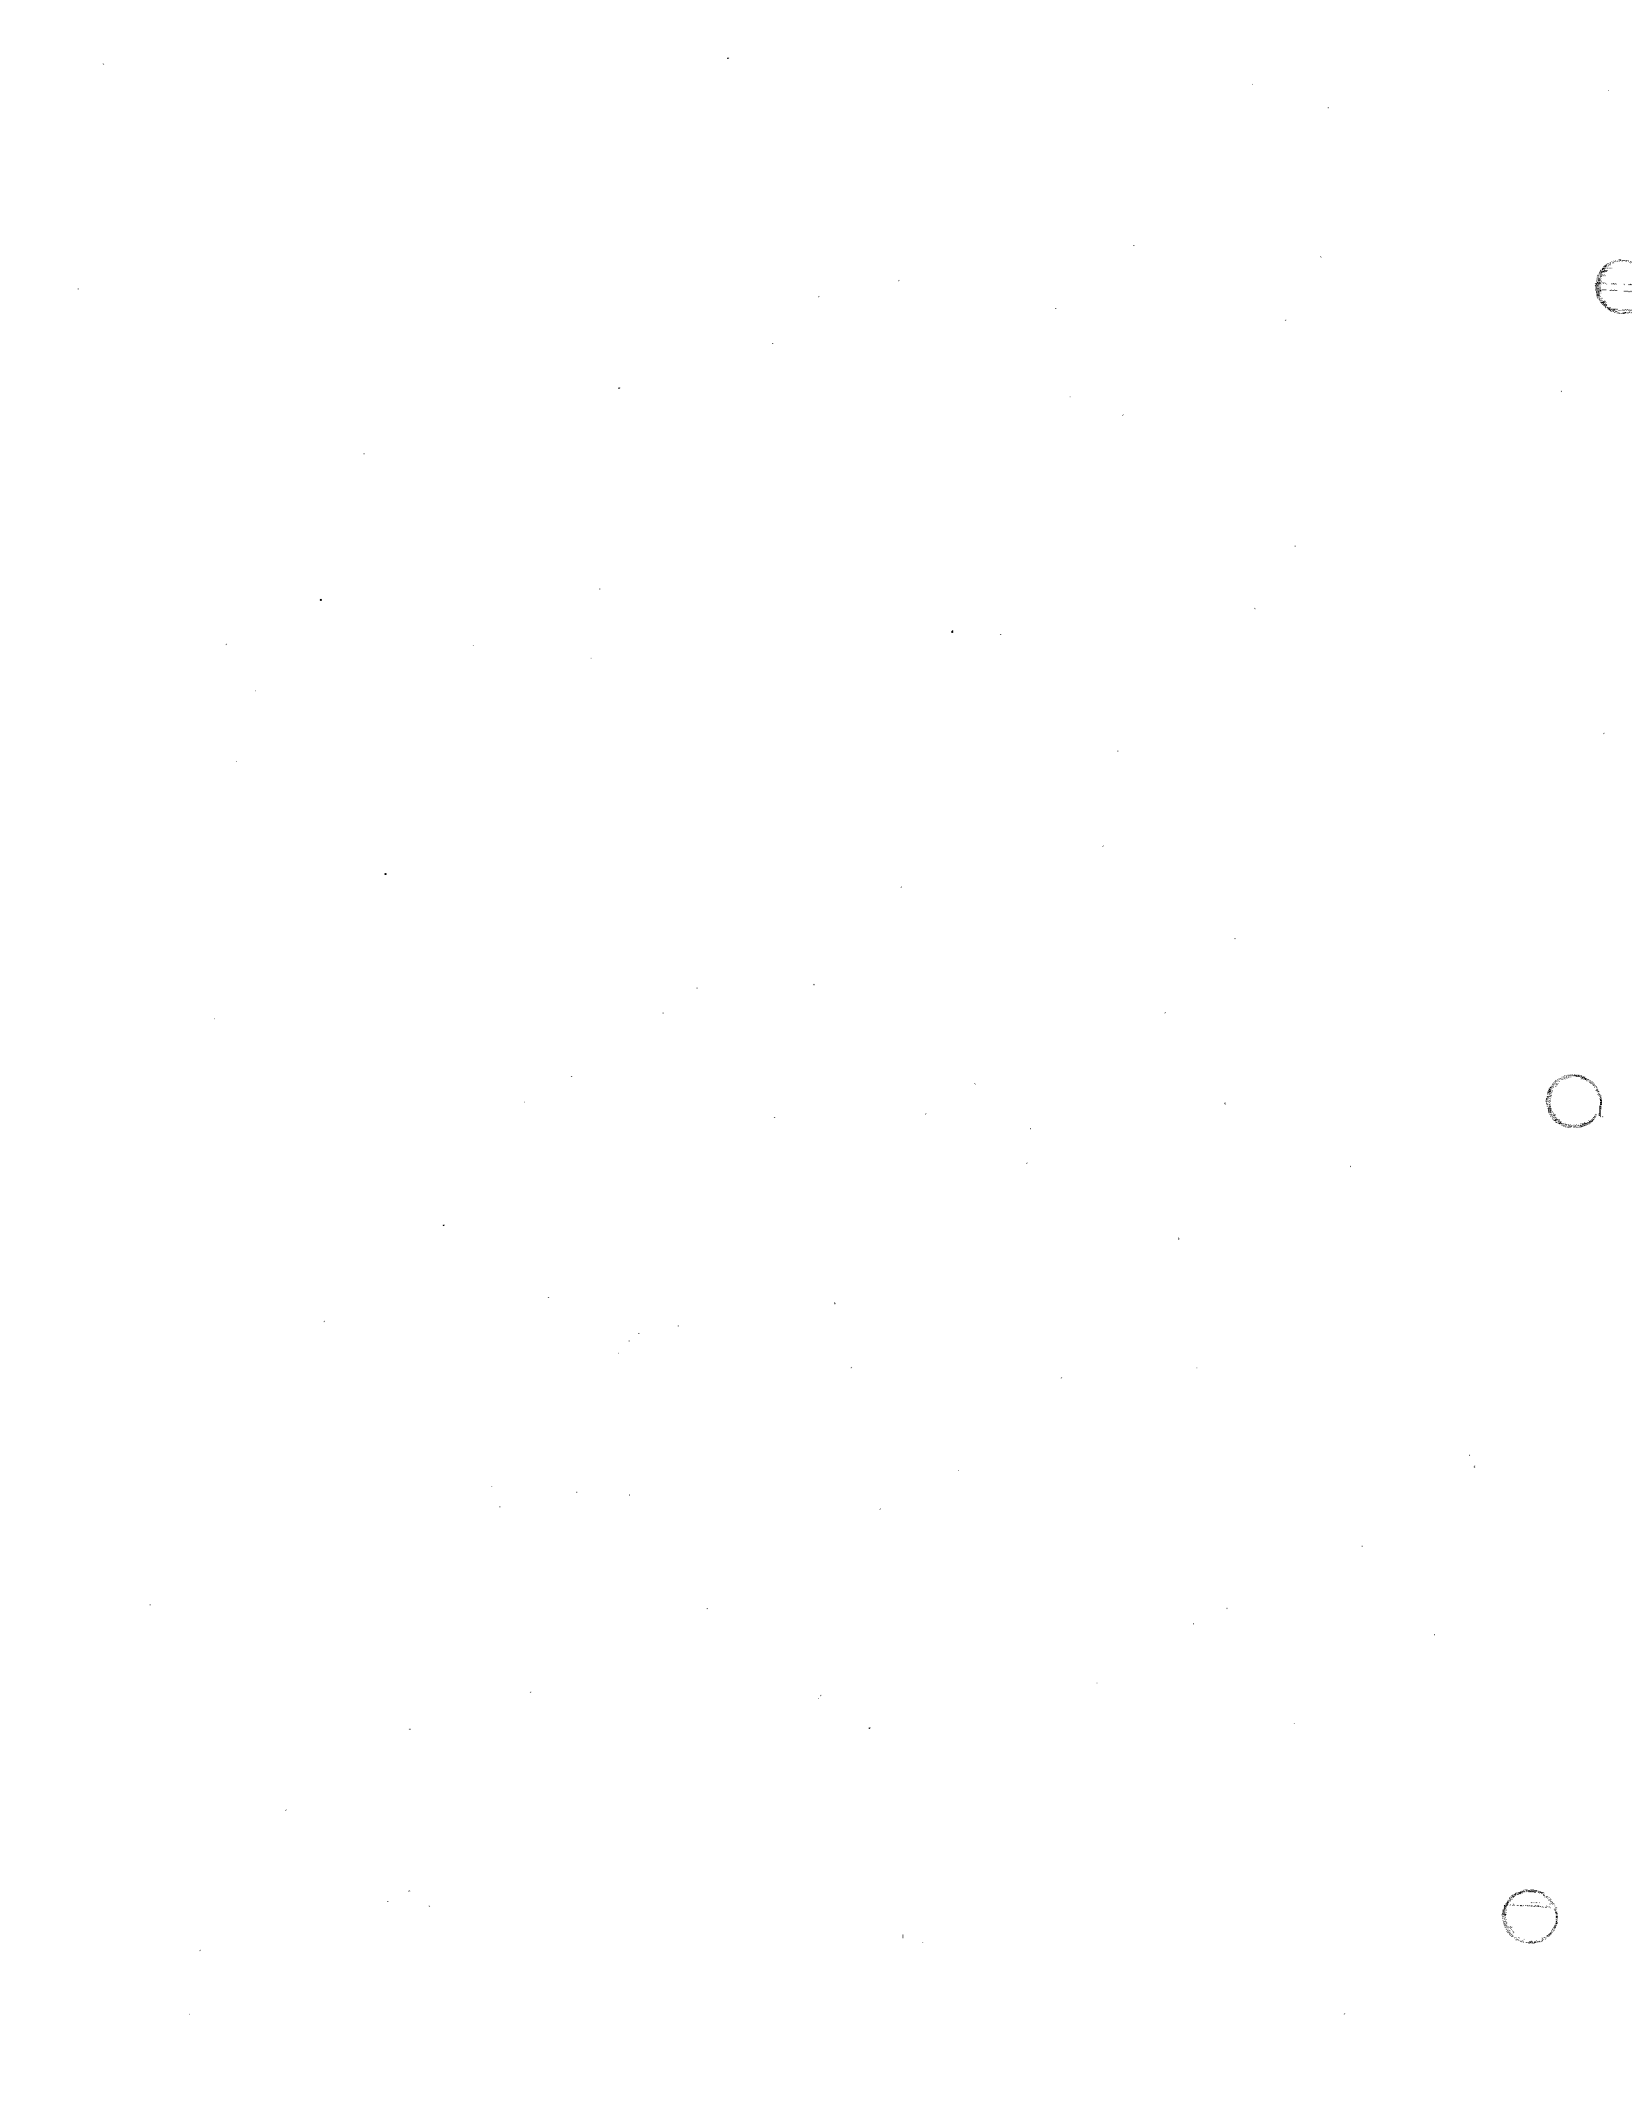

To all those faculty and staff who have contributed to this improved position by doing their particular job particularly well, I should like to express my thanks.

Yours sincerely,

Alan Earp, President

Favorites from home...

Brock students dining in the University cafeteria are in for a treat in late March - a buffet dinner featuring recipes from home.

Letters were sent out early in the year to a cross-section of parents asking them to list favorite recipes from home.

"We've received a number of interesting replies," said Bruce Delo, Saga Food services manager.

Some of the recipes featured include: Butterscotch upside-down pudding, Hamburger hash, Home-glazed chicken wings, Beef balls deluxe and Snickerdoodles.

A buffet-style dinner featuring some of the recipes sent to Saga will be held one evening in late March said Mr. Delo.

Funding freeze tempered

The funding freeze on new undergraduate "core" arts and science programs has been temporarily suspended said Dr. Bette Stephenson, Minister of Universities and Colleges in Ontario.

Dr. Stephenson made the announcement earlier this month following a report by OCUA suggesting the freeze on the programs be lifted.

In a written response to the OCUA recommendations, the minister also said that if a university wanted to start a new program

in a particular area, it must be willing to consider tradeoffs in other areas.

OCUA and ministerial approval are required for all new professional, quasi-professional and special programs.

Acting president ...

Prof Bill Matheson is the University's acting president as of Thursday Feb. 17.

Dr. Alan Earp is on extended leave until May 15.

Corporate sector/higher education forum

Corporate chief executives and university presidents meet in Montreal this spring to discuss the feasibility of establishing a Canadian corporate sector/higher education forum.

The one-day in-camera session hosted by Concordia University provides participants with the opportunity to exchange views on topics such as education, research, job training, Canadian economic development, social trends and international affairs.

Swinghammer exhibit

Watercolor and acrylic paintings by Niagara artist Kurt Swinghammer are now showing in The Gallery, Brock Centre for the Arts.

Mr. Swinghammer's show consists of his latest watercolors and acrylics using a technique of dripping the paint onto the canvas or paper.

The show runs through to March 15. There's a special "Meet the Artist" reception on Tuesday March 1 from 7:30 pm to 10 pm.

"Some like it Cole..."

The musical revue, "Some like it Cole, the sassy songs of Cole Porter" appears in The Theatre, Brock Centre for the Arts, Sunday Feb. 27.

Direct from New York, the revue features the Woolley Sisters, a fictional 1940s-styled singing trio. A number of favorite Porter songs are featured.

The performance begins at 3 pm. Tickets are available at the Box office. Prices are \$9/adults; \$6/student & seniors.

Philosophy colloquium

Prof John Nota of Brock's Philosophy department speaks on "Edith Stein, Some aspects of her philosophy", Friday Feb. 18.

The talk takes place at 3 pm in the Alumni lounge, 13th floor, Brock tower.

Off on the 25th...

Faculty and staff are reminded Friday Feb. 25 is a University holiday.

Offices will be closed, with the exception of departments who have made commitments for the day. The Library will also be open.

25 February 1983

8.6 % overall; 14 % for Brock

Provincial government funding for Ontario universities has increased by a total of 8.6 per cent for 1983/84.

That was the word out of Queen's Park on Feb. 15, when Dr. Bette Stephenson, Minister of Colleges and Universities announced more than \$1 billion was slated for Ontario universities this year.

The \$1,113,500,000 figure is \$77,000,000 more in regular operating support than the 1982-83 allocation.

The government will also provide a further \$12,000,000 in a special, one-time grant toward equipment expenditures for universities and related institutions.

That means a total 8.6 per cent increase in funding for universities over the 1982/83 figures.

The equipment grant will be distributed pro rata to 1982-83 operating grants.

Institutions will be asked to give high priority to equipment improvements in programs in science and engineering.

Fees for visa students at the graduate level increase by 5 per cent, in keeping with the government's inflation restraint program.

The Minister said universities are also requested to keep tuition fee increases at the 5 per cent level.

Although the Ontario Council on University Affairs (OCUA) said an 11.8 per cent increase in operating grants was required by the province's universities to maintain effective operations, OCUA has endorsed the 8.6 per cent funding increase.

"The universities do, however, appreciate that an 8.6 per cent increase in support for 1983/84 represents a serious commitment to the university sector on the part of government in the present climate of fiscal restraint", said a media release from OCUA offices, Feb. 15.

For Brock University, as a letter from Dr. Alan Earp to all faculty and staff recently indicated, increased enrolment at the University means an increase in operating revenue of almost 14 per cent.

"Generally, funding levels for all Ontario universities is tight", said Terry Varcoe, vice-president, Administration at Brock.

"However from our point of view, (increased enrolment) has meant better than average funding for the University this year", he said.

Administrative appointments

The University's Board of Trustees approved two administrative appointments at their meeting Feb. 23.

John Bird, is now Director of Development and Roger Reynolds is Part Time Programs Officer.

Both positions are effective March 1.

Mr. Bird, former Director of Part Time Studies, continues the campaign to raise \$4.5 million for the Science Development Fund.

The fund raising campaign, in place since 1982, was directed by consultants Gordon Goldie and Associates of Toronto. In continuing the work begun by the consultants, Mr. Bird also establishes a permanent development office for the University.

Mr. Reynolds, under the direction of Mr. Bird, assumes responsibility for Part Time Programs. He is the former Supervisor of Printing Services and Stationery Stores at the University.

The Development office will be located in Thistle 263B.

Mailroom musings

Once again this year mailroom personnel will deliver income tax returns, postage-free, to the local office on Church Street in St. Catharines.

The service begins March 2, and operates Mondays, Wednesdays, and Fridays until the end of April.

Postage rates up

From the mailroom comes another reminder: postage rates have increased.

It now costs 32 cents to mail a letter or post card in Canada. To send to the U.S.A. the rate is 37 cents and the international rate is 64 cents.

For overweight letters up to 50 grams, the rates are 48 cents, 53 cents and 99 cents respectively.

Those wanting to check the weight of letters or parcels are invited to use the electronic scale in the mailroom, weekdays from 8 am to 9 am or 3:25 pm to 4:25 pm.

Athletes honored

Two Brock athletes were honored for their contribution to varsity basketball at ceremonies Feb. 19.

Doug Fast and Paul Treitz were presented with a framed collage of photos showing the Badgers at play.

The parents of both team players and their former high school coaches were also recognised at the ceremonies.

Doug and Paul graduate this year.

Psychology colloquium

Dr. David Reid of York University presents a talk titled "Adjustment to chronic illness from a psychological perspective" on Monday Feb. 28.

The talk will be held at 3 pm in the Alumni Lounge, 13 floor, Brock Tower.

Mime omnibus

Mime Omnibus performs at The Playhouse, Brock Centre for Arts, Friday March 4.

Members of the company, founded in 1970 by Jean Asselin and Denise Boulanger, have all studied at the mime school of Etienne Decroux in France.

Mime Omnibus offers a performance that incorporates color, sound, music, and movement.

Tickets are available at the Box Office. The performance begins at 8 pm.

Lampoon Puppettheatre

Brock Centre for the Arts presents Lampoon Puppettheatre, Saturday March 26.

The puppet presentation includes the music of four members of the Niagara Symphony Orchestra.

The performance begins at 2 pm. Tickets are on sale at the Box Office.

Eve Lambert profiled

Internationally acclaimed animation artist, Eve Lambert is profiled in a film shown in The Studio, Tuesday March 1.

"Eve Lambert" begins at noon. Admission is free. The film is one of a series of noon hour films sponsored by the Fine Arts department.

Search for Alexander tickets available

Those interested in viewing the "Search for Alexander" exhibit at the Royal Ontario Museum in Toronto can obtain a ticket from David Rupp, Classics, ext. 319.

The tickets are for Saturday March 12 and cost \$5 each.

Indian classical music

Indian classical music will be performed by Shambu Das, sitar, Tuesday March 8.

Presented by the Music division of Brock's Fine Arts department and the Ontario Council of Arts, the performance begins at noon in The Studio.

Geology photo contest

The Brock Geology club is sponsoring a photo contest March 3-11.

With a grand prize of \$25, there are nine first and second prizes of \$10 and \$5 respectively.

Categories include landscape, nature, people and black and white.

Entry deadline is March 2. Submit entries to Geology department, D445 or D442.

Brock welcomes

Alan Burrows has joined the staff at Saga as Food Services manager for the Tower cafeteria.

The position became effective Feb. 14.

Mr. Burrows, from St. Catharines, has worked in the food service industry for several years.

Polar Bear 10k run

Running enthusiasts are invited to participate in the Polar Bear 10k cross country run, Saturday March 5.

The course covers six miles of rough terrain. Each competitor receives a souvenir racing cap and an invitation to a "survivors' party" at Alphonse's Trough.

There's an entry fee of \$6; post entry fee of \$7. Entries close Tuesday March 1.

For further information contact Al Pedler, ext. 276.

Old and fine books sale

The annual book sale at Hannelore Headley's old and fine books store begins Tuesday March 1.

There's 30 per cent off most regular stock.

The sale continues to March 5. The store is closed on Mondays. It's located on 71 Queen Street, St. Catharines.

Faculty and staff notes

Classics

Prof David Rupp read a paper entitled "Athenian altars and Aegean schools of altar architecture in the Archaic period", at the annual meeting of the Archaeological Institute of America, in December.

Romance studies

The appointment of Prof J. Fernandez as chairman of the Department of Romance studies has been extended until June 30, 1984.

Urban and environmental studies

The Institute played host to a day-long workshop on "Intermediate technology for community services and development evaluation". Prof R. Hoover was workshop convenor.

Prof R. Hoover gave a lecture entitled "Observations on urban countryside planning" to students in horticultural science at the Ontario College of Agriculture, Guelph in February. The lecture was sponsored by the Wellington South local of the Christian Farmers Federation of Ontario.

Work futures forum

Unemployment and the uncertain future of work is the topic of a one-day community meeting held at Brock University, Saturday March 19.

"Work Futures" investigates the high unemployment rate in the region and provides a forum for community members to learn how to draw on their own resources to resolve problems.

The forum is modelled after community meetings in the 1800s when citizens gathered to deal with matters of common concern.

Keynote speaker is Eric Trist, professor of social ecology at York University. Prof Trist has been actively involved in organizations and communities such as Cape Breton, Shell Oil, General Electric, and Hawker Siddely.

Other speakers include Robert White, Canadian president of the United Auto Workers, John Houghton, president, The Ontario Paper Co., Sam Piott, chairman, Ontario Tender Fruit Producers' marketing board, Alan Cronkwright, president, Alliance of the Unemployed, and Robert Welch, Deputy Premier of Ontario, Brock MPP.

Registration begins at 8 am. Fees are \$10/person, \$5/senior citizen/student and no cost for unemployed workers.

The forum is sponsored by the School of Administrative Studies in cooperation with The Standard. For more information contact D. Austrom, ext. 719.

Gallup poll supports universities

A recent Gallup poll indicates strong support for universities among the public.

The findings of the survey, released in January, show public education has retained a high fiscal priority among Ontario residents. There is also strong support for either maintaining or increasing educational expenditures.

The survey found a majority of the Ontario public (55%) are satisfied with the educational system in general.

Only medical services and job creation were given a stronger claim on tax money than education.

For the educational system in general 78 per cent of respondents said that educational expenditures should at least keep up with inflation.

For universities 34 per cent of the respondents want increases above the inflation rate while 49 per cent want expenditures to keep up with inflation.

Sixty-eight per cent oppose laying off teachers and 60 per cent oppose reducing grants to universities.

The survey also found that a majority of respondents (53%) reject a restriction of access to universities and colleges through limiting enrolment to match the availability of jobs.

However, a majority (80%) would accept a

reduction in enrolment as a means of preserving the quality of university education in the face of declining future levels of funding.

Results of the Gallup poll are accurate within four percentage points, 19 times out of 20. The survey was sponsored by the Ontario Institute for Studies in Education (OISE).

Job openings hit record low

Job listings by 1,700 employers (excluding government and institutional openings) showed only 659 vacancies this year compared with 3,414 a year ago and 4,328 in June 1981.

The statistics are found in a recent quarterly report by the Technical Service Council (TSC) and reported in "Notes from AUCC".

The TSC said job openings for accountants, executives, engineers, scientists and other professionals plunged to a record low in December.

Forty large and medium-sized companies surveyed indicate only one-fifth as many graduates as in 1982 will be hired this year.

Interim manager for Print Shop

Dennis Coppard became interim manager of the Print Shop, effective March 1.

Dennis has worked in the Print Shop as a senior offset press operator for thirteen years.

He takes over for Roger Reynolds who is now the University's Part-Time Programs officer.

Second in the country!

Brock University's womens' basketball team

won the OWIAA provincial championship last week. Their 58-51 triumph over Laurentian gives them a berth in the national championships beginning March 3 in Winnipeg.

Nuclear plant excursion

A visit to the Pickering nuclear power generating station on Tuesday March 29 is being organized by Prof. F.P. Koffyberg and the University's Science Club.

Students will be able to see the construction of a new reactor and view its interior.

The bus leaves at 11:30 am from the Tower. The cost per person is \$6 (\$4 for Science Club members).

Interested students and staff are welcome. Sign up in Prof Koffyberg's office, Glenridge campus, rm 75.

East Indian night

The University's Faculty and Staff club is organizing an "East Indian night" gourmet delight on Saturday March 12.

Tickets cost \$6 per person for members; \$10 per person, non-members. They are available from Club executive members.

The dinner is held on the 13 floor, Brock Tower in the Faculty and Staff Club.

Alumni award for teaching

A reminder that nominations for the Alumni award for excellence in teaching will be accepted until March 15.

Teachers can be nominated by students, alumni or another faculty member.

Details are available by contacting Ginn Gilbert, Alumni officer, ext 251.

Historical archaeology at Brock

A report from Prof David Rupp of the University's Classics department states Historical Archaeology is alive and prospering at Brock.

The Jordan Pottery project is in its final stages with material excavated being prepared for publication.

That research is being funded by a grant of \$20,700 from the Ontario Heritage Foundation.

A study of 19th century potters of the Niagara peninsula includes the work of Jordan potter, Benjamin Lent.

That study was funded by a \$43,620 grant from the Canada Community Development program.

A computerized data base of 19th century tombstones of the St. Catharines and Welland federal ridings was funded last summer by the Summer Canada Employment program.

Peter van Asten assists Prof Rupp in the various projects.

The Aulos Ensemble

The Aulos Ensemble presents an evening of baroque chamber music in The Theatre, Friday March 11 at 8 pm.

The ensemble performs on both unaltered instruments of the period and exact replicas. They recreate a musical world where the extraordinary tonal colors and textures of old instruments were basic to the composer's art.

The combination of baroque flute and oboe, viola da gamba, baroque violin and cello, and harpsichord makes a vast range of performances possible.

Tickets are available at the Box office; \$9 for adults; \$6 for students/seniors.

Indian classical music

Shambhu Das performs "sitar" with two accompanists at The Theatre at noon on Tuesday March 8.

Mr. Das is a special lecturer of Indian music at the Academy of Eastern Fine Arts in Toronto.

He performs extensively in the United States, Canada and Europe. He is sponsored in part by the Ontario Arts Council.

Mixed media event

"Excerpts" from "Time and Light 11" will be performed by David Keane from Queen's University on Thursday March 10.

"Time and Light 11" is a program of five works for multiple slide projectors and synchronized electronic music on tape.

The mixed media event begins at 3 pm in The Theatre. Admission is free.

Mr. Keane also appears with the Niagara Arts Centre at 9 pm on Friday March 11. Tickets are available by reservation or at the door.

Faculty and staff notes

Psychology

Prof S. Sadava has been appointed consulting editor of the Journal of Consulting and Clinical Psychology.

Campus News is published by the Information and Liaison office, Thistle 265. The next issue will be March 11; copy deadline is March 4 at 3 pm.

BROCK UNIVERSITY CAMPUS NEWS

Volume 21, number 10

11 March 1983

More research money needed

The federal government needs to adopt an aggressive policy on research if it's to meet the demand for long-term job creation and economic growth in Canada.

That was the response of the 26,000-member Canadian Association of University Teachers (CAUT) to the announcement that funding for university research will increase approximately seven per cent for 1983/84.

"The government pays constant lip-service to the importance of research and innovation, and the need to educate young people in these fields in order to turn the economy around, but does far too little to bring in fundamental improvements in this area," said Ken McGovern, CAUT president.

"The rate of inflation in research," he said, "is running at about 20 per cent at the moment because of higher costs for supplies and equipment. An increase of only six or seven per cent just means that we will barely stay at last year's level, let alone hope for any real growth in research funding", he said.

University researchers began lobbying the government seven years ago in an effort to introduce a national research and development policy which would provide for long-term stable financing and growth.

"There is no way we can meet the increased demand for highly qualified manpower with these budget increases", said the CAUT president.

Central booking agency...

Conference Services now handles all room bookings for special functions.

A note from Vicki Lowenberger, Conference Services manager, states that faculty and staff wanting to book the Alumni Lounge, Faculty Club, Board Room, Senate, Pond Inlet or the College of Education Lounge can do so by calling Conference Services at ext. 369.

Bookings for non-academic functions held in academic space at the University can also be made through Conference Services.

"The centralization of bookings will facilitate the coordination of food and liquor services, meeting room reservations, and set-ups for non-academic events," said Mrs. Lowenberger.

Women Badgers loose in semi-finals

The University womens' basketball team lost its bid to become the national champions with a 60-42 loss to Bishop's Gaiters, on March 4th in Winnipeg.

The Gaiters went on to win the CIAU championship defeating the Victoria Vikettes 64-49 on Saturday.

The Badgers have enjoyed a successful season this year, ranking second in the country and winning the provincial championships on home court in February.

Grant for Prof Banfield

Prof. Frank Banfield of the University's Institute of Urban and Environmental studies has been awarded a grant of \$10,500 from the Department of Indian and Northern Affairs Canada.

The grant will be used to plan for the Fourth International Reindeer/Caribou symposium in Whitehorse, Yukon, August 22-25, 1985.

Prof. Banfield is chairman of the organizing committee for the symposium. The Conference secretariat will be located at Brock.

Missing issues...

The University Library is missing the following issues of the journal TESOL Quarterly:

1967 Vol.1, Nos. 1,2,3,4.
1969 Vol.3, Nos. 1,3.
1970 Vol.4, Nos. 1,2,3.
1971 Vol.5, Nos. 2,4.
1972 Vol.6. Nos. 1,2,3,4.
1980 Vol.14, No.4

Faculty or staff having copies of the above issues and willing to donate them to the library are asked to send them to the University Librarian, Rm 214. Library Tower.

Aztecs of Mexico

"The Aztecs of Mexico" is the topic of an illustrated lecture given by Prof. Peter Boyd-Bowman, Spanish teacher at SUNY (Buffalo), on Sunday March 12.

Prof. Boyd-Bowman discusses the Aztec culture at the height of its power. He looks into such areas as the historical background, the social organizations, and religious rituals.

The lecture is sponsored by the Archaeological Institute of America, Niagara Peninsula Society.

Admission is free for members of the A.I.A. and students. Others, \$2. The lecture begins at 3 pm, at Brock, Thistle 245.

Print shop closed

Faculty and staff are reminded the Print Shop will close April 4, 5, and 6 for the printing of examinations. No other printing work will be done at that time.

The Farm Show

"The Farm Show" opens March 10-12 in The Studio, Brock Centre for the Arts.

The play is based on the experiences of a group of actors visiting the farming community of Clinton, Ontario.

Directed and choreographed by Warren Hartman, the cast and crew is made up of students in the introductory theatre class at Brock.

Tickets are \$1/person. Available at the Box Office.

"Approaches to self"

"Approaches to self" is the talk given by Dr. Huston Smith of Syracuse University on March 11 at 8pm in the Alumni Lounge.

The lecture is sponsored by the Department of Philosophy and Institute of Urban and Environmental studies

Badminton cancelled

The gym is not available for faculty and staff badminton Friday, March 18.

Faculty and staff notes

Administrative studies

Prof D. Austrom recently gave an invited address on "Social support and familial workplace" to the provincial directors of the Canadian Mental Health Association and community representatives of the Mental Health and the Workplace project in Toronto.

College of Education

Prof J. Novak was the keynote speaker at the South Eastern Teaching Association convention in Medicine Hat, Alberta. in February. The title of his address was "Invitational Education: A Class Act".

Philosophy

Prof J.H. Nota gave two guest lectures at McMaster University, in February; one entitled "Max Scheler's development of his philosophy of religion" and the other, "Edith Stein, her life and her thought".

Urban and environmental studies

The Institute hosted a group from Oberlin College, Ohio, on an exchange visit to discuss Great Lakes fisheries and resource management in March. Oberlin and Brock students presented ten papers, chaired by Prof D. Egloff from Oberlin and Prof F. Berkes from Brock.

18 March 1983

Agriculture and farm life conference

"Agriculture and farm life in the Niagara Peninsula" is the theme of the Fifth Annual Niagara Peninsula History conference held at Brock this year, April 16 & 17.

The conference features a welcome address by Dr. Alan Earp, the University's president, and a number of area speakers.

Ronald Moyer, former chairman of the Ontario Grape Growers' marketing board speaks on "Niagara's Grape Industry: Evolution into world status"; Owen Scott of Landplan Collaborative Ltd., Guelph, on "The Rural Landscape of the Niagara Peninsula"; Alan Skeoch of Parkdale Collegiate Institute, Toronto, on "Agricultural implement manufacturing in the Niagara Peninsula"; and Dr. J.H.H. Phillips, formerly of the Entomology section, Canada Department of Agriculture Research Station, Vineland Station on "A History of Fruit Crop Research in the Niagara Peninsula".

Prof B.W. Thompson of Brock's Geography department is banquet speaker. His topic is "Climatic change in the Niagara Peninsula".

The conference features a field trip to fruit-growing areas and other farm operations in the Peninsula.

"It's the only conference of its kind held in Ontario", said Prof W.B. Turner, of Brock's History department.

"Last year the conference drew around 175 participants; we expect around that this year", he said.

For information regarding registration fees et al contact Prof W. Turner, ext 502, Prof J. Jackson, ext 205, or John Burtniak, ext 264.

More money for NSERC

Canada's largest single funder of university research and development, NSERC, has been given another \$18 million for 1982-83.

That brings NSERC's total budget to \$244 million for the year.

The additional funding is allocated for the purchase of scientific equipment. NSERC had requested \$24.5 million in supplementary funding last year.

Photo contest winners

Prof Peter Peach was the grand prize winner in the Geology Club's photo contest held last week.

The annual contest, open to faculty, staff and students, drew a number of entries in various categories. Winners in the slide and print categories were on display in the Senate chambers, March 7 - 11.

Judging was done by Audrey and Theis Bognar of Bognar Photography in Welland; and Wayne Farrar of George Buff Photography in Niagara Falls.

First place winners in each category were: people: Englok Lim; landscape: Peter Peach nature: Mel Perlman; miscellaneous: Mel

Perlman; black & white: Mel Perlman.

First place winners in the slide category were: people: Steve Rusk; landscape: Brian Parker; nature: Mel Perlman; and miscellaneous; Englok Lim.

Prizes for second, third, fourth and honorable mentions were also awarded for each category.

COE grant

The College of Education has received more than \$15,000 to undertake a pilot project assessing the needs of native education in the Ontario region.

The \$15,770 grant, from the Department of Indian and Northern Affairs, will be used to determine the development of a data base for the planning of native education.

Prof P. Atherton is the principal investigator for the project, which is under the direction of Dr. Lawrence Hewick.

Indians in the Library

The first four volumes of the Handbook of North American Indians published by the Smithsonian Institution, Washington, D.C. has been received by the University Library.

The set is an "encyclopedic summary of what is known about the prehistory, history, and cultures of the aboriginal peoples of North America".

Each volume includes an index and extensive bibliography.

The volumes in the Library are Volume 6 - Subarctic; 8 - California; 9 - Southwest; and 15 - Northeast. They are located in the Documents department - DOC USI SIH15.

Other volumes will be added to the collection as they are published.

An evening of baroque

A baroque concert, featuring Reinhard Goebel on baroque violin and Robert Hill on harpsichord will be presented in The Theatre, Brock Centre for the Arts on Wednesday March 23.

The program consists of Bach's lesser known compositions including the Adagio and Fugue from the Sonata in D Minor.

Goebel and Hill began playing together in 1981. The duo has performed in the United States and Europe. Their first recording, on the Archiv label of Deutsche Gramophon, will be released this fall. The recording features an set of the Bach sonatas for harpsichord and violin.

The concert is sponsored by the Brock Centre for the Arts, the Fine Arts department, the Bach Society of St. Catharines and Goethe Institute of Toronto.

Tickets for the concert are free. They are available at the Box office. The concert begins at 8 pm.

Musical zoo

The performance of "A Musical Zoo" by the Lampoon Puppettheatre on March 26 brings the 1983 Spring children's series to a close.

Two puppeteers and five musicians combine their talents to present a musical and visual treat for the whole family. The show is geared to stimulate the imaginations of children.

The program features a number of pieces including the Oriental "Tiki Tiki Tembo" as well as "The Ugly Duckling".

Musicians from the Niagara Symphony will be performing with Lampoon Puppettheatre.

Tickets are available at the Box office. The performance begins at 2 pm.

Work futures forum

"Work Futures", a one-day community meeting investigating the high unemployment rate in the region will be held at Brock, Saturday March 19.

The forum discusses the future of work and involves a number of speakers including Robert White of the United Auto Workers Union and Robert Welch, MPP for Brock.

For more information contact D. Austrom, Administrative studies, ext. 719.

BROCK UNIVERSITY CAMPUS NEWS

Volume 21, number 12

25 March 1983

Decisions, decisions...

Brock University's student body rendered a number of decisions last week:

The new president of the Brock University Students' Union (BUSU) for 1983/84 is Linus Hand.

Linus succeeds J.B. Owens who steps down April 30.

Student representative on the Board of Trustees is Chris Cushing.

Stuart Smyth and Iain Moncur were voted the Senate representatives.

Students also voted in favor (77%) of supporting the University's Science Development Fund with a dollar per course donation.

The donation will total \$100,000 over a five-year period.

More than a million dollars has been collected to date for the \$4.5 million science fund campaign.

Brock students also voted to remain unaffiliated with the Canadian Federation of Students (CFS).

Voting was conducted over a three day period, March 15 - 17. Turnout was described as "good" with approximately 1,200 students casting ballots on each issue.

OSAP funding increased

The Ontario Student Assistance Program (OSAP) has received an additional \$9.6 million, bringing total OSAP funding to more than \$119 million for 1983/84.

That was the announcement out of Queen's Park, March 7, by Colleges and Universities Minister Dr. Bette Stephenson.

Some of the increased funding will offset a five per cent tuition increase for Ontario universities and colleges.

A larger portion of the funding will be used to meet the increased cost of the Ontario Student Loan plan.

OSAP assists approximately 90,000 students annually.

Re-appointed for four year term

Prof Maurice Yacowar has been re-appointed Dean of the Division of Humanities for a four-year term beginning July 1, 1983.

The Senate endorsed recommendation was approved by the Board of Trustees, Feb. 22.

Senate election

The following faculty members have been nominated for election to Senate for 83/84:

U. Brand, R.S.G. Brown, R. Davis, H. Friesen, H.L. Holland, A.O. Hughes, B. Krushelnicki, W. Liddell, D.S. Lordahl, R.D. MacDonald, W. Mathie, J.P. Mayberry, B. McEwen, K.M. McKay, J. Michielsen, M.J. Miller, G. Nathan, J. Novak, A.V. Soady, D. Staniford, and H.R. Williams.

Ten faculty members will be elected to Senate on Wednesday March 30.

The poll closes at 5 pm on March 30.

Mailroom musings

Recent changes in postal regulations allow an envelope or package weighing under 500 grams to go "third class" only if the following conditions are met:

Its (the envelope or package) length is more than 38 cm; its width is more than 27 cm; its thickness is more than 2 cm; its length is less than 10 cm; or its width is less than 7 cm.

If the package doesn't meet the above criteria it has to go first class.

According to mailroom personnel, "the net effect for most departments at Brock is that you can retire your first class rubber stamps and forget about licking first class stickers".

University closed Good Friday

Faculty and staff are reminded the University will close Friday April 1 in observance of Good Friday.

BUFA meeting

The Brock University Faculty Association (BUFA) holds a general meeting Thursday March 31.

The meeting will be held at noon in the Alumni Lounge, 13th floor, Brock Tower.

Covered abroad

Faculty and staff travelling abroad are reminded they are covered for emergency medical care under the University's supplementary health care plan.

A note from Personnel Services states the supplementary plan covers full-time employees for emergency treatment outside Canada.

Hospital and medical expenses are covered up to levels which are customary and reasonable for the area where treatment is rendered.

Follow the steps outlined below when claiming such expenses:

In most cases, you will have to pay the full amount of the bill where treatment is given. Be sure to obtain detailed receipts which clearly indicate the diagnosis, treatment rendered, dates of service and name of the physician.

When you return, make copies of all receipts, as OHIP does not return any originals.

Send original receipts, along with a note that lists your OHIP number, mailing address and gives a brief description of the emergency to: Out-of-province-claims, OHIP, 25 Main Street W., Hamilton, Ontario L8P 4P9.

When OHIP returns your money, compare the amount received against the amount submitted. If there is a discrepancy, obtain a Confederation Life claim form and return it to Personnel along with copies of your receipts and the OHIP cheque stub.

The Critic at the Opera

Prof Arthur Jacobs, author, opera translator, and music critic, lectures on "The Critic at the Opera" on Thursday March 31, in The Theatre, 12 noon.

The need for collaboration

A conference on "The business community and the university: The need for collaboration" will be held in Edmonton, April 17-19, 1983.

The conference is jointly sponsored by CAUT, the Institute for Research on Public Policy, the Association of Academic Staff, University of Alberta, and the Confederation of Alberta Faculty Associations.

Agenda outline and registration forms are available from G. Nathan, Dept. of Philosophy, ext 323.

Work futures forum draws 400

The Work Futures forum held at Brock March 19, drew approximately 400 people.

More than 50 guest speakers were featured at the event which was structured to discuss the future of work and the consequences of unemployment in the area.

Various opinions by the speakers on solving the economic woes were offered, including rebuilding heavy industry to the development of small business.

The forum was sponsored in a cooperative venture by the St. Catharines Standard and the University's School of Administrative Studies.

Choir's final concert

The University's third and final concert of the season takes place Friday April 8.

The program consists of Brahms' Liebeslieder Walzer, Op. 52, folk songs, spirituals, and pieces for chorus with electronic sounds.

The concert begins at 8 pm in The Theatre. Admission is free.

Thesis defense

Two M.A. candidates from the Department of Philosophy present their thesis defense in March.

Mr. David Zulak presents "Method and truth in Madhyamika", March 24 in the Airport lounge. Prof G. Sprung is director.

Ms. Ann Rundle presents "The issue of truth in the thought of Martin Heidegger, March 31 at 2 pm in the Faculty Lounge. Prof Z. Adamczewski is director.

Interested members of the University are invited to attend.

To Pickering nuclear plant

The University's Science club and Prof F.P. Koffyberg are organizing a visit to the Pickering nuclear power generating station Tuesday March 29.

The bus leaves 11:30 am from the Tower. Cost is \$6/person; \$4/Science club member.

If interested contact Prof Koffyberg.

Philosophy and Asian studies seminar

"The notion of intrinsic value in Asian thought comparative perspectives" is the seminar topic, Friday March 25, 1:30 pm in the Alumni lounge.

Speakers include Profs R.E. Carter of Trent and G.M.C. Sprung, professor emeritus, Brock.

Respondents include Profs K. Sivaramen, McMaster and M. Husain, Brock.

Prof D. Sinha of Brock will be seminar coordinator.

The University community is welcome.

First lady of Manawaka

The film, "Margaret Laurence, First lady of Manawaka" will be shown Tuesday March 29, in The Studio.

Admission is free. The film begins at noon.

Invitation to vote

Five delegates will be chosen by the Welland Progressive Conservative party Monday April 18.

To vote or run as a candidate, memberships must be purchased by April 5. Voting will be held at Brock, Thistle 247.

Those who are 16 years of age and older and live south of the railway tracks in St. Catharines, Thorold, Fonthill, and Welland can participate.

For membership or information contact Juris Dreifelds, ext 480.

Collegiate reunion

The St. Catharines Collegiate celebrates its 60th anniversary reunion, October 7, 8, & 9, 1983.

Those interested in attending should contact Brock's mailman, Russ Plumley, class of '40, for registration forms.

Publications

RUPP, D.W., KELLER, D.R., eds., Archaeological Survey in the Mediterranean Area, British Archaeological Reports International series 155 (Oxford: 1983).

Brock honors athletes

Brock University honored its athletes at the Athletic Awards banquet March 24 at the Beacon Motor Inn.

Sharing the O'Keefe award for outstanding female athletic achievement were Candi Lohr and Kathy Richardson.

Candi, a member of the Badgers basketball team that won this year's provincial championship, was on both the provincial and national all-star teams and was named the leading scorer in the Ontario Womens' Intercollegiate Athletic Association.

Kathy, a winner of the 1981-82 O'Keefe award, set records this year in the provincial 400m and 800m freestyle championships. She was also the Canadian champion in the 400m individual medley, 800m freestyle, and 200m breaststroke, setting records in each event.

Kathy was named the female swimmer of the year by the Canadian Intercollegiate Athletic Union.

The Patricia Lowenberger trophy for outstanding male athlete of the year went to David Shemilt, a member of the University's swim team.

David set records in the provincial 200, 400 and 1500m freestyle events. He was selected as the Ontario University Athletic Association's Swimmer of the Meet in Championships.

David was also the Canadian champion in the the 200m and 1500m freestyle, setting a record in the 1500.

A number of awards for various athletic activities including tennis, wrestling, running, rowing and hockey were also given out.

There was a special presentation, the "Wyatt" Earp Memorial Magnum, for the women's basketball team.

The award, presented by the University's president, is given to a team or individual deemed the most outstanding. The women's basketball team was this year's provincial champion and a semi-finalist in the national playoffs in Winnipeg.

Research stipends suspended

Beginning May 15, the Social Sciences and Humanities Research Council of Canada (SSHRC) will suspend awarding research stipends in research grants programs until further notice.

The exception is the Strategic grants programs, and private scholars.

Furthermore, applicants for research grants will no longer be required to submit their requests in eighteen copies. The Council now requires six copies of each project.

For detailed information contact the Office of the Deans, Humanities and Social Sciences.

Math and sciences dean

The members of the Advisory Committee on the Appointment and Re-appointment of Dean, Division of Mathematics and Science are as follows:

Prof J. Rossant, chairman, Biological Sciences; Prof J. Black, Physics; Prof C. Laywine, Mathematics; Prof H. Williams, Geological Sciences; Prof S. Hartman, Chemistry; Prof D. McCarthy, Computer Science; Prof R. Knoop, College of Education.

The Committee will make its recommendations to the President. The Dean's appointment will be effective July 1, 1984.

The Library in April

The Library will maintain regular hours during the Easter weekend. Service points in circulation, reference and documents will be staffed; technical services however, will be closed.

In order to accommodate students studying for exams and finishing papers, the Library will extend its Friday hours of operation from 8:30 am to 11:15 pm. These extended hours of operation are in effect April 1, 8, 15 & 22.

Recalling all books

University library books on loan to faculty, staff and graduate students, having a return date of March 18/82 or earlier are subject to the Library's annual recall.

Books may be renewed at the time of return, unless required by other readers.

Faculty members who plan to be away on sabbatical or leave-of-absence next year or throughout the summer are reminded to return all library materials before leaving.

Latin mini-graduation

The fifteenth annual graduation for students in the Department of Classic's Saturday morning Latin program was held March 26.

Fifty students from area elementary schools were awarded certificates. Several students have now completed four years of Latin at Brock.

Performances in Latin and English were also featured.

Brock's Latin program is offered as part of the academic curriculum in three local elementary schools: Our Lady of Fatima (Grimsby); St. John's (Beamsville); and Canadian Martyrs (St. Catharines).

In response to demand, the University's Classics department will offer a summer school in Latin for highschool students.

Interested individuals should contact Prof A. Booth, ext 321.

Anyone for Greece?

There's a plan underway in the University's Classics department to arrange group rates for flights out of New York to Athens and return as cheaply as possible.

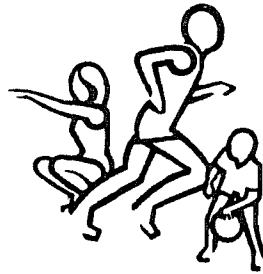

Prof D. Rupp, coordinator of the Department's Archaeological Practicum on Cyprus this summer is arranging the flights.

Lengths of stay would be approximately 4 1/2, 6 1/2 and 8 weeks.

Departures would take place between mid-June and early July with returns from mid-August to early September.

The more people who sign up, the cheaper the flight.

Interested individuals are asked to contact Prof Rupp, ext 319.

BROCK SPORTS SCHOOL

SESSION A
July 4 to July 15

SESSION B
July 18 to July 29

SESSION C
August 1 to August 12

Age Groups:
Boys and Girls
8 thru 13 Years

Daily Sessions
9:00 a.m. to 3:30 p.m. Monday thru Friday

Fee: \$62.50 per student (\$60.00 — 2nd child same family)

Students Provided: Sports School T-Shirts, Noon Milk, Hats, Towels, Lockers

Students Provide: Daily Transportation, Daily Sack Lunch, Shorts, Shoes, Bathing Suit

Enrolment is Limited in Each Session

Registration: Saturday, May 14th, 1983, 7:30 a.m., Physical Education Centre

***NOTE:** No advance registrations accepted by mail or phone. Parents or guardians must register their own children, in person, on May 14th

For Further Information: R.M. Davis, School of Physical Education, 688-5550 Ext. 383

Collegiate reunion

The Niagara Falls Collegiate Vocational Institute is holding a 90th anniversary reunion, May 27-29.

Former students interested in attending are asked to contact the school at 354-5637.

Welcome neighbors!

Alphie's Trough is holding a "Meet Your Neighbor Party" Thursday April 14, with the staff of the new Regional Niagara headquarters as guests.

The informal party is slated to begin at 4:30 pm. The staff at Alphie's and a social convenor at Regional headquarters have arranged a few surprises for the event.

Everyone is welcome.

University choir performs

The University Choir's third and final performance is scheduled for Friday April 8, in The Theatre, Brock Centre for the Arts.

The program features Brahms' Liebeslieder Walzer, Op. 52, folk songs, spirituals and pieces for chorus with electronic sound.

The concert begins at 8 pm.

BROCK UNIVERSITY CAMPUS NEWS

Volume 21, number 14

8 April 1983

It's an upward trend

March figures from Brock's Registrar's office indicate the University is alive, well and sought-after with a 19.5 per cent increase in admission applications.

The overall figure includes regular, advanced standing, and Grade 12 and 13 admission applications.

Brock's increase correlates with statistics recently released by the Council of Ontario Universities (COU) which show a 7.3 per cent increase in admission forms received by the Ontario Universities' Application Centre in March from Ontario Grade 13 students.

Applications from Grade 12 and 13 students listing Brock as first, second or third choice are up 26.3 per cent.

However, COU figures indicate the number of visa students applying to Ontario universities is down 6.8 per cent. Higher tuition fees are cited as the main cause for the decrease in this area.

Present economic conditions and widespread unemployment - and the prospects of unemployment - are named by the COU as determining factors in the decision of individuals to enter university at an increasing rate.

Program choices by Grade 13 students indicate applicants for arts and science programs are up 14.1 per cent and 17.2 per cent respectively - well above the system average of 7.3 per cent.

Engineering programs at most Ontario universities show the most marked decrease in applications - 8.3 per cent.

COU figures for other programs show architecture up 8.4 per cent; business administration stable; physical and health education up 11.5 per cent; forestry down 7.7 per cent; music up 8.7 per cent; nursing up 18.7 per cent; and pharmacy up 36.9 per cent.

Applications for a concurrent BA/BEd program is up 6.3 per cent, while applications from first degree holders applying for entry into the consecutive BEd program is up by more than a third.

They're on the Senate

The following faculty members have been elected to Senate:

For three-year terms (1983-86): Profs D.S. Lordahl, J.P. Mayberry, R.D. MacDonald, G.J. Nathan, and A.V. Soady.

For two-year terms (1983-85): Profs B. Krushelnicki, B. McEwen, J.A. Michielsen, M.J. Miller.

For a one-year term (1983-84): Prof J.M. Novak.

Each term begins the day following Spring convocation and ends the last day of Spring convocation of the respective year each member has been elected to.

A total of 161 ballots was returned from an electorate of 219.

Senate composition 1983-84

The Senate-elect for 1983-84 looks like this:

Faculty representatives:

For the term ending spring convocation 1984: Profs A.G. Arthur, M.D. Dickman, M. Husain, J.M. Novak and P.A. Peach.

For the term ending spring convocation 1985: Profs A.D. Booth, B. Krushelnicki, B. McEwen, J.A. Michielsen, J.M. Miller, and M.J. Miller.

For the term ending spring convocation 1986: Profs D.S. Lordahl, J.P. Mayberry, R.D. MacDonald, G.J. Nathan and A.V. Soady.

Members ex-officio:

Dr. R.S. Misener, chancellor; Dr. A.J. Earp, president and vice-chancellor; Dean P.J. Atherton, COE; Dean M.S. Gibson, Division of Mathematics and Science; Dean L.A. Soroka, Division of Social Sciences; Dean M. Yacowar, Division of Humanities.

Student representatives to Senate:

For the term ending spring convocation 1985: Iain Moncur and Stuart Smyth.

For the term ending spring convocation 1984: Jodie Louth and John McNeil.

Members by vote of Senate are John Bird, Director of Development and Ron McGraw, Registrar.

Representing the Board of Trustees are Mrs. J. Hunt and Mrs. V. McLeod.

Nominations deadline

The deadline for applications and nominations for the position of Dean, Division of Mathematics and Science is 5 pm, Monday April 18/83.

Applications and nominations should be counter-signed by the nominee and submitted to Mr. R.A. Nairn, Committee Secretary, 13th floor, Brock Tower.

A curriculum vitae should accompany each application. Format outline is available through the Deans' offices.

The appointment takes effect July 1, 1984.

It's still a secret

The names of professors judging research grant applications will remain anonymous despite the federal government's freedom of information law which takes effect this month.

A spokesman for the Social Sciences and Humanities Research Council said that body along with the Natural Sciences and Engineering Research Council have received an exemption.

A growing reluctance among research assessors to review applications for grants because their identities would be revealed under the Access to Information Act brought about the subsequent exemption from the Act.

Changes proposed for student loans

At a press conference held in Ottawa in March, a number of proposed changes in the Canada Student Loans Act were outlined.

Changes include guaranteed loans to needy part-time students; an interest relief plan for unemployed graduates up to a period of 18 months (both full-time and part-time students would be eligible); and increased weekly student loan limits to \$100 from the present rate of \$56.25.

Secretary of State Serge Joyal said the proposed changes would inject an additional \$60 million into the Student Loans Act over the next two years.

Parliamentary approval is required before the changes become effective.

The Secretary of State said he would undertake consultations with provincial ministers of education and lending institutions regarding the proposed changes. He emphasized the federal government forwarded the proposals on the condition the provinces would maintain their student aid support.

Money for student jobs

Ottawa and Ontario will spend a total of \$205 million this summer to create jobs for students.

The federal government has allocated \$170 million to the job creation scheme with Ontario throwing in \$35 million.

Approximately 70,000 jobs will be created under the federal program. The provincial program is looking at 50,000 jobs for young people including students.

Record unemployment across the country is the determining factor in the increase in funding provided by the federal and provincial governments for summer jobs.

Ottawa's student job creation fund has increased \$50 million over last year.

"Our summer employment programs will give a much needed boost to the student labor market and in many cases will enable young people to obtain valuable work experience that will prepare them for further employment," said Lloyd Axworthy, Minister of Employment and Immigration.

There were 1.6 million unemployed Canadians in January, a post-depression high.

Grant for medal winner

Carolyn Grayson, recipient of Brock's vice-chancellor medal at the University's spring 1982 convocation, has been awarded

a medical research grant valued at more than \$56,000.

Ms Grayson, who completed a Bachelor of Science in biology and psychology at Brock, is working on a masters degree in neurophysiology at the University of Toronto.

The grant, awarded by the Medical Research Council of Canada, allows for \$11,400 per year for a total of 5 years.

Ms Grayson is working on the plasticity of the neuromuscular system in the crayfish.

Teaching award to Prof Ursino

The 1983 Alumni Award for Excellence in Teaching goes to Prof Don Ursino of the University's Biological sciences department.

Prof Ursino was cited for his high calibre of teaching, relaxed and organized manner of instruction, and his availability to both students and the community at large.

The award, which comes with a \$250 honorarium will be presented to Prof Ursino at the Alumni Association's annual meeting in November.

Ambiguous images, figures...

The art work of Anne Severs. "Ambiguous images, figures and boxes" is now on display in The Gallery, Brock Centre for the Arts.

The artist's work has been displayed in various galleries throughout Ontario as well as England and New Zealand.

Now teaching at Brock, the artist has studied at the Bath Academy of Art in England, University of London, and Academia di Belli Arte di Brera in Milan.

The show runs through to April 24. Gallery hours are weekdays 10 am to 4 pm. It is sponsored by the Brock Fine Arts Committee.

Extension 717 only...

The Physical Plant department requests faculty and staff use extension 717 only when placing maintenance service calls

An Alphonie's welcome!

The staff of Regional Niagara's new headquarters, and faculty and staff at Brock University are invited to a "Meet Your Neighbor" party at Alphonie's, Thursday April 14.

The informal party begins at 4:30 pm. All are welcome.

Tory convention delegates

Welland Progressive Conservatives choose five delegates for the P.C. leadership convention in June on Monday April 18.

Voting takes place at Brock, Thistle 247 at 7:30 pm.

Registered Tory members are invited to vote. For more information contact Juris Dreifelds, ext 480.

Publications

LIDDELL, W.W., "Testing the Addition Hypothesis in Vroom's Force Model", Journal of Business Research, Vol 11. (1), March 1983. pp 21-32.

Faculty and staff notes

Counselling Centre

Les Myers presented a workshop on "Resistance counselling" to volunteers of Careline - the St. Catharines Distress Centre; the same presentation to the 1983 Regional CACUSS meeting in Mississauga in February.

Joan McCurdy and Marilyn Rose presented a workshop on "Job search methods" at the Work Futures forum held at Brock in March.

Cathie Closs participated in the training program for new volunteers for CARSA (the Niagara Region Sexual Assault Centre). Volunteers were provided with training in counselling skills for rape crisis intervention.

Information and Liaison

Doug Geddie, Director of Information & Liaison, has been appointed Canadian trustee for CASE - Council for the Advancement and Support of Education, based in Washington, D.C.

Philosophy

Prof J. Mayer has been appointed chaplain for the Shaw Festival community in Niagara-on-the-Lake, for the summer. Prof Mayer is chaplain for the Church of the Unitarian fellowship in St. Catharines.

Psychology

Prof E. Pomeroy delivered a colloquium, "Release from proactive inhibition in clinical groups" to the Psychology department in March.

Recreation and Leisure

Prof D. Staniford lectured on recreation and the family, as guest lecturer for the National seminar series presented by the Vanier Institute of the Family and Canadian Parks and Recreation Association in Toronto in March.

15 April 1983

Another round before regional council

Brock University has once again asked Niagara regional council to consider donating \$1 million to the University's science development fund.

At the April 7 council meeting acting president Dr. W.A. Matheson presented the University's brief to members.

"Brock is a good investment for the region", said Dr. Matheson.

With 70 per cent of the University's \$25 million annual budget spent on salaries, Brock is a sound contributor to the area's economy, said Dr. Matheson.

Councillor Bill Marshall, St. Catharines, said that taken over five years, a \$1 million contribution amounts to 51 cents per capita.

Council decided to send the request for funding to the finance committee.

The University placed a previous request for funding before council's finance committee in January.

"A decision on our request could come as early as Wednesday evening following council's meeting", said Bill Holland, science fund coordinator.

The science development fund now stands at more than \$1.5 million. Target is \$4.5 million.

Concern over visa student fees

An ad hoc committee, selected by the Striking Committee of Senate, will be formed to look into the problems visa students will have paying large tuition increases this year.

That motion, passed at the University's last Senate meeting (March 23), focused on the financial problems visa students face because of steep increases.

Dean R. McGraw, Student Services, said 230 visa students at Brock were affected by the increased fee.

As of this month, new visa students, those enrolled at Brock in the fall of 1982, or those not successfully completing 2.5 credits by Sept. 1982 will pay \$768/course. That's almost double the \$430/course, visa students who have completed 2.5 credits by Sept. 1982, are required to pay.

Dean McGraw said some visa students already enrolled in courses at Brock were not aware such increases were being imposed and would find it difficult or impossible to continue their studies.

He suggested the Senate do what it could to encourage the provincial government to change its policy by delaying increases for those who are already in course.

The ad hoc committee will draft a motion, to be sent to the government, requesting a roll-back in fees for visa students.

Donald Bent picnic site

Construction of a picnic site in honor of employee Donald Bent begins this week.

That was the word from Director of Administrative Services, Al Pedler, who said the concrete and natural wood area located on the knoll adjacent to the Thistle, and north of the Tower is slated for completion this spring.

The project was the concept and design of Gary Johnson, of the University's Physical Plant department.

Brock faculty and staff raised more than \$2-thousand for the project. However, more capital was required to complete the project, thus causing a delay in the construction process.

Donald Bent was the University's mailman from 1969 to 1981.

COU wants 9.9 per cent

The Council of Ontario Universities (COU) is calling for a 9.9 per cent increase in basic funding for Ontario universities.

In a brief presented to the Ontario Council on University Affairs (OCUA), April 8, the COU said the suggested increase is "based on an extremely conservative funding model".

The 9.9 per cent increase "makes provision only to offset inflationary trends and to maintain present levels of service at Ontario universities for the expected student enrolment" (estimated at 3.2 per cent for 1983/84).

The increase doesn't include such things as funding for improvements in university teaching, research, or community service. Nor does it patch the gap in funding required to catch up to past levels of support.

The COU brief also states that on a nation-wide scale, Ontario's grants per student are in tenth and last place.

The province now stands approximately \$1500 per student behind the rest of the country.

The brief urges the province to take a hard look at university affairs and concludes that "short-term financial hardship on the Province's part today cannot stand as excuse for continuing neglect of the issues surrounding the future role of universities in Ontario".

Library on film

The University Library has produced a 7-minute orientation film designed to provide a general introduction to library services and collections.

Faculty members are invited to view the film which will be shown in the Special Collections Room (2nd floor of the Library).

Show times are Tuesday through Friday, April 19, 20, 21 and 22 at 10 am and 2 pm.

The Library commissioned the film in order to let students know what resources and manpower are available to them.

Faculty are invited to use the film in class when discussing research requirements or term papers.

The film will be available in a number of formats including 16mm and videotape.

Requests for the film should be directed to Helgi Kernaghan or Linda Anderson.

Closed for inventory

The University's Bookstore and Badger Shop will be closed all day Friday April 22 for inventory taking.

Auditions, auditions...

The University's Department of Fine Arts calls all aspiring actors and actresses to audition for roles in the Brock play, "The Temptation and The Woman Taken in Adultery".

The play is part of a venture staged by theatre groups throughout Canada and the United States who will perform a three-day recreation of the Chester Cycle of Mystery Plays, May 21-23.

The cycle of 25 plays is being performed on colorful pageant wagons, just as it was in medieval Chester in England.

Performance date for the play is Sunday May 22. Audition date is Monday April 18 at 1 pm in BT105.

For more information call Robert Nunn, ext 212 or Warren Hartman, ext 211.

Stats from the Library

From the Library comes the following piece of information:

"In 1918, in Canada, 124 tobacco products plants produced 160,593,000 cigarettes. By 1948 the number of plants had dropped to 62 while production rose to 16,071,779,000 cigarettes. In 1978, only 17 plants produced 64,151,900,000 cigarettes.

These facts and many more can be found in the Library's recently acquired microfiche collection of Statistics Canada publications on the Food, Beverages and Tobacco industry, 1918-1969 (more recent figures are available in paper copy publications).

The collection, which includes a copy of all publications in Statistics Canada's 32 catalogue series issued in this time period, is located in the Documents department of the University Library.

Early Chinese painting

An illustrated lecture, "Archaeological discoveries related to the early history of Chinese painting" will be given by Prof Richard Vinograd of Columbia University on Sunday April 10.

The 1970's saw a steady stream of major discoveries in field archaeology in the People's Republic of China. Finds related to bronze-age culture, Ch'in dynasty sculpture, and the history of Chinese ceramics were especially plentiful and well-reported.

Prof Vinograd's lecture provides a broad overview of these recent discoveries, and will focus on such areas as 3rd and 2nd century B.C. silk paintings from Ma-wang-tui, 1st and 2nd century A.D. funerary wall paintings, and themes and styles of the Six Dynasties period.

Prof Vinograd's lecture is the last one presented by the Niagara Peninsula Society of the Archaeological Institute of America for the season.

The lecture begins at 8 pm in Thistle 245.

Free admission for A.I.A. members and students; others \$2.

Maintenance service calls

The Physical Plant department asks faculty and staff to dial ext 717 only when asking for maintenance service.

Join the fitness fad...

Fitness instructor Charlotte Sutcliffe reminds faculty and staff, noon-hour fitness classes continue through to mid-June; Mondays, Wednesdays and Fridays in the Dance Studio. Fee, \$15.

Faculty and staff notes

Chemistry

Profs M.F. Richardson, E.A. Cherniak, M. Chiba, M.S. Gibson, J.S. Hartman, H.L. Holland and R.R. Hiatt have been awarded \$53,200.00 by the Natural Sciences and Engineering Research Council for the purchase of a Fourier Transform IR Spectrophotometer.

The new FTIR replaces three aging IR spectrophotometers in Chemistry, and will be used for research by the Chemistry faculty and their students.

Prof Mary F. Richardson has been awarded \$14,700 by National Health Research and Development program for the construction and testing of a motorized variable-height wheelchair. The developmental work will be done in conjunction with Crecco's Mobility Systems for the Handicapped.

Profs Gibson, Hartman, Holland, Miller, Moule, Richardson and Rothstein received operating grants totalling \$125,740 from the Natural Sciences and Engineering Research Council.

Prof J.M. Miller received a BILD matching grant of \$12,000 for analysis of phosphines. He also received \$8,000 from Imperial Oil for FAB mass spec of organometallics.

Counselling Centre

Les Myers and Cathie Closs conduct "Group Skills" training sessions for the volunteer trainers at Mental Health Lincoln.

Cathie Closs conducted a workshop for members of CARSA (Committee against Rape and Sexual Assault) on the subject of "Counselling tools and strategies for decision making and behavioural change".

Joan McCurdy gave a presentation to the Career Counsellors group on the subject of "Difficulties in career counselling".

Geography

Prof J. Menzies has been awarded \$9,000 from NSERC for research into subglacial sedimentological environments.

22 April 1983

Brock hosts OCUA spring hearings

The Ontario Council on University Affairs (OCUA) held the third of its scheduled spring hearings this year at Brock University, Friday April 15.

The Council, which assesses Ontario universities on an annual basis, and serves as an advisory board to the provincial government, holds a series of spring hearings at which time various universities are queried as to their financial outlook, enrolment data, and general operating procedures.

Brock was lauded for its increased enrolment which shows a 55.9 per cent increase over a five-year period. The increase for the universities system overall is 15.6 per cent over five years.

Dr. Alan Earp, the University's president, welcomed Council to Brock and began the session with an overview of the University's present situation.

Stating that a few years back Brock was "the underdog determined to remain competitive", Dr. Earp went on to point out that "in 1983 there's less of the underdog about us".

"An extraordinary productivity has taken place at Brock over the past five years," said Dr. Earp to Council members.

He went on to cite the progressive research taking place in the sciences at Brock, Biologist Janet Rossant's award-winning research into embryo development, and the construction of the science

building on the DeCew campus as positive aspects of the sciences at the University.

Increased enrolment appears to have more stringently enforced admission standards at the University as opposed to detracted from the standards, and although space is of premium quality these days, Dr. Earp said classes were being fairly well accommodated.

Acknowledging that some programs (especially in the arts and humanities) were suffering from underfunding, Dr. Earp nonetheless said Brock was able to function adequately with the provincial funding scheme for universities presently in use.

"Uniformity of opportunity and uniformity of quality have been part of the university system in Ontario for a long time, and I would be reluctant to see that change," said Dr. Earp in response to a query on the government funding for universities in general, and student loan programs in particular.

"Accessibility is the main aim of the university system," said Dr. Earp.

However Dr. Earp did admit to a certain "frustration over ministerial discretion as to how to distribute funds" and suggested that perhaps OCUA would be a more effective body in the proper dispersion of capital funds.

Following the Brock presentation, the Council also met with representatives from the University of Guelph, McMaster University, and the University of Toronto.

OCUA meets again at the University of Windsor on April 29.

Parliamentary internships for grads

Brock students Barb Holman and Autumn Watson have been offered parliamentary internships in Ottawa this year.

The two students, completing their Masters in Judicial Administration at Brock, have been offered two of ten positions allotted university students throughout the country this year.

Remarkably enough, both girls have also been offered provincial internships with the Ontario government for the same time period as the Ottawa posting.

Admitting to a "slight dilemma", Barb said the Ottawa offer appeared "a bit more attractive", although her final decision is still pending.

Both the provincial and federal internships are geared to provide government backbenchers with assistance during House sittings.

The program is also designed to supplement the theoretical knowledge graduates receive in university with the practical experience of working with MPs or MPPs on a daily basis.

Interns, whose posting begins in September and ends in June of the following year, spend half their time working for members of the present government and the other half for opposition members.

Their work includes researching various topics and writing speeches .

The parliamentary internships also provide a number of extra benefits including travel to various parts of the country as well as to Washington, England and Germany.

The federal internship program also includes a language training program for interested interns.

Interns are usually paid stipends of approximately \$9,000 to \$10,000 per ten month period.

Update on renovations

With construction on the new science complex proceeding according to schedule, renovations in the University's interior are also nearing completion.

New labs for the Geography department have been finished and drafting tables and other equipment installed. The labs are on the 4th-level, C-Block.

The English and Politics departments begin moving to their new quarters on the 3rd-level, A-Block on Monday April 25, said Mike Little, Physical Plant projects engineer.

Painting and the installation of electrical systems continues on the second level of A-Block (formerly the Registrar's office). Administrative studies and Sociology are slated to move into the area.

Restructuring education program

The Ontario Association of Deans of Education (OADE) is calling for a significant restructuring of the province's teacher education program.

The OADE presented the report to the Council of Ontario Universities.

The submission proposes that Ontario's ten faculties of education maintain present enrolment levels - but spread the program over two years, with the teaching practicum increased from eight weeks to 16 weeks.

The deans said that formula funding losses in the transition year could be supplemented by a special government grant.

The report outlined three options: maintaining the status quo; cutting back on core programs; or expanding the pre-service teacher education program.

It concluded a full two-year teacher education model was needed to adequately meet the curricular, academic and organi-

zational demands called for by an ideal program.

Further information on the report can be obtained by contacting the OADE chairman, Louis-Gabriel Bordeleau, University of Ottawa.

Applications for Dean

A note from the Advisory Committee on the Appointment and Renewal of Appointment of Dean, Division of Mathematics and Science, states that the following application and/or nomination had been received as of April 11/83: Prof. A.H. Houston, Dept. of Biological Sciences.

Nominations received up to April 18/83 are posted on the Senate bulletin board, Thistle corridor, and Glenridge campus.

Faculty members are reminded that "for one week after nominations have been closed (April 18) comments in writing from individual members of the University community will be received."

The Committee members will then proceed with appointing a Dean.

Thesis defense

Philosophy student David A.I. Zulak defends his thesis on "Method and Truth in Madhyamika", Friday April 22 at 1:30 pm in the Senate chamber.

Prof G.M.C. Sprung is director.

Interested members of the University are welcome.

Dentistry fellowship for grad

A third year chemistry student, Yvonna Hrabowsky, has been awarded the Robert W. Woodruff Fellowship by the School of

Dentistry, Emory University, Atlanta, Georgia.

The fellowship offers full tuition for four years of dental school.

Where are the potatoe people?

Brock's resident theatre company, Theatre Beyond Words, is now in Kamloops, B.C., performing its potatoe people skit.

The company does a number of tours throughout the year.

Big book sale

The "Great Canadian Book Sale" featuring McClelland and Stewart titles at 50 per cent off retail price is being held at the University Book Store and area merchants throughout the Niagara region.

Save visa students

The Canadian Federation of Students (CFS) has issued a strongly worded statement calling for immediate ministerial intervention in visa student tuition increases.

"Every university in Ontario has willfully misinformed visa students about a 40 per cent tuition increase for the coming academic year...", said Jeanne Stephens, a researcher at CFS-Ontario.

More than 3,000 first-year visa students system-wide are affected by the increase.

The CFS is asking Minister of Colleges and Universities, Bette Stephenson to impose a 'grandfather' clause (retroactive exemption) on the increase for visa students who registered for the first time in September, 1982.

Costs for visa students have increased about 40 per cent this year.

29 April 1983

Bursary for visa students

The University's Finance committee has asked the Board of Trustees to approve an additional \$10,000 in bursary funds for financially strapped visa students.

The move comes in light of a 40 per cent increase in funds for visa students having less than 2.5 credits as of September 1982.

In a presentation before the committee, BUSU president J.B. Owens and vice-president, Mike Kerr stated, the 230 visa students at Brock directly affected by the increase had assumed they would pay the 5 per cent increase issued visa students currently enrolled in the system with 2.5 credits or more.

Foreign students without the necessary credits will pay \$768/course in 1983-84, visa students with 2.5 credits or more will pay \$430/course and Canadian residents will pay \$232/course.

The committee decided in favor of additional money for the bursary after declining to take action on two other alternatives offered by Mike Kerr: the University could subsidize the affected visa students through to the completion of their studies (approx. \$600,000); and the University could allow visa students to work on campus to help defer their education costs.

In response to the first suggestion University president, Dr. Alan Earp, said that although the University was in sympathy with the students, Brock has a substantial deficit and could not absorb the

substantial sums that would incur as a result of subsidizing the extra cost to the students.

Dr. Earp also pointed out the matter of foreign students working on campus was a federal government decision and did not rest with the universities.

The committee carried a motion "that the Board of Trustees of Brock University request that the Government of Ontario reinstate immediately, effective from April 1, 1983, the "grandfather clause", whereby beyond the levy of differential fees at their initial registration, foreign students are protected from any rate of fee increase that is in excess of the rate of fee increase to which Canadian students are also subject".

The visa student situation was discussed at the April 19 meeting of the Finance Committee.

1983-84 operating budget

The University's accumulated operating deficit of \$800,000 (incurred to April 30, 1982) should be "substantially reduced" with the implementation of the 1983-84 budget.

That was the word from Terry Varcoe, vice-president, administration, who told the April 19 meeting of the Finance Committee that the first draft of the new budget calls for a deficit reduction of \$500,000, which taken with the surplus of approximately \$200,000 from 1982-83, would almost remove Brock's operating deficit.

- & 28/Final examinations for first term half courses, spring evening session.

28

Residence facelift

With lawsuits on the tile spalling of the DeCew residences now terminated, the Building, Property and Facilities committee will begin looking at ways to permanently repair the residence walls.

That was the decision reached at the April 12 meeting of the committee.

Terry Varcoe, vice-president, administration, said approximately \$250,000 to \$260,000 was on hand to finance the exterior repairs.

The committee will look into three repair options: aluminum siding, split face block and standard brick.

Two for dean's position

Prof A.H. Houston and Prof R.C. Shukla have been nominated for the position of Dean - Division of Mathematics and Sciences, as of April 18/83, the closing date for nominations.

The Advisory Committee on the Appointment and Renewal of Appointment of Dean (Math and Science) accepts written comments from the University community for one week after nominations close. Comments are kept confidential and destroyed after the committee makes its selection.

Seminary ground breaking

Ground breaking ceremonies were held Sunday April 24 at the construction site of the new Lutheran Theological seminary.

The seminary, an 18,000 square-foot, multi-storey building is being constructed on the north side of the Brock campus, opposite the Shaver Institute.

The Thorold construction firm of Donn-Hope

has been chosen as contractors for the building with a \$1.01 million bid.

The seminary will be a tri-level building containing two classrooms, two seminar rooms, a chapel, a 36,000-volume library, a student lounge and an archive room.

It will eventually house 60 post-graduate students and four full-time and six part-time staff.

The building should be ready for occupancy in late November or early December.

Brock swimmers in World Games

Brock swimmers Kathy Richardson and David Shemilt are going to Edmonton this summer to compete for Canada at the 1983 World University Games.

Kathy and David qualified by swimming at the 1983 Canadian University championships in March. Their times were fast enough to withstand challenges from Canadian swimmers competing in the Canadian Open and NCAA championships.

Kathy will swim the 200m breaststroke and 400m individual medley; David will swim the 400m and 1500m freestyle.

The Games take place July 1 - 11.

Games head coach is Herb de Bray

As Head Coach of Canada's men's team, Brock University swim coach, Herb de Bray, is also heading to the 1983 World University Student Games in Edmonton this summer.

De Bray was selected Head Coach by the Canadian Amateur Swimming Association.

He has also been chosen Assistant Coach to the 1983 Pan-American Games in Caracas, Venezuela, August 16-23.

Faculty squash team winners

The Brock University Faculty Squash team is the 1983 Ontario Inter-University Faculty Squash tournament champion.

The team, consisting of Profs Al Wheeler, Joseph Kushner, David Staniford, Ian Haslam and Jon Radue, is coached by Jon Radue.

The tournament was played at York University, April 22. York came in second.

Bright "Ideas" wanted

Faculty members who think they might be working on something that merits exposure over radio airwaves are invited to submit their proposals to the CBC program "Ideas".

"Ideas" is a weeknight program covering a variety of topics in the sciences, social sciences, humanities and arts.

Subjects are explored throughout two to five hour documentaries.

Academics are asked to do the necessary interviews, shape the material and script and narrate their series with the assistance of CBC producers.

Series production is on a contract basis.

Interested individuals should contact: "Ideas", Geraldine Sherman, Executive Producer, CBC, P.O. Box 500, Stn A, Toronto, M5W 1E6 or phone (416) 925-3311, ext. 2084.

Ready to go for the 83/84 season!

There's some fine entertainment in store for patrons of the arts as the Brock Centre for the Arts announces its 1983/84 season.

The finest in national and international entertainment is scheduled for the Centre's 14th season.

Three different series are offered: Dance, Musical Theatre and Music.

The Dance series offers such fare as "Les Ballets Jazz de Montreal", "Jennifer Muller and The Works" and "Dancemakers", a contemporary dance group.

Musical Theatre involves such attractions as "An Evening with Don Harron and Catherine McKinnon", "Mary Lou Fallis as Primadonna" and "Beth Anne Cole" presenting music from the theatre.

The Music series offers the "Paillard Chamber Orchestra", "Elmer Iseler Singers" and "The Oxford String Quartet".

The cost for each series is:
Dance: Adults \$30; students/seniors, \$21;
Music & Musical Theatre: Adults \$24; students/seniors \$18.

The Brock Centre also presents its ever-popular Children's series this year.

Featured in the autumn series is "Maria of Sesame Street", "Festival Brass" and "The Magic of Lynn and Jeff Nelson".

The spring series offers "Premiere, Premiere", "Eric Nagler" and "The Potatoe People".

The cost for each series is: Adults, \$12, children/seniors, \$9.

Films are divided into four categories for the 1983/84 season: International, Directors Beyond Hollywood, New Musical, and Special Children's.

The cost for each series varies from \$6 to \$10.50.

For further information regarding the Centre's 1983/84 season, contact the Box Office at 688-5475/6. Subscriptions for all series go on sale May 9.

BUFA meeting

The Brock University Faculty Association (BUFA) holds its annual meeting Thursday May 5 at noon in the Alumni Lounge, 13th floor, Brock Tower.

Print shop closed

The Print Shop will be closed Friday April 29 for annual inventory.

Arts and crafts sale

Artists and craftsmen from the Niagara region display their work at the Niagara Symphony Arts and Crafts exhibition and sale, April 28 - 30.

The show takes place at All Saints Hall, 5840 Robinson St, Niagara Falls; Friday April 29, 10 am - 9 pm & Saturday April 30, 10 am - 6 pm.

Admission is adults \$1; students 50 cents.

We're on summer time!

Campus News will be published biweekly beginning in May. The next issue is May 13. Although activity during the summer months decreases at Brock, the community is encouraged to continue submitting items of interest.

Publications

NAGEL, M.G. & KADE, W.H., "The role of pheromones in aggregation formation in carnal crickets, ceuthophilus secretus", (Orthoptera: Gryllacrididae); The Canadian Journal of Zoology, 6; 1983; pp 95-98.

TINKLER, K.J., "Charles Lyell in North America", Geographical Magazine, April 1983.

Faculty and staff notes

Chemistry

Prof Ian Brindle attended the National Science Teachers' Association Convention in Dallas, Texas where he presented his Chairman's report on the activities of the Committee on Handicapped College Science Students. While there he was elected president of the Science and the Handicapped Association, an affiliate of the NSTA.

Prof Brindle is also the recipient of an Experience '83 grant from the Ontario Ministry of Labor which will enable a student to collect information on high school science education for the handicapped.

College of Education

At the annual meeting of the American Educational Research Association held in Montreal in April, Prof J. Wagner presented a paper on "Some prerequisites in learning to solve figural analogy problems"; Mrs. Gerri Allan and Prof Wagner presented a paper on "The distribution of working memory capacity in reading"; and Mr. Les Howarth and Prof Wagner presented a paper on "An invitational approach to reducing anxiety in the learning and response behaviour of children".

Brock on torch route

Brock University has been selected as one of the relay points in the cross-country running of the Universiade torch marking the start of the World University Games, in Edmonton this summer.

The June 18 ceremony at the University involves the electronic transmission of the flame from the CNE stadium in Toronto (representing University of Toronto, York and Ryerson) to Brock.

Runners at the University then proceed with the torch to McMaster University in Hamilton along Highway 8.

According to coordinator Al Pedler, the Brock event includes 20 runners, a ceremony at the University and a motorcade to Hamilton.

The World University Games begin July 1 in Edmonton.

A number of Brock community members are participating in the Games. Swimmers Kathy Richardson and David Shemilt and coach Herb de Bray will be in Edmonton.

Joe Kenny, the Phys Ed department's athletic therapist has also been selected to go to the Games as part of the medical team providing medical and therapy services for athletes.

Joe will serve on the Universiade team providing therapeutic care for the many competitors from different nations.

Board supports visa students

The University's Board of Trustees passed a motion approving the addition of \$10,000 in bursary funds for financially burdened visa students at a meeting Tues. April 26.

The Board also unanimously carried a motion requesting "the Government of Ontario reinstate immediately, effective from April 1, 1983, the "Grandfather Clause", whereby, beyond the levy of differential fees at their initial registration, foreign students are protected from any rate of fee increase that is in excess of the rate of fee increase to which Canadian students are also subject".

The move came in light of a 40 per cent tuition hike for foreign students with less than 2.5 credits as of Sept./82.

The Board went on to carry a motion that "with respect to students currently enrolled at Canadian universities, the Board of Trustees of Brock University reaffirms both its recognition and its appreciation of the cultural and scholastic enrichment which foreign students impart to the university experience, and, therefore, urges the Government of Ontario to redress the financial policies to which these students are subject, since such short-range fiscal expediencies may serve not only to reinforce social prejudices, but also may damage Canada's international status, especially in developing countries".

The Board meeting drew more than 40 visa students protesting the fee hike.

Faculty and staff club news

Prof C. Masse is president of Brock's Faculty and Staff Club for 1983/84.

Other members of the executive are:

Wm Liddell, vice-president
A. Wheeler, past president
J. Bird, secretary
W. Hull, treasurer
J. Adams-Webber, membership.

Advisory members include:

R. Hiatt, Chemistry
M. Rafek, Geology
J. Hogan, Library
J. Black, Physics
I. Haslam, Phys Ed
M. Richards, Education
R. Anderson, Personnel
D. MacDonald, English
W. Turner, History
S. Booth, Registrar
D. MacRae, Germanic/Slavic studies

The Faculty and Staff club remains open for lunch between 11:30 am and 1:30 pm weekdays. The Happy Hour continues between 4:30 pm to 6:30 pm Friday afternoons. Both services will continue throughout the summer as long as demand warrants.

Friday the 13th Happy Hour!

Staff from Niagara Regional headquarters have been invited to join faculty and staff members at Brock for a "Friday the 13th Happy Hour" in the Faculty and Staff Club, May 13.

Beginning at 4:30 pm every 13th person will be charged \$1.13 admission; others will be admitted free. A cash bar will be available.

Victoria Day holiday

The University will be closed Victoria Day Monday May 23.

Student to Pugwash conference

Patricia Hayes, a student in the Environmental studies program at Brock has been selected a delegate to the Second National Conference of the Canadian Student Pugwash organization held in Ottawa this year.

Patricia joins 72 students and 30 senior participants from across the country to discuss topics dealing with the conference's theme, "Science, Knowledge and Power".

The event will be held June 9 - 12 at Carleton University.

Purchasing agent named

Walter Thiessen is the University's Purchasing Agent, effective May 1, 1983.

Mr. Thiessen joined the University in Jan./82 as assistant purchasing agent after more than 20 years in the materials management field with ICG, St. Catharines.

Muriel Cooney honored

With more than 14 years of service at the University, Muriel Cooney retired at the end of April.

Mrs. Cooney began working in the Library's Circulation department in 1968. A luncheon was held in her honor on April 29 in the Pond Inlet.

Visit Canada's Wonderland

Those interested in seeing Canada's Wonderland can purchase passes from Personnel Services at the reduced price of \$9.95 per person for Brock employees, their families and friends. Pass valid any day June 1 to July 31/83. Children under three admitted free. Call ext 273/274.

Summer flights to Greece

A note from Prof David Rupp, Classics, states that arrangements have been made for charter flights on Olympic Airlines from New York's JFK Airport to Athens.

The flights are in conjunction with the Department of Classics' archaeological programs in the Eastern Mediterranean.

Departures are slated for June 13, 27, July 4, 11, or Aug. 1. Return dates are Aug. 15, 22, 29, or Sept. 1.

Interested individuals can choose whichever dates best fit their plans.

Prices range from U.S.\$568 to U.S.\$645 per person depending on the dates chosen.

Anyone in the Brock community and their friends can fly with this group. In order to secure reservations, individuals are asked to indicate their interest immediately. For further information contact David Rupp, ext 319.

Thursdays at Alpie's

Alpie's presents a noon-hour chalet pub barbeque each Thursday, beginning May 19.

The Thursday barbeques will be held from 11:30 am to 1:30 pm throughout the summer.

A different, moderately priced specialty item, including dessert, is featured each week. The Pub is fully licensed.

Tickets are available at the door or in advance from the 10th floor Administrative office and Alpie's Trough. For group or departmental reservations call ext 535.

Summer switchboard hours

Switchboard hours at the University will be 8:30 am to 5 pm beginning Mon. June 6.

Faculty and staff notes

Classics

Prof D. Rupp participated in the Archaeological Institute of America's annual North American lecture program. He spoke on "Greek pebble mosaics: Their origins and development" to the Westchester County, New York, New York City and Philadelphia societies of the A.I.A. and "Grassroot archaeology: The Jordan pottery projects" to the Southeastern Pennsylvania society.

College of Education

Prof J. Novak was the principal speaker at a conference on Invitational Education in Greensboro, North Carolina. Profs M. Richards, R. Connelly & A. Bennett also presented papers at the April conference.

The following papers were presented by COE members at the American Educational Research Association annual meeting held in April in Montreal:

P. Atherton; "Effects of collective bargaining on educational policy in a context of declining enrolments: The case of Ontario".

R. Common; "The role of the site administrator in establishing an invitational approach to education".

J. Novak; "Revisioning invitational education".

J. Novak & A. Bennett; "Informally inviting moral development: Teacher perception and behaviour regarding the handling of moral transgressions".

R. Connelly; "The inviting administrator: Can s/he survive?".

M. Richards; "Self-directive temperamental and social skill characteristics affecting primary school children's learning - a one-year longitudinal study."

A. Thomas; "Chairman for symposium on academic achievement, motivation and perceptions of control".

J. Wagner; "Invitational education approaches to reducing anxiety in learning and response behavior of children" and "Some pre-requisites in learning to solve figural analogy problems".

English

Prof J. Lye delivered a talk, "Heideggerian modes of thinking, the Phaedo, and teaching in seminars" to the Niagara Region English Committee's annual conference, held at Brock in April.

Information & Liaison

Don Rickers participated as an instructor at the Ontario high school lacrosse player development clinic held in Oshawa in April. Competitors from this clinic will be selected to play on the junior national team in the U.S. this summer.

Physical Education

Prof Ian Haslam successfully presented the findings of his doctoral dissertation to the Faculty of Educational studies at SUNY, Buffalo. His dissertation is entitled "Brain growth periodization: Implications for curriculum planning in the psychomotor domain".

Prof Haslam recently secured a \$24,000 federal provincial grant to develop a community service project in Niagara Falls called Your Child in Sport. This is a 20 week study co-sponsored by the Niagara Falls Recreation department and the Niagara Falls Hockey association designed to review the role of parents in amateur sport.

Urban and environmental studies

Prof R.C. Hoover recently attended the 14th annual Modeling and Simulation conference held at the University of Pittsburgh in April. While there he organized and chaired a speaker's panel on "Intermediate technologies for social policy analysis and planning" which featured, among others, speakers Gordon Lugsdin, social planner, Department of Social Services, and Stephen Elson, research officer, Childrens Services committee, both from the regional municipality of Niagara.

Prof Hoover also chaired a second panel on "Medical technology and ethics".

He presented two papers: "Background concepts for a low-tech model for community resource allocation" and "Health services and multi-purpose community centres" (with Prof N.M. Lazarowich, U. of Waterloo).

Watch that handbag or wallet!

Chief of Campus Police, Doug Roberts, reports a rash of purse-snatching complaints on campus.

Faculty and staff are reminded to keep a close watch on handbags and wallets throughout the day, keeping them under lock and key if possible.

Brock convocation June 3

Friday June 3 is spring convocation at Brock University.

Approximately 800 students are expected to receive diplomas at the afternoon ceremony held in the gymnasium at the Phys Ed centre.

Awarded honorary degrees this year are: Charles Alfred Sankey, former chancellor of Brock University (1969-74); Nora Chatwin, physical educator and one of the founders of Brock's degree program in physical education; and John Meisel, chairman of the Canadian Radio-television and Telecommunications Commission (CRTC).

Mr. Meisel is guest speaker at the convocation ceremony.

Prior to his CRTC appointment Mr. Meisel was Hardy Professor of Political Science at Queen's University and still is general editor of the "International Political Science Review", the journal of the International Political Science Association. He has written extensively on various aspects of politics, notably parties, elections, and ethnic relations.

The honorary degree recipients receive the degree of Doctor of Laws, honoris causa.

University chancellor, Ralph Misener, and Brock president, Dr. Alan Earp, preside over the afternoon exercises which begin at 3 pm.

Five appointments approved

The University's Board of Trustees carried a motion approving the appointment of five additional faculty members.

There are three additions to the School of Administrative Studies: Barbara Austin, assistant professor; Mark Thomas, assistant professor; and Gerard Grant, lecturer. All appointments are effective July 1/83 to June 30/85.

Anthony Shaw has been appointed assistant professor, Department of Geography, effective July 1/83 to June 30/85.

Paulette Laurence has been appointed assistant professor, Physical Education, effective July 1/83 to June 30/85.

The appointments were approved at the April 26 Board meeting. All five are Canadian citizens and are tenure track appointments.

Brock hosts area French contest

The fourth annual Brock-Niagara French contest was held at the University, Friday May 13.

More than 140 area students participated in the event, which is the only French contest in Canada to incorporate all three categories of students on the Grade 12 & 13 levels: Anglophones, Francophones and Immersion.

Prof Leonard Rosmarin of the University's Romance Studies department is chairman of the contest.

Prizes (donated by local business and service clubs) for each category are to be awarded May 27.

Prof Rosmarin and colleagues are also planning a province-wide French contest to be held at Brock in the spring of 1986.

Thanks for the memories

Saga Food Service director, Bruce Delo, was honored at a farewell reception in the Faculty Club, May 18.

After five years of service at Brock, Bruce leaves to take on responsibilities at Acadia University in Wolfville, Nova Scotia.

"I'll miss the people and the University," said Bruce. "It was a wonderful opportunity working with them."

Raymond Lee replaces Bruce, as Food Service Director of Saga Foods at Brock.

Ray, a graduate of St. Francis Xavier University, was recently with Saga in a managerial capacity at Bishop's College in Lennoxville, Quebec.

Tiger-Cats in town

More than 100 ball players and 15 coaching staff arrive on campus Friday May 27, as the Tiger Cats begin pre-season training.

For the fifth consecutive year, Brock has hosted the Tiger Cat training camp.

Players follow a rigid practice schedule: two practices a day at 9 am and 3 pm. Although fans are allowed to watch the practice sessions, "Fan Day" on Sunday June 5, is especially slotted for fans and players.

The Tiger-Cats are housed in the Brock residence during their stay here.

Alphie's gourmet delights!

"Barbecue 'n Things" is the way Alphie's refers to its summer '83 luncheon specials.

Each Thursday, from 11:30 am to 1:30 pm, throughout the summer, Alphie's offers a special fare ranging from barbecue ribs to German sausage. And there's dessert to boot!

The Thursday specials are individually priced. The menu for Thursday June 2 offers cabbage rolls, German potato salad, dinner roll and Baskin-Robbins ice cream - all for \$3.25.

For group or department reservations call ext 535. Tickets are available at Alphie's Trough or from the 10th floor, Administrative offices.

Summer switchboard hours

Switchboard personnel remind University faculty and staff that beginning Monday June 6 the switchboard will operate the following hours: Monday through Friday, 8:30 am to 5:00 pm.

The summer hours remain in effect until Monday August 29.

The airport by bus

Faculty and staff making regular use of the Buffalo International Airport might be interested in noting that Canada Coach Lines provides a connector service to the airport and back.

The bus leaves the St. Catharines terminal daily at 6:30am, 9:15am, 11:30am, 3pm and 7pm. One way fare is \$5.

Two-part tuition fee

The University of Manitoba will introduce a new structure for academic fees this fall - the first of its kind for Canadian universities.

According to an item in "Notes from AUCC", the total academic fees payable by a student at the University of Manitoba will have two parts: a standard tuition fee for all regular session students regardless of their program, and a supplementary course service fee that is charged on a per credit hour basis.

The new structure eliminates incidental and special fees, replacing them with a clearly identifiable system of course service fees which go directly to the academic units within the university to assist in defraying course-related costs.

Tuition fees go up by 9.5 per cent in Manitoba for 1983-84, and with the change in the level of other fees, the university projects a total increase in income from fees of 10.8 per cent.

The two-part tuition fee however, does not affect the medicine, dentistry and graduate studies programs, which will continue to charge an overall fee, as these programs are not uniformly organized on the credit hour system.

New coach named

Michael Quinn is the new coach for the Brock Badgers hockey team.

Director of Athletics, Garney Henley, made the announcement May 24.

Mike served as assistant coach for the Badger hockey team for the past three seasons.

"Mike Quinn has had a very strong bearing on the improved Badger game. Our recent

successes are in no small part due to Mike's efforts," said Mr. Henley.

Mike is a well-known St. Catharines hockey player. He played minor hockey in St. Catharines, Jr. "B" in Thorold (1968), and Jr."A" in Brantford (1969).

In 1970, Mike joined the Pittsburgh Penguins and played for two years in the I.H.L.

Mike attended St. Mary's University for three years, playing with the Huskies, and competed in the 1972 World Student Games.

Faculty and staff notes

Administrative Studies

Prof Douglas Austrom, Department of Management and Marketing, and Randy McKellar, Admin studies student, were selected to the Canada East Rugby squad which plays against the Italian National team, June 28. Both are members of the Ontario Provincial rugby team which won the 1982 Canadian Interprovincial championship.

Chemistry

The April 29 issue of Campus News carried a Faculty and Staff item listing Ian Brindle as a professor. Mr. Brindle is a senior demonstrator in the department.

Fine Arts

Prof M. Yacowar programmed a series of Canadian comedy at the Canadian Images Film Festival in Peterborough. In May, Prof Yacowar presented a paper, "Cry Avuncle: The assimilationist comedy of Carl Reiner" at the Society of Cinema Studies meeting in Pittsburgh.

Geography

Prof Keith Tinkler recently attended the 14th annual Modeling and Simulation conference at the University of Pittsburgh and presented a paper jointly with Prof Boots (Wilfrid Laurier) entitled, "The interpretation of non-principal eigenfunctions of urban structure matrices".

Germanic and Slavic studies

Prof C. Hollosi presented a paper, "The Great Coriniana" at the American Hungarian Educators' Association's eighth annual conference held in May at the University of Toronto.

The First Secretary of the Hungarian Embassy was a guest of the Department of Germanic and Slavic studies recently. He brought with him a number of books, some of which he donated on behalf of his government to the Fine Arts library and others to students of merit who are enrolled in Hungarian this year.

Through the effort of Prof. C. Hollosi, the library has also received a substantial number of books from the Hungarian government.

Psychology

Prof E. Pomeroy presented a workshop on "Racial and ethnic bias in employment testing" at the Public Service Commission Native Employment Coordinators conference in Niagara Falls, New York, in May.

Prof S. Segalowitz has been awarded a three-year operating grant of \$32,400 from the Natural Sciences and Engineering Council.

Sociology

Prof M.L. Perlman delivered a paper as part of a symposium on "Explorations with systems thinking" at the 59th annual meeting of the Central States Anthropological Society in Cleveland in April. The title of the paper was "Consensual unions in Toro, Uganda: a systems theory explanation of rapid social change".

Prof V. Tomovich spoke to Grade 13 students at Governor Simcoe S.S. on the "Canadian correctional service", in May.

Diplomas, awards and smiles

Diplomas, awards, and smiles were the order of the day as more than 850 Brock graduates were awarded degrees at the University's 33rd convocation, June 3.

The spring convocation featured Dr. John Meisel, chairman of the Canadian Radio-television and Telecommunications Commission (CRTC), as guest speaker

Dr. Meisel spoke to graduates and guests on "Graduating into the Information Society" and presented a synopsis of "society as it is now evolving in which the production, storing, processing and transmitting of information is the dominant source of employment and the motor driving a great many other matters".

Acknowledging the current tight job market for recent graduates, Dr. Meisel said "I have decided not to give you any advice at all but to point to certain areas or problems in the society evolving before our eyes which could benefit from your efforts in the future".

Dr. Meisel said the "information society" which has "emerged as the result of fusion of modern computer technology with contemporary means of communications" is the key to future employment prospects.

"It is because of this that some who recognize the impossibility of separating computing from communications now speak of the new world being dominated by one continuous process called communications, or

more elegantly by the French, *télématique*, or telematics", said Dr. Meisel.

Telematics creates "a totally new world in which new problems and new needs arise. These will have to be met and will require the dedicated and intelligent attention of new generations of graduates," he said.

Traditional institutions of education, work-place and home will all undergo major upheavels as the new society continues evolving said Dr. Meisel.

"One consequence of these developments will likely be the continuing growth in unemployment and the increase in available leisure time. What new occupations will emerge as a result?" he said.

The CRTC chairman also cautioned his audience that "one possible result of the new technology concerns the unequal use people may make of the available resources. Are we going to widen the gap between the haves and have-nots (both individually and with respect to nations and continents) by creating the information rich and the information poor?"

"It is therefore most appropriate that, at a moment when many of us here are about to embark on a new phase in our lives, the question be raised of what each of us can do to help channel the information society into acceptable paths.

"This is critical because, as I have mentioned, the consequences of the new technology for society are not preordained or automatic. They are amenable to human volition. Whether the human condition will

improve or deteriorate as the result of telematics will depend on how we, the ultimate producers and users of knowledge, handle it," he said.

Dr. Meisel, along with Charles Alfred Sankey, former chancellor of Brock University, received the degree of Doctor of Laws, honoris causa.

Convocation also conferred prestigious awards to three area students for outstanding academic achievement.

The Governor-General's medal for highest overall academic standing went to David Jamie Learn, 24, of Fonthill, Ont. David, with a 92 per cent average, received a Bachelor of Administration (Honors) at the Fall'82 convocation.

The University's vice-chancellor's medal, also for outstanding academic achievement, was awarded to Nichola Ann McKay Davison, 22, and Laurie Ann Solowey, 21.

Nichola, with an 89 per cent average graduated with a Bachelor of Science (Honors) in Geological Sciences; Laurie, with 88 per cent graduated with a Bachelor of Science in Computer Science.

University Chancellor Ralph Misener, and Brock President Dr. Alan Earp, presided over the afternoon ceremony.

The ceremony also marked the conferring of the 10,000th degree at Brock. Susan Pirillo, graduating with a Bachelor of Education, was the recipient of the 10,000th degree.

In his concluding remarks, Dr. Earp suggested that the University's next convocation might be held in two parts due to the length of time involved in graduating several hundred students at one ceremony.

Following the close of the formal exercise, at the invitation of Dr. Earp, graduates and guests gathered on the grounds outside the Phys Ed building for refreshments.

Guest lecture on Greek art

"Akrotiri on Thera: Society and Religion" was the topic of an illustrated lecture given by Dr. Nanno Marinatos from Athens, Greece in May.

Dr. Marinatos, a lecturer in Greek art and archaeology at College Year and Deree College in Athens, based his lecture on the Late Bronze Age frescoes from the site of Akrotiri on Thera in the Aegean Sea.

The lecture was sponsored by the University's Department of Classics and the Niagara Peninsula Society of Archaeological Institute of America.

Man of La Mancha

"Man of La Mancha" opens in The Theatre, Brock Centre for the Arts, Thursday June 9.

Bruce Dean Productions presents the Dale Wasserman play that runs through to Saturday June 25.

"Man of La Mancha" is directed by Ted Forlow from New York City. He has performed the play on Broadway and on tour throughout Canada and the United States.

Set design for the production is by Warren Hartman; lighting design by Paul Court; and costumes by Linda Sampson.

The production stars such local talent as Cloyce Weaver as Don Quixote and Ruth Houtby as Aldonza.

Tickets can be purchased at 85 Church Street, St. Catharines or by phoning 685-9202.

Bruce Dean Productions will also be staging the popular Broadway hit "Annie" in December.

June 30th and July 1st

A note from Personnel Services reminds faculty and staff that Thursday June 30/83 is a University holiday. The University will also observe the Canada Day holiday, Friday July 1/83.

Swim events schedule

A note from Herb de Bray, aquatics manager, lists the following schedule of June swim competitions for interested observers:

June 12 - Golden region aquatic championships, Brock University;
June 17,18,19 - Western region novice swimming championships, Waterloo;
June 25,26 - Western region novice swimming championships, Hamilton;
June 25,26,27 - Etobicoke invitational swim meet, Etobicoke.

For further information regarding the upcoming events contact the Brock pool, ext 387.

Trivial Pursuit, Alphonse's-style

"Trivial Pursuit Time" is the order of the day, Friday June 10, as faculty, staff and guests participate in a Trivial Pursuit contest.

Sponsored by Alphonse's and Miller High Life, the contest features 16 four-person, mixed teams.

The fun begins at 7 pm. Happy Hour prices are in effect the entire evening. For further information contact ext 535.

Summer switchboard

Summer switchboard hours are now 8:30 am to 5 pm through to August 29/83.

Failing official language

Canadian universities could do better in advancing the country's bilingual nature.

That's the word from Max Yalden, Canada's official languages commissioner, who in his annual report (1982), describes post-secondary institutions as "very sniffy about accepting any responsibility for the future quality of linguistic life in Canada".

Mr. Yalden reiterates his position that the second language should be required for high school graduation and university entrance.

The languages commissioner criticizes the post-secondary sector for its inability to provide adequate programming for graduates from bilingual and immersion high schools.

The present offerings in French by the nine English majority provinces are incomplete said Mr. Yalden.

He suggests a "rethinking from the ground up" for French language post-secondary education outside Quebec.

Pub barbecue

Faculty and staff are reminded that Thursdays at Alphonse's features a special luncheon menu from 11:30 am to 1:30 pm.

Publications

HOUSE, R.J., LEVANONI, E. & SCHULER, R.S., "Role conflict and ambiguity scales: reality or artifact", Journal of Applied Psychology, 68, No.2, May 1983, pp.334-337

GRANT, B.K., "Impressionism and ideology: The state of recent film genre criticism", Canadian Review of American Studies, Vol. 14, No. 1 (Spring 1983), pp. 107-118.

Faculty and staff notes

Administrative studies

Prof E. Levanoni, Management and Marketing, presented a paper on "Situational leadership: From lab to field study" he co-authored with Carol A. Sales and S.D. Saleh to the 20th annual meeting of the Eastern Academy of Management at Pittsburgh in May.

Prof Levanoni also presented a paper on "Job longevity as a moderator of the job scope-affectiveness responses relationship" he co-authored with C.A. Sales to the annual meeting of the Administrative Sciences Association in Vancouver in May.

Classics

In April David Rupp gave an illustrated public lecture to the Joseph Brant Archaeological Society in Hamilton/Burlington on "The Macedonian Royal Tombs". He also delivered a paper entitled "The Mosaics Floors of the Eustolios Complex at Kourion, Cyprus", at the Second Colloquium on Ancient Mosaics and Painting held at the Institute for Advanced Studies in Princeton. The Colloquium was sponsored by the North American branch of L'Association Internationale pour l'Etude de la Mosaïque Antique.

Counselling Centre

Dr. Marilyn Rose has completed a series of fourteen entries for the revised Oxford Companion to Canadian Literature, to be published in October 1983. Major entries include profiles of novelists Sinclair Ross, Brian Moore and John Marlyn. Dr. Rose (PhD, Eng Lit) is the writing instructor at the Counselling Centre.

College of Education

Dr. Raymond Chodzinski has won the 1981-82 competition of the Canadian Guidance Counsellors' Association for best Doctoral Dissertation. He will receive an award at the 1983 conference of the association held in Fredericton in June.

Fine Arts

Prof B.K. Grant recently delivered the following two papers:

"H.G. Wells, Science Fiction and the Cinema", at the Popular Culture Association's 13th annual meeting, Wichita, Ks., in April; and in May, "Meaning and Experience in Genre Films" at the Society for Cinema Studies annual conference in Pittsburgh.

Prof Grant also gave a lecture on musical films at the Centre for Media Study, SUNY/ Buffalo in May.

Farewell to Mac Chown

More than 600 friends and associates attended a memorial service for Mackenzie Chown, Friday June 17, at Mountainview United Church in St. Catharines.

Brock University President, Dr. Alan Earp, was honorary pallbearer at the service.

Final tribute was paid to the 62-year-old lawyer who held a number of municipal posts, including mayor of St. Catharines from 1968 to 1972.

Throughout his life, Mr. Chown remained an ardent supporter of Brock University. His association with Brock began with the founding of the University and in 1963 he became a member of the University's Board of Governors. Mr. Chown became chairman of the Board of Trustees in 1975. In 1978, Brock honored Mr. Chown with an honorary degree at spring convocation.

Mr. Chown also served as chairman of the Brock University Science Development Fund, inaugurated last spring in order to raise the \$4.5 million needed to complete the DeCew science complex.

"He made an exceptional contribution to the University's development", said Dr. Earp. "He will be greatly missed at Brock and throughout the community at large".

Mr. Chown is survived by his wife Doris, and five children. The family requested donations be made to a number of fund raising projects in the city including the Science Development Fund.

Running the torch

With flags flying in the breeze, and the torch clasped in his hand, David Heyworth, a member of Brock University's track and field team, led the brigade of runners who carried the Universiade torch to McMaster University in Hamilton, Saturday June 18.

Nineteen area athletes took part in running the torch, which, following tradition, is being "run" from university to university across Canada, to mark the staging of the World Student Games in Edmonton, Alberta.

The torch should arrive in Edmonton for the start of the Games, July 1.

Brock University President, Dr. Alan Earp, welcomed both guests and runners at a brief ceremony held at the University prior to the run.

"It's (World Student Games) an exciting event because it symbolizes the enthusiasm of youth not limited by international boundaries," said Dr. Earp who added a measure of levity to the event by quickly donning a Universiade T-shirt prior to lighting the torch.

"To our runners and their entourage, 'Bonne chance'", he concluded.

Ken Atkinson, a St. Catharines alderman, brought greetings on behalf of Mayor Roy Adams and wished both the runners going to Hamilton, and the Brock athletes competing at the Games in Edmonton, "Good luck".

"Yet another song and dance"

The Department of Fine Arts is sponsoring a student cabaret group "Yet Another Song and Dance" beginning June 30 at Vikki's in The Prince of Wales Hotel, Niagara on the Lake.

The group will perform Thursday and Friday evenings.

The show, directed by John Butler and Warren Hartman, consists of light-hearted music from the 20's through the songs of ABBA. A special free preview will be held Tuesday June 28, at 9 pm in BT 103.

Classics club scholarships

The proceeds from the Greek Taverna held in February '82 by the Classics Club enabled the Club to grant scholarships to the following Brock students to help defer the costs of the practicum in Cyprus: Margaret Kalogeropoulos, Roxanne Guttin and Miriam Richards.

A former Brock student now a graduate student in Classics at McMaster, Gina Drohanes, was also awarded a scholarship.

The Club wishes to thank the University community of its enthusiastic support of the Taverna, which will be held again in early February.

Critical essay contest winners

The following area students were the winners of the 1983 Brock English Critical Essay Contest:

First prize: Lori Zona, Grimsby S.S., "The Enlightenment of Dunstan Ramsay" (in Fifth Business, by Robertson Davies);

Second prize: Amy Copland, Ridley College, "The Function of Aurelie Caron in Anne Hebert's Kamouraska";

Third prize: Susan Bridges, Welland Eastdale S.S., "Hagar, Agar, and Lear: Origins and parallels" (on The Stone Angel by Margaret Laurence).

Honorable mention: Lisa Lunghofer, Saint Paul S.S., Niagara Falls, "The Enemy Within" (on A Separate Peace, by Knowles, and Lord of the Flies, by Golding).

Brock welcomes...

George Martin has joined the staff of the Physical Plant department as Operations and Maintenance Manager.

The appointment was effective May 19/83.

Mr. Martin, who reports to Bill Armstrong, Director of Physical Plant, is responsible for all Trades and Grounds personnel.

Mr. Martin holds a Higher National certificate in electrical engineering from the U.K. His most recent appointment was as assistant engineer for the Buller Electric Power Board, West Port, New Zealand.

University closed June 30, July 1

The University will be closed June 30 and July 1, Canada Day.

Print shop closed

The Print Shop will be closed to print exams, Wednesday June 29.

Billboard clean-up

The University community is reminded that notices, posters and messages are to be tacked on notice boards only. Anything stuck on doors, walls, stairwells, windows etc will be removed immediately. Notice boards will be totally cleared the last weekend of every month, effective July 29.

Faculty and staff notes

Administrative studies

Prof D. Austrom, Management and Marketing, presented a paper entitled "What is social support? Insights from the workplace and the family" at the annual meeting of the Canadian Psychological Association in Winnipeg.

In April, J. Bart delivered a paper entitled "Communicating effectively with shareholders" to the National Investors Relations Institute (Canada) in Toronto.

At the Vancouver conference of the Administrative Sciences Association of Canada he presented the paper "The efficiency of return expectations". The paper won the Finance Division's "Best Paper Award".

In June, Prof Bart delivered the paper, "Market participants' forecasts of common stock returns" at the Third International Symposium on Forecasting in Philadelphia.

Chemistry

At the 66th Chemical Conference and Exhibition held in Calgary in June, Prof B. Holland served as chairman of a session on Organic Synthesis, and Prof D. Moule of a session on Photophysics and Ultraviolet and Visible Spectroscopy.

The following papers were presented by members of the department:

M.F. Richardson, G.H. Wood, J. Goddard, "The Cambridge crystallographic database

as a tool for computer assisted instruction".

J.M. Miller, W.J. Holtslander, "Storage of tritium as titanium and zirconium hydrides".

M.F. Richardson, R. Marlow, "Metal complexes of organic halides, and the structure of a five-coordinate nickel complex, bis-(2,4,6-trichlorophenolato) -tris-(pyridine) nickel (11)".

J.S. Hartman, M. Farquharson, "Systematic formation of the elusive bis- (tertiary-amine) difluoroboron cations, $D_2BF_2^+$ and $DD'.BF_2^+$ under mild conditions".

H.L. Holland, E. Riemland, "Microbial hydroxylation of unsaturated steroids".

H.L. Holland, I.M. Carter, "Incubation of phenyl alkyl selenides with fungi. Chiral selenoxide formation?".

M.F. Richardson, R. Guzowsky, P. Hand, C. MacLaurin, R. Marlow, "Towards the mechanism of a putative ring closure: The structure of Z-2-Benzoylmethane-3-(2,4 -dibromophenyl)-5-phenyl-2H-1,3,4-thiadiazolene, A compound with a short S..O contact but an awfully long name".

M.F. Richardson, R. Guzowsky, P. Hand, C.

MacLaurin, R. Marlow, "Structures of methylthioxanthenes".

D.C. Moule, R.H. Judge, "The $\tilde{B}^1 A_1(\pi, \pi^*) \leftarrow \tilde{X}^1 A_1$ Electronic transition in thioformaldehyde".

College of Education

Prof R. Chodzinski presented a workshop and paper at the Invitational Educational KIDSARTS Conference in May. The paper was entitled "Puppet power an adaptive helping strategy for teachers, counsellors and first line helpers".

Prof Chodzinski also delivered a paper and conducted a workshop called "Increasing the effectiveness of school counsellor: A multicultural perspective", at the bi-annual national conference of the Canadian Guidance and Counselling Association, Fredericton, N.B. in June.

Prof R.W. Common recently conducted a series of Principals' Curriculum Management Training workshops, with the principals of the Lincoln, Halton, and Ottawa-Carlton Boards of Education.

Prof Don Dworet presented a workshop on "Alternative approaches to behavior management" at the annual meeting of the Ontario Council of Administrators in Special Education, held in Toronto in June.

Geological sciences

The following papers and posters were presented by faculty and graduate students who recently attended the combined annual meetings of the Geological Association of Canada, the Mineralogical Association of Canada, and the Canadian Geophysical Union held at Victoria, B.C.:

J.G. Davison, "Prograding subaqueous pyroclastic flows in the Berry Creek complex, Lake of the Woods, Ontario".

Prof M.B. Rafek, "Preliminary report on conodont biostratigraphy of the Blind Fiord formation, Ellesmere Island".

B.L. Williams, J.S. Hartman, "High resolution ²⁹Si nuclear magnetic resonance spectroscopy: A technique to study aluminosilicate mineral structure" (poster session).

Prof H.R. Williams, "Development of a gneiss complex in the Ontario Gneiss segment, Grenville Province" (poster session).

Prof U. Brand collected samples from various locations on Vancouver Island, at the conclusion of the GAC/MAC/CGU meetings for geochemical analysis.

Information & Liaison

Don Rickers recently participated as a member of the Canadian national team, at the "Lacrosse International" held at Johns Hopkins University in Baltimore, Md.

Philosophy

Prof D. Sinha presented a paper, "Some key definitions in Tarkasangraha-Dipika: a phenomenological re-examination" in a session on Indian logic jointly sponsored by Canadian Asian Studies Association and Canadian Association of Sanskrit and Related Studies held at the Learned Societies conference, Vancouver.

Politics

Prof C. Baar was a delegate to the World Conference on the Independence of Justice, held in Montreal in June. Representatives from 35 nations met and prepared a draft universal declaration on the Independence of Justice for submission to the United Nations.

In May, Prof Baar served as external appraiser for a thesis on "The Politics of Judicial Administration" submitted to the University of Toronto.

David Siegel has been re-elected vice-chairman of the Executive committee of the Hamilton Regional Group of the Institute of Public Administration of Canada.

Schmon Tower and Chown Building

Brock University's East Block complex has been named the Mackenzie Chown Building and the Brock Tower is now known as the Arthur Schmon Tower.

That was the decision reached by the University's Board of Trustees, June 28, at the Board's end-of-term meeting.

'Mac' Chown was connected to Brock throughout the University's history. As a young St. Catharines alderman he sat on the founding committee of the University and was named to the first Board of Trustees. He served as Chairman of the Board and in 1978 was awarded an honorary degree by the University. Mr. Chown was also named Chairman of the Brock University Science Development Fund, a position he remained in until his death in June of this year.

Arthur Schmon also served in a 'builder's' role at the University. Mr. Schmon headed Brock's founding committee and was responsible for the establishment and planning of Brock. "It's fitting that Brock's first building, the Tower, be named after our principle founder", said Dr. Alan Earp, president of Brock University.

The names are effective immediately, and the buildings will be formally renamed as part of a current program of building graphics and signage now underway at the University.

Tuition break for visa students

Undergraduate visa students in Ontario will be given a partial exemption of the planned 40 per cent tuition fee increase recently announced by Queen's Park.

Minister of Colleges and Universities, Dr. Bette Stephenson, who made the announcement last month, said foreign undergraduate students who registered "for the first time on or after September 1, 1982 and who have already been assessed the first stage increase" will be given a one-term deferral of the 1983/84 fee increase, except for a five per cent increase over 1982/83 visa student fees.

Tuition fees for all students have been increased five per cent for 1983/84.

Visa students who entered the Ontario university system last fall will be allowed the one term deferral of the differential fee increase, however, visa students enrolling for the first time this year will pay the full differential fee.

In a letter to the Council of Ontario Universities, Dr. Stephenson said the planned second stage increase for visa students who entered the university system last September will be phased in over the 83/84 fiscal year.

Ministry officials said the exemption will cost the province \$2 to \$3 million in lost revenue for the university system.

Donald Bent memorial

A brief ceremony, Wednesday July 21, officially opens the Donald Bent picnic area.

The picnic area has been constructed as a memorial to former University employee Donald Bent. It is located on the grassy knoll adjacent to the Thistle complex and behind the Schmon Tower.

Prof John Mayer officiates at the ceremony, which begins at 12:15 pm. All members of the Brock community are welcome.

Forms to fill

The University Library has recently received forms to be used when requesting information from the federal government under the provisions of either the Privacy Act or the Access to Information Act. Descriptive pamphlets and forms are available at the Documents Information desk.

In addition, the Documents collection contains copies of the Personal Information Index which describes the personal information under control of the Government of Canada (DOC CA1 TB P23 1983), and Access Register which lists sources of information held by the federal government and provides guidance for individuals making requests for government records (DOC CA1 TB A16 1983).

Canada's Wonderland passes

For those interested in seeing Canada's Wonderland, passes are available at the reduced price of \$9.95 per person for Brock employees, their families and friends. Children under three are admitted free. Pass valid until July 31/83. Contact Personnel Services, ext. 273/274.

Manager, Liquor services

Paul Dwyer is the Manager of Liquor Services at the University (effective July 4/83).

Mr. Dwyer joined Brock in 1981 after an extensive background in the hotel and restaurant industry.

He will be responsible for service at all University functions as well as the daily operation of Alphonse's Trough.

In memoriam

Former Brock University employee Donald M. Edwards passed away suddenly June 24/83.

Mr. Edwards was originally appointed the University's Purchasing Agent in 1967. He became Director of Administrative Services in 1968, remaining in that position until his retirement May 1, 1981.

Civic holiday

The University will be closed the Civic Day holiday, Monday, August 1/83.

Swim Hours

Public swim hours at the Brock Aquatic Centre are 2:30 pm to 4 pm Monday to Friday; 8 pm to 9 pm Monday to Thursday.

"Week for the Unemployed"

A mass picnic for the unemployed will be held at Lakeside Park, Sat. July 30/83 at noon. Sponsored by the Unemployed Help Centre of St. Catharines, the picnic begins at noon. Cover charge is \$1. All are welcome.

Faculty and staff notes

Classics

Prof Noel Robertson presented an illustrated report entitled "The Headquarters of the Nine Archons in the Athenian Agora" to the section on Greek archaeology at the annual meeting of the Classical Association of Canada in Vancouver in June.

College of Education

Prof Allan Bennett completed his second term as Chairman of the Department of Graduate and Undergraduate studies in the COE on June 30, 1983. He will be succeeded by Prof John Novak.

Prof Raymond Chodzinski was the dinner guest speaker at the annual meeting of the Lincoln County Counsellors Association held at the Port Mansion Hotel, Port Dalhousie, in June.

English

Prof Gordon Coggins recently presented two papers: "Hideous horror and sad trembling sound -- Arthur's pursuit of Florimell" read at the Spenser sessions of the International Congress on Mediaeval studies at Kalamazoo; and "Queint Deuce: Sexual innuendo and word play in the Faerie Queene", read to the Canadian Society for the History of Rhetoric, Learned Societies conference, Vancouver. Prof Coggins' sabbatical has been spent doing research for a book on sexuality in Edmund Spenser.

Fine Arts

Prof Naomi Oliphant was an invited performer at "Op. 2, Women in Music" conference held at the University of Michigan. In May, she was featured as the harpsichord soloist with the J.S. Bach Society Orchestra of St. Catharines in a performance of Bach's Brandenburg Concerto #5.

Prof Maurice Yacowar delivered a paper, "Implicit and explicit structures in Ronnie Hawkins and Friends", at the Canadian Association of Film Studies meeting in Montreal in June.

Prof Yacowar has also been appointed to the editorial board of Cinema Journal, the publication of the Society of Cinema Studies, published at the University of Chicago.

Geological Sciences

Prof Peter Peach was recently awarded an honorary life membership by the Federation of Ontario Naturalists for long time service to the FON and federated Naturalists clubs throughout Ontario. Prof Peach served the FON in various capacities, including president, and he also made himself available to assist the FON in many ways.

Recent research activities of Prof Terasmae have included the invited attendance at the NATO sponsored international workshop "Deglaciation: timing and mechanisms" at Airlie, Virginia, May 2-6, with a focus on evidence from continents and oceans relating to current concepts and simulation models of climate change, glaciation dynamics, and ocean currents and sediments.

Prof Terasmae also attended a related meeting for the purpose of organizing a "Decade of North American Geology" volume on the Quaternary history of North America and adjacent oceans, a joint effort by the U.S. and Canadian scientists.

In May, Prof Terasmae was appointed convenor of the 1984 International Association of Great Lakes Research (IAGLR) conference to be held at Brock in May/84. The conference is co-sponsored by the Canada Centre of Inland Waters. Planning for the 1984 IAGLR conference is in progress.

Prof Terasmae also presented a paper, "Principles and practice of polynostratigraphic correlations" at the Symposium on Correlation of Quaternary Chronologies held at York University in May.

In July, Prof Terasmae participated in the 4th International Conference on Permafrost held in Alaska, which investigated the effects and problems of permanently frozen ground on various Arctic activities in the circumpolar region.

Germanic and Slavic studies

At the June conference of the Learned Societies in Vancouver, Prof J. Michielsen, presented a paper, "The City in Marsman's Verzen" to the Canadian Association for the Advancement of Netherlandic studies; and Prof D.C. MacRae presented a paper, "Making topicality a motive force" to the Canadian Association of University Teachers of German.

Psychology

Prof J.M. Preston and S. Fretz (U. of Waterloo) presented a paper entitled "Teacher variables in an early identification program" at the Canadian Psychological Association meeting in Winnipeg. At the same meeting, Prof Preston became a founding member of the Educational Psychology section of CPA.

Recreation and Leisure studies

Prof David Staniford will represent Ontario at the Canadian National Seniors tennis championships in Winnipeg, in August. Dr. Staniford is currently ranked No. 3 in Canada in the Veterans 35 and over category.

Sociology

Prof D. Glenday presented two papers at the Learned Societies meeting held in Vancouver: "The effect of microelectronic and robotics technology on industrial employment" was co-authored with Mr. Jonathon Cecilli, a departmental Honor's student. The Vancouver Sun and CBC interviewed Prof Glenday on the findings; and the second paper was entitled "Entre deux mondes: The French Canadian charter member community outside of Quebec".

Prof M. Perlman presented a paper at the 27th annual North American meeting of the Society for General Systems research in Detroit in May, entitled "A systems theory of structural change and stability".

Urban and Environmental studies

Prof Fikret Berkes presented a paper, "The creation of limited property rights as a fisheries management policy", at the Regional Science Association meeting of the Learned Societies conference in Vancouver in June.

Ms. Pat Hayes presented a paper jointly authored with J. Dennis, R. Morris and F. Berkes, "Motives and expectations of recreational fishermen, with reference to pollution" at the Great Lakes/83 conference, Oswego, N.Y., in May.

Prof Bruce Krushelnicki delivered a paper jointly authored with S. Bell (B.A.) entitled "Identifying urban price shadow effects in the urban countryside of Niagara region" at the annual meeting of the Regional Science Association held in conjunction with the Learned Societies conference at U.B.C. in Vancouver.

CAMPUS NEWS

29 July 1983

Funding formula remains the same

The enrolment-based formula for operating grants for the province's universities remains the same for the 1983/84 academic year.

Minister of Colleges and Universities, Dr. Bette Stephenson, made the announcement last month in a letter to Ontario university presidents.

The Minister was responding to a formula change recommended by the Ontario Council on University Affairs (OCUA). She said a lack of consensus within the university system about the OCUA proposal was a factor in her decision to leave the formula as it is for the fiscal year.

In her letter, Dr. Stephenson outlined what the Ministry considers the criteria needed to develop a satisfactory distribution mechanism:

The formula should provide funding stability and predictability, allocate funds equitably, provide accountability to the public, and be simple and practical.

The formula should also discourage aggressive competition for enrolment among Ontario universities.

The distribution mechanism of the formula should encourage program rationalization and new program development to respond to technological developments, the changing needs of society, and student demands.

The formula's mechanism should also be such that changes in enrolment in Sept/83 would have relatively little effect on funding for 1984/85.

Finally, the Minister states that the formula's funding mechanism should be conducive to regular review and adjustment to respond to rapidly changing conditions.

The funding formula now in effect for distributing the operating grant among post-secondary institutions provides a financial incentive for increased enrolment.

While some universities are in a no growth or limited enrolment situation, other universities, such as Brock, are looking at substantial enrolment increases.

Dr. Alan Earp, president of Brock University, said although the present funding formula is advantageous for Brock now, he agrees with OCUA that a revision of the funding formula is in order.

"No one is really sure what the new formula will be, except that we anticipate that it will be a modification of the existing one, rather than a complete change," said Dr. Earp.

"Our principal concern is that any modification will allow for and recognize the importance of the flow-through of students already in the system," he said.

Dr. Earp said he expects the Minister of Colleges and Universities to announce a formula change for the 1984/85 academic year.

Degree granting legislation

The Ontario government passed an act on June 30/83 setting out stringent guidelines for degree granting in the province.

Bill 41 makes it illegal for any person to sell a degree diploma, to grant a degree, offer post-secondary programs leading to a degree, or advertise such programs as being offered in Ontario, without the approval of the provincial government.

The Bill, known as the Act to Regulate the Granting of Degrees, requires all degree granting institutions to be chartered by the provincial legislature.

Private, religious-based institutions, theological schools, and bible colleges are exempt provided they obtain the required statutory charters from the province.

Secular institutions that want to offer degree programs in the arts and sciences are required to affiliate with a recognized degree-granting institution outside the province that has ministerial consent to operate in Ontario.

Learning skills program

The Counselling Centre at Brock is offering the following Learning Skills program in August, open to both first year and returning students:

Study skills for students in Administrative Studies: The program covers topics such as case studies, seminars, study strategies, time management, note taking and reading, and will be tailored specifically for the student in Admin. studies. The program begins Aug. 8 through to Aug. 23, Mondays and Wednesdays, 7pm-9pm.

General Study skills: Topics covered include time management, concentration, notetaking, reading, essay writing, and preparing for and writing exams.

While this course is not tailored to students in a specific course of studies, an effort will be made to meet individual student needs in a variety of subject areas. The program is ten hours in length and runs Tuesdays and Thursdays, Aug. 16 - Aug. 30, 7 pm to 9 pm.

Re-entry Mathematics (August immersion): The program teaches the basic mathematics skills needed for entry into university credit courses in statistics and other mathematics courses required for non math majors (ie: Psychology, Business Administration, Geography, Urban and Environmental Studies).

Topics depend on student needs but typically include integers, order of operations, fractions, per cent, algebra, exponents, scientific notation, and roots. The program is 30 hours in length, and will run Mondays and Wednesdays, Aug. 2 - Aug. 31, 6pm to 9pm.

For details on these programs and upcoming fall programs, please contact the Counselling Centre, Thistle 270, Ext. 240.

WUSC sponsor student arrives

Mohamed Muktar Aliso, the student sponsored by the local committee of World University Service of Canada (WUSC) at Brock, is expected to arrive Aug. 12/83.

Through contributions made by faculty and staff at the University, Mr. Aliso will undertake a course of studies at Brock.

Further information on the sponsorship can be obtained by calling Esther Sleep, ext 266 or Eric Muller, ext 297.

Biology prof chairs committee

Prof Mike Dickman has been named chairman of the Regional Niagara Ecological and Environmental Advisory Committee (EEAC) standing committee dealing with drinking water concerns in regional Niagara.

Anyone wishing to appear before the standing committee to voice a concern about a particular drinking water problem in the region is invited to contact Prof Dickman at ext 392.

Brock pub to Cat's Caboose fun run!

Sunday August 14 is the date for the annual Brock pub to Cat's Caboose fun run.

The 2.7 mile fun run is termed "the fastest course in the world...all downhill!"

The run begins at 11 am, with participants meeting at the Brock Phys Ed building.

The first 300 competitors receive a souvenir mug.

Prizes will be awarded according to age categories: 12-14; 15-17; 18-29; 30-39; 40-49; 50 and up. There will also be special team prizes for the Buffalo and Niagara Regional Police.

Forms can be picked up at the Phys Ed centre, BT1019, or Athlete's Foot.

Entry deadline is Monday Aug. 8/83. Fee is \$6; post entries, \$7.

On board for Canada's Wonderland

Passes for Canada's Wonderland are available for Brock employees, their families and friends at the reduced price of \$9.95 per person. Children under three are admitted free.

The passes are valid Aug. 1 to Aug. 26/83 inclusive. Contact Personnel Services, ext. 273/274.

Print shop closed

The Print Shop will be closed Friday July 29/83 and Wednesday August 10/83.

University closed; Library open

The University, with the exception of the Library, will be closed Monday August 1, for the Civic Holiday.

However, the Library will remain open over the holiday weekend, with regular hours as follows:

Friday July 29 - 8 am to 6 pm
Saturday July 30 - 10 am to 5 pm
Sunday July 31 - 1 pm to 5 pm
Monday August 1 - 8 am to 9 pm.

Centre for English Language Programs

Prof Glenwood H. Irons presented a paper entitled "The Need for Standardized Evaluation in Canadian College and University Intensive English Programs" at the international TESOL summer meeting, held this year at the University of Toronto. The paper will be published in a forthcoming number of TESOL Quarterly.

College of Education

Prof John Novak presented a paper "Continuing the Kelly-Dewey Connection: Possibilities for pragmatic pedagogy" at the Fifth International Congress on Personal Construct Psychology held in Boston, Mass.

Fine Arts

Prof Mary Jane Miller gave a paper on "The American television western and the Canadian response: The CBC's Cariboo Country" at the third international conference on television drama at Michigan State University in May.

Physical Education

Prof Jean Wilson has been reappointed secretary of the School of Physical Activity Programs for the Canadian Association of Health, Physical Education and Recreation.

President Emeritus

In his capacity as Secretary-Treasurer of the Canadian Association of Rhodes Scholars, Dr. James Gibson was present at the 80th Anniversary Reunion in Oxford at the end of June. More than 1400 scholars and spouses from all the constituencies electing Rhodes scholars were present. Dr. Gibson was the opening speaker at the General conference in the Sheldonian Theatre on June 29 on the subject "The Rhodes Scholarships: Past, Present and Future".

Urban and Environmental Studies

Prof Fikret Berkes has received a three-year, \$52,545 grant from the Social Sciences and Humanities Research Council of Canada for his project, "Comparative studies of small-scale fisheries".

Burroughs Canada donates computer

Burroughs Canada will donate a BI855 computer system to Brock University.

That was the news contained in the July 26/83 letter from Mr. T.I. Csathy, president of Burroughs Canada, to Dr. Alan Earp, president of Brock.

The computer is valued at \$428,000, and represents the company's contribution to the University's Science Development Fund.

The BI855 will be used to handle conversion work which will lead to smoother installation, next year, of the University's purchase of a new B7900.

The system will also be used to develop administrative programs for application on the B7900.

Teachers and students will benefit from the system which allows for the teaching of business systems design using LINC, and the design and implementation of compilers and operating systems.

The BI855 will be installed in the Computing Centre for now, but will ultimately make its way to the Department of Computer Science said Dr. Earp.

The computer system will be installed by the end of the summer with the B7900 expected to arrive next May.

Development Fund at half-way mark!

The Brock University Science Development Fund, with \$2,245,203.98 in pledges and contributions, is at the half-way mark.

"We're delighted to have achieved fifty per cent of our goal," said John Bird, Director of Development at the University.

"We're half-way there, and, if everything we're planning in the next while goes according to schedule, I'm very optimistic we'll reach the \$3 million mark by the end of the year," he said.

A Fund Management meeting on Aug. 10 determines the activities the Development Office will undertake in the next few months. A car raffle is one suggestion the Fund committee will decide on.

"In general, we're confident, the Science Development Fund will reach its objective of \$4.5 million," said Mr. Bird.

Elderhostel boasts 171

The Elderhostel program, offered by the Office of Part Time studies at the University, registered 171 participants this summer.

"We had people here from 20 different states, 19 communities in Ontario, as well as from Montreal, Quebec, and Moose Jaw,

Saskatchewan", said Roger Reynolds, Part Time programs officer.

This year, the Elderhostellers on campus ranged in age from 57 to 86.

Comprised of Americans and Canadians, participants in the Elderhostel program, are offered discounts on travel and residence accommodation at various universities and colleges throughout North America. More than 500 campuses are involved in the program.

Each university sets up its own itinerary, which often includes structured classes, field trips and social activities.

Some of the events included in the Brock program this year were visits to the Shaw Festival in Niagara on the Lake, wine and cheese social hours, and classes ranging from "Eat, drink and be active" to "Cleaning up our act: Transborder environmental problems".

Brock's Elderhostel program was four weeks in length this summer, from July 4 to July 29, and accommodated a new group of approximately 42 per week.

Judging from the response to questionnaires participants in the program completed, the Brock program was a success with one American couple stating "We're very pleased...we've never had so much Tender Loving Care from Elderhostel. Hurrah for Canada!".

A Heidegger convention

Insights and discussion into the philosophy and works of German philosopher, Martin Heidegger, will be the topic of a four-day convention at Brock University, August 29 to Sept. 1.

The program deals with a number of issues regarding Heidegger and is sub-divided into various sections: Roots, Living, Persons, Academy, Poesis, World, Polis, and Being.

Dr. Alan Earp, president of Brock, opens the session on Aug. 29.

The program has been developed in conjunction with the University of Waterloo and Wilfrid Laurier University.

The president of the University of Waterloo, Douglas Wright, and the president of Wilfrid Laurier University, John Weir, will each chair a session.

Morning panel sessions begin at 9 am through to noon; afternoon sessions are from 2 pm to 5 pm. All sessions take place at the Brock University Playhouse. The closing day program will be televised by MacLean Hunter Cable T.V.

For further information regarding the conference contact Prof Z. Adamczewski, Philosophy, ext 322.

CAUT condemns B.C. government actions

The Canadian Association of University Teachers has issued a strongly worded statement censuring recent actions resulting from the B.C. government's restraint program.

The July release states that CAUT condemns "in the strongest possible terms the British Columbia government's attempts to abolish the protection of academic freedom in the universities, to erode university autonomy, and to reduce access to universities by slashing student aid by 40 per cent".

CAUT also criticizes legislation which would allow civil servants, school teachers and community school teachers to be fired without cause.

"This places the public servants and the teachers at the mercy of gossip, vendetta, and political malice", said the release.

CAUT said it considers the B.C. government's attempt to remove tenure and academic freedom for professors a gross

violation of university autonomy.

"Professors could become victims of political vendettas and intrigues; programs, departments, and faculties could be jeopardized because of partisan political considerations", states the release.

The newly introduced legislation "constitutes an unwarranted attack on the sanctity of the contracts signed in good faith by professors in B.C.", said CAUT.

CAUT summed up its position by saying the B.C. government's actions will, by making the recruitment and retention of good faculty extraordinarily difficult, in the long term, reduce the quality of education in the province.

University congress gathers

Brock University will send two representatives to the gathering of the Commonwealth Universities Congress in England this summer.

Dr. Alan Earp, president of the University, and Terry Varcoe, vice-president, Administration, are the Brock delegates.

The congress, which gathers every five years, meets at the at the University of Birmingham this year.

The congress is slated from Aug. 11 to Aug. 19, with the meeting of executive heads, Aug. 11-13, and the general congress, Aug. 14-19.

The theme of this year's congress is "Technological innovation - university roles".

The secretary-general of the Commonwealth, Shridath Ramphal, will deliver the opening address.

New location for CFELP

The Centre for English Language Programs

has moved from the Residence building (R214), to the 12th floor of the Schmon Tower (1210).

Research officer on staff

Pat Beard has returned to the University as an Institutional Research Officer, effective July 1/83.

Mr. Beard was previously an assistant to the Deans at Brock, having taken a three year leave of absence to work as a research officer for the Ontario Council on University Affairs.

CDA pig roast

The Canadian Diabetes Association holds its annual pig roast at the CDA House, (Old Symphony House) on the Brock campus on Sunday Aug. 28/83.

For vouchers (\$5/pound), and further information contact ext 717 or 684-3325.

Salads, plates and utensils will be provided at no extra charge; there is a small charge for fruits, drinks and desserts.

Canada's Wonderland passes

Brock employees, their families and friends are reminded that passes for Canada's Wonderland are available at the reduced price of \$9.95 per person.

Children under three are admitted free.

Passes are valid Aug. 1 through to Aug.26/83. Contact Personnel Services, ext. 273/274.

University closed Labor Day

Brock University will be closed Monday, Sept. 5/83 for the Labor Day holiday.

Publications

BEEKMAN, W., CHANG, S.-C., "An example in summability"; *Periodica Mathematica Hungarica*; Vol. 14 (2), (1983), 133-137.

Faculty and staff notes

Administrative studies

Prof Ken Blawatt recently presented a paper to the 16th annual conference of the Marketing Education Group at Cranfield, U.K. The paper was entitled "Attitude measurement: Problems and perspectives" and proposed that existing research in retailing may be flawed.

Chemistry

Prof J.S. Hartman recently attended the sixth international meeting on NMR Spectroscopy in Edinburgh, Scotland, and presented two papers:

J.S. Hartman & B.L. Williams, "Silicon-29 magic-angle-spinning NMR: An investigation of potential applications in feldspar mineralogy".

U.R.K. Rao, M.J. Collins, R.J. Gillespie, & J.S. Hartman, " NbF_6^- and SbF_6^- re-orientation in liquid and frozen dimethyl-sulfoxide".

The first paper is the result of collaborative work between the Chemistry and Geological Sciences departments at Brock. The second paper is the result of collaborative work with chemists at McMaster University.

Fine Arts

Naomi Oliphant has been invited to re-appear as a soloist with the Niagara Symphony Orchestra on October 29 & 30. She will perform Gershwin's Rhapsody in Blue, and a Chopin Nocturne.

Geography

Prof Anthony B. Shaw presented the following two papers in July, at the fifth annual conference of The Association of Caribbean Studies, Curacao, Netherlands Antilles: "Constraints on agricultural innovation adoption" and "Policy considerations in Guyana's rice

modernization programme".

Mathematics

Prof W. Beekman, Hagen, Germany, is visiting Brock University for six weeks at the invitation of Prof S.-C. Chang. They will attend the special session in summability at the American Mathematical Society summer meeting in Albany, New York. The following two papers will be delivered: "On summability invariants" and "Associativity and invariance properties in summability fields".

Psychology

Prof R. Ogilvie presented two papers at the 4th International Congress of Sleep Research in Bologna, Italy:

the study "Lucid dreams and the arousal continuum" was co-authored with Prof H. Hunt and Brock 4th year students, A. Kushniruk and J. Newman

"Behavioural and physiological indices of sleep onset" was co-authored with Dr. R.T. Wilkinson, of Cambridge, England.

General chairman named

Allan Orr, vice-president and general manager of Atlas Steels in Welland, Ont., is the new general chairman of the Brock University Science Development Fund.

Mr. Orr was named general chairman at a management committee meeting Aug. 10 at the University.

Mr. Orr fills the position of general chairman which has remained empty since the death of Mackenzie Chown in June/83.

"We're pleased Mr. Orr has accepted the position and we're confident his energy and enthusiasm will match the efforts of Mac Chown on behalf of the Development Fund," said John Bird, Director of Development at Brock.

Mr. Orr has served as a member of the Board of Trustees at Brock University since 1980.

He was appointed vice-president and general manager of Atlas Steels in 1974, and is active in a number of organizations in the Niagara region. He is a director of Foster Wheeler Ltd. and the Niagara Regional Development Corporation. He is a past director and member of the Auto Parts Manufacturers' Association.

As well as serving on the Board of Trustees at Brock, Mr. Orr is also a governor of Ridley College and a member of Council at Queen's University.

A "vette for science" raffle

The Brock University Science Development Fund committee will undertake a car raffle as one of its fund raising activities over the next few months.

The "vette for science" car raffle features a 1984 red Corvette as the grand prize.

The raffle will be announced at a press conference Friday Sept. 23, with ticket sales to follow.

The raffle consists of five preliminary draws named series A, B, C, D, and E. Ten names will be drawn from tickets purchased for each of the five series. The draws will take place Nov. 17/83, Dec. 29/83, Feb. 16/84, April 5/84, and May 17/84.

Tickets must be purchased separately for each draw and cost \$5 per ticket.

The final draw takes place Thursday May 24, 1984. The winner of the 1984 Corvette by Chevrolet, and the consolation winners, will be drawn from the fifty winning tickets chosen in the preliminary draws.

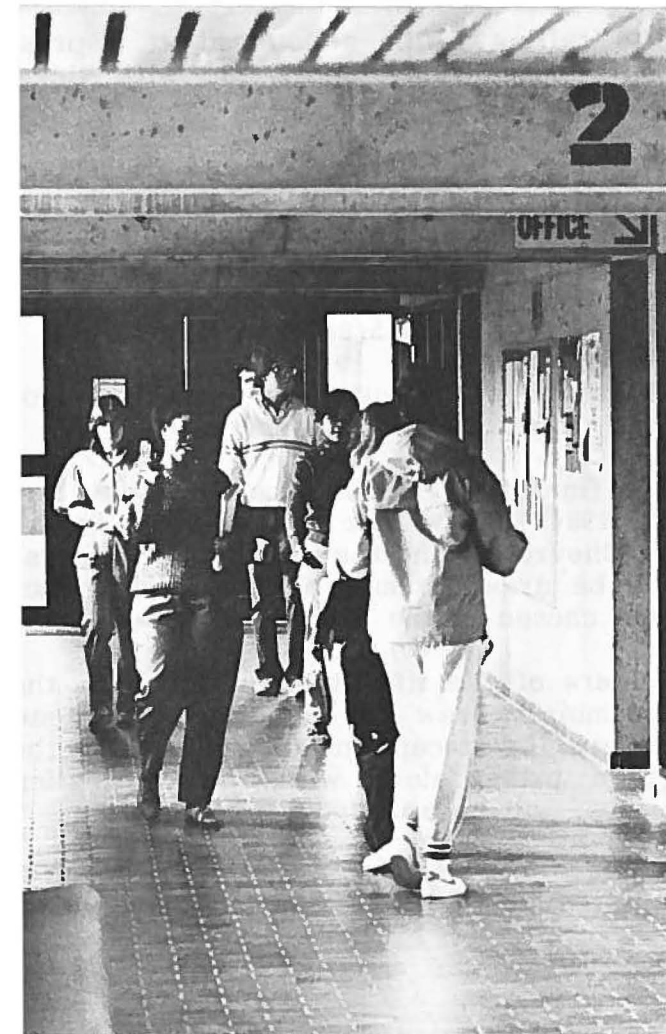

HOLDERS of the fifty tickets drawn in the preliminary draw will be invited to attend an evening reception at which time the grand prize, along with the consolation prizes, will be awarded.

Tickets for the car raffle will be distributed by the St. Catharines Jaycees.

Science building ready for students

The new science facility in the Mackenzie Chown complex will be ready for science students entering Brock this fall.

According to Bob Holmes, management consultant on the project, teaching areas in the Chown complex will be open and ready for science students as of Monday Sept. 5.

Research labs are expected to be operational one month later, in early October.

The Chown complex science facility will be officially opened at a ceremony planned for late fall.

Construction on the \$13.5 million building began in the spring of 1982, after the provincial government announced it would foot \$9.15 million of the total construction bill. The Brock University Science Development Fund was established to raise the remaining \$4.5 million - the Fund is now at the halfway mark.

Update from Computer Science

A note from the University's Department of Computer Science and Information Processing includes the following updates:

New appointments in the department include Prof J. Radue (January 1983), and Prof J. Barchanski (July 1983). J. Sentineal has been hired as a senior laboratory demonstrator, effective July 1983.

During the month of July the department re-located from G-Block of the Chown Complex to B-Block and C-Block. The secretary's office is now located in B306.

Computer Science and Information Processing has recently donated between 400 and 500 books to the Brock Library. More than half of the books were donated by faculty members.

"Spotlight" on campus

The University's Department of Administrative Services has inaugurated a new on-campus newsletter: Spotlight.

Spotlight will be issued quarterly and will contain information pertaining to the areas under Administrative Services: Central Purchasing, Printing and Stationery, Liquor, Mail, Food, Receiving, Shipping and Stores, Parking, and Switchboard.

The first issue came out in August, and circulation was directed to deans, departmental chairmen, supervisors, and senior administrative staff. Extra copies are available at the department.

Summer sculptures

Sculptures from the work of students in the summer VISA 205 course are now on display in the Library and in the Thistle corridor outside the Gallery.

The sculptures will be on display until Sept. 17/83.

Summershows '83

Summershows '83 Theatre company presents "Oh What a Lovely War" at the Studio, Brock Centre for the Arts, Aug. 27 & 28.

The show is a British musical satire on World War 1.

Maureen McKeon directs the play which features seven actors from the Niagara region.

The company is operating on a Summer Canada student employment grant.

Performances are Sat. Aug. 27 at 8 pm and Sun. Aug. 28 at 2 pm. Admission is \$3.

From the Library...

From the Library comes the following note about the reference periodical collection:

"The reference periodical collection, containing indexing and abstracting journals, has been classified and is now arranged by subject in call number order. Previously, the volumes were shelved in alphabetical sequence by title.

This rearrangement - which uses the same classification system as that used for the book collection - is intended to provide greater convenience to library users by placing indexes and abstracts on the same subject together on the shelves.

The call number for a title can be found by checking the Brock serials list at the reference information desk. Questions about locations should be directed to the reference staff.

Additionally, directional posters will be placed on the ends of the shelf ranges to help users familiarize themselves quickly with the new layout."

Flood plain mapping

A note from the Map Librarian in the Dept of Geography:

"Flood plain mapping has been a controversial issue in the region, of late. Detailed maps and reports produced for the Niagara Peninsula Conservation Authority are now available for reference in the Map Library, Department of Geography."

University closed Labor Day

Brock University will be closed Monday Sept. 5/83, Labor Day.

Last chance to clear totes!

Today, Friday Aug. 26/83 is the final day for all members of the Physical Education Centre, to clear out their tote boxes.

Members are asked to remove all personal belongings and leave the lock secured in place.

Beginning Monday Aug. 29/83 staff will clear out all tote boxes. Any contents found will not be retained for later retrieval by the owners.

Phys Ed centre closed

The Physical Education Centre will be closed to general membership from Friday Aug. 26/83 through to 8:30 am, Tuesday Sept. 6/83 when it will be opened for limited use during registration.

The Phys Ed centre will be fully operational again on Friday Sept. 9/83.

Another Wonderland deal

The Brock University Students' Union Inc. (BUSU) is offering a discounted "pay-one-price" passport to Canada's Wonderland for \$7.50.

The pass can be purchased by University faculty, staff, students, family and friends. Regular price for the pass is \$15.95.

Passes are valid from Aug. 26/83 through to Oct. 9/83. Canada's Wonderland is open every day until Sept. 5/83, at which point the amusement park is only open Saturdays and Sundays, until Oct. 9/83.

To purchase passes contact the BUSU office or the General Brock Store.

Garden City presents "Can-Can"!

Tickets are now available for the Garden City Productions fall musical "Can-Can".

The delightful stage production by Cole Porter features such tunes as "Can-Can", "C'est Magnifique" and "I Love Paris".

The production is directed and choreographed by Peter Hamilton.

There are ten evening performances and two matinees scheduled. The show begins Friday Oct. 28, running through to Saturday Nov. 12.

Ticket prices range from \$6 for senior citizens, students, and Sunday matinees, to \$8 and \$9 for evening performances.

The production will be staged at the Playhouse, Brock Centre for the Arts.

To order tickets contact Garden City Productions, c/o 616 - 380 Vine St., St. Catharines, Ont., L2M 4T6.

BROCK UNIVERSITY CAMPUS NEWS

Volume 21, number 26

9 September 1983

We're back in full swing!

Heat and humidity didn't seem to dampen the enthusiasm displayed by students lining up to register for the new academic year at Brock on Sept. 6.

For new students changes that have occurred throughout the summer won't be apparent but returning students will note several on-campus additions or renovations.

To begin with, there are some new names for existing campus structures. The Brock Tower is now officially known as the Arthur Schmon Tower and the former East Block complex (including the new science facility) is now referred to as the Mackenzie Chown complex.

The new science building (H-Block of the Chown complex) replaces the Glenridge facility which housed the Biology, Chemistry and Physics departments. Classes begin tomorrow, with laboratories expected to be functional within a month.

The Registrar's office is now on the third floor of the Schmon Tower. The Dean of Social Sciences and the Dean of Humanities are also located on the same floor.

The department of Administrative Studies (Accounting and Finance, Management and Marketing) and the department of Sociology are now in A-Block, Chown complex, in the area formerly occupied by the Registrar's office.

The departments of Politics and English are in A-Block of the Chown complex. That area was formerly occupied by the Carousel cafeteria.

The department of Computer Science has re-located to B-Block of the Chown complex (where Sociology used to be).

In an effort to properly accommodate the changes that have taken place throughout the year, the University is undertaking a massive graphics and signage program.

The lobby is one of the first areas to illustrate on-campus changes. A new directory and information kiosk are planned. A sign construction plant has been established in the carpenters' shop and new signs will soon be appearing throughout the campus.

The student residences on DeCew are receiving a face-lift with re-tiling of the exterior walls expected to begin this month.

The cafeterias throughout the University opened for business with the start of classes. The Schmon Tower cafeteria, The Pond delicatessen, located at Pond Inlet, the student residence cafeteria, and a number of sandwich carts will operate throughout the academic year. Lunch in the Faculty and Staff Lounge is also being served. Non-smoking sections have been designated in each of the cafeterias.

Parking in the main lot remains free, with a charge for parking in the lot beside the Physical Education centre.

Funding formula under discussion

The recent furor caused by the statement made by the Minister of Colleges and Universities, Bette Stephenson, that qualified university applicants may be forced into community colleges because of enrolment cutbacks at universities due to budget restraints, was the topic of debate at Queen's Park on Tuesday Sept. 6.

Dr. Alan Earp, president of Brock University, was present at the committee debate, along with representatives from York University, the Ontario Confederation of University Faculty Associations, the Council of Ontario Universities, and the Ontario University Students Association.

The committee was scheduled to examine legislation proposed by the Ontario government to limit the deficits universities can incur.

At the same time the committee was expected to question Dr. Stephenson about the province's policy of guaranteeing qualified students a place in an Ontario university.

Dr. Stephenson said last week the policy issued by former premier John Robarts in 1958 was being re-examined because of the emergence of community colleges.

A statement issued last week by acting president of Brock, Bill Matheson, said the University has turned away approximately 500 applicants.

Because of the outcry resulting from the disclosure that qualified applicants were being turned away from certain universities, the Minister postponed announcing the revised funding formula for post-secondary institutions, which was to have been made Aug. 26.

Dr. Stephenson has yet to re-schedule a date for announcing the new funding formula.

Aerobic fitness classes!

With a return to full-time academics, the Physical Education centre is once again offering the University Community a chance to get physically fit.

Aerobic fitness classes begin again on Monday Sept. 19. Classes will be offered on Mondays, Wednesdays, and Fridays at 7:30 am and 12:10 pm.

Registration for classes begin Sept. 12th to the 14th from 9 am to 1 pm; and again from 5 pm to 7 pm in the Phys Ed lobby.

Classes are co-ed. For more information contact ext 742.

Glass "Sir Isaac"

Alphie's Trough is the proud owner of a stained glass replica of the University's namesake, Sir Isaac Brock.

The artwork, measuring approximately 36"x 48", is patterned after the University's Sir Isaac poster, and was created by local artist Mary Lou Stunt.

A short ceremony at Alphie's on Thursday Sept. 1 unveiled the glass replica which is mounted behind the bar.

Tickets for Canada's Wonderland

The Brock University Students' Union is offering faculty, staff, students and friends passes to Canada's Wonderland for \$7.50 per person.

Regular price for the pass is \$15.95. Passes are valid through to Oct. 9/83. They can be purchased through the BUSU office or the General Brock store.

Canada's Wonderland is open weekends only until Oct. 9.

"Fools and players"

"Fools and players", a collection of paintings and drawings by artist Mikael Hallich Turner is now on display in The Gallery, Brock Centre for the Arts.

Born in London, England, Mr. Turner studied the history of art and design at Hornsey College of Art in London where he received an honors degree, Bachelor of Arts.

Mikeal began painting full time in 1980, visited Canada in 1981, and moved here in the spring of this year. He now lives in Queenston, Ontario.

Largely self-taught, Mikeal's work draws on images from the life and people around him. The exhibition at Brock is loosely based on ideas stemming from his contact with the Theatre.

"Fools and Players" is open to the public, 10 am to 4 pm, Monday through Friday. The exhibition runs until Monday Oct. 31/83.

There is a "Meet the Artist" reception on Wednesday Oct. 12 from 7 pm to 10 pm.

"A Designers' Showcase"

For those who enjoy viewing homes, the Niagara Symphony Association presents "A Designers' Showcase", Sept. 12 to Sept. 30 inclusive.

The showcase features a Regency home at 34 Yates St., St. Catharines, once known as the Martha Wright Dowry House.

The house was built around 1852 by Rev. Rufus Wright as a wedding gift to his daughter.

It now features the work and design of a number of regional interior designers.

The house has been loaned to the Symphony Association in support of its fund raising activities.

During the house showing, the Association will open a boutique in the garage featuring the work of local artists.

A brochure, describing the house and detailing the work of each designer, will serve as ticket entry to the house.

The brochure-ticket is \$5 in advance, \$6 at the door, and is available at various regional locations.

Brock golf tournament

The annual "Return to Brock" golf tournament is scheduled for Friday Sept. 9.

The tournament takes place at Brock Golf-land. All participants are welcome.

Green fees are \$5. Golf clubs are available at tee-off between 1 pm and 3 pm.

For more information call ext 742.

Canada Savings Bonds ready

Paid up 1982/83 Canada Savings Bonds are now available and can be picked up in the Payroll department.

Faculty and staff notes

College of Education

Prof R. Chodzinski recently conducted several workshops related to counselling strategies and techniques applicable to residential treatment facilities. The workshops were presented at Spectrum House, Miami, Florida.

Geological Sciences

Associate researcher Anna-Stina Edhorn gave a paper entitled "Protozoa in the Precambrian Gunflint formation, Thunder Bay area, Ontario, Canada," at the 3rd international symposium on fossil algae at Colorado School of Mines, Golden, Colorado. The paper will be published in a special volume of papers from the symposium.

Mathematics

Prof S.-C. Chang gave a lecture at the University of Western Ontario in August on "On summability invariants".

Prof Wolfgang Beekman, visiting professor in the Brock Mathematics department, from Fernuniversitat, Hagen, Germany, also spoke at the University of Western Ontario in August on "Associativity and invariance properties in summability fields".

Physical Education

Prof J. Evans has been appointed to the Research Council of the Canadian Association of Health, Physical Education, and Recreation.

A \$25,000 grant has been received from Fitness and Amateur Sport by the research team of Evans, Watkinson (U. of Alberta), McClements (U. of Saskatchewan), Reid (McGill U.), Vermeullen (Acadia), to survey the degree of integration of physically handicapped students in physical education programs, intramural and interschool competition in Canada.

Psychology

Prof J. Adams-Webber presented an invited paper, entitled "Construing Self and Others", to the fifth international congress on personal construct psychology in Boston, in July.

Prof E. Pomeroy was elected to the Board of Directors of the Canadian Mental Health Association at their annual meeting in St. Johns, Newfoundland.

Romance Studies

Prof M.J. Cardy read a paper entitled, "Technology as Play: The case of Vaucanson" at the sixth international congress on the Enlightenment held at the Free University of Brussels.

Sociology

Prof D. Harrison received \$5,188 from the Social Sciences and Humanities Research Council of Canada for her "Cancer and the media" research project.

BROCK UNIVERSITY CAMPUS NEWS

Volume 21, number ²⁷~~26~~

16 September 1983

Course enrolment is up!

Brock University President, Dr. Alan Earp, told faculty and staff gathered at the annual "Opening of Term" dinner at Pond Inlet, Friday Sept. 2, the University has experienced an 18 per cent increase in course enrolment.

Dr. Earp said preliminary figures based on registration data indicate the 18 per cent increase in course enrolment "in spite of our efforts to limit enrolment by increasing our admission standards."

"The substantial increase will put pressure on many areas throughout the university, however it's exciting for us to be confronted with these sorts of problems", he concluded.

Dr. Earp also welcomed the 32 new additions to Brock faculty and staff. The new appointments effective July 1/83 are:

M. Adams (Administrative studies), B. Austin (Administrative studies), J.A. Barchanski (Computer Science), L. Boldt (CFELP), J. Butko (Administrative studies), J.E. Butler (Fine Arts), R. Carlone (Biological sciences), D. Faroque (Economics), L. Fast (COE), G.M. Grand (Administrative studies), A.M. Guilmette, (Physical education), E. Harris (CFELP), J. Kaethler (CFELP), J. Kooistra (CFELP), P.C. Laurence (Physical education), R. Leah (Sociology), B. Mitrovic (Physics), E. Pipher (COE), A. Puusepp (COE), S.S. Rao (Biological sciences), A.B. Shaw (Geography), M.S. Smith (Psychology), Mark Thomas (Admini-

strative studies), W.M. Veloce (Economics), J. Warkentin (COE), E. Whalen (CFELP), P. Yannopoulos (Administrative studies), J.E. Radue (Computer science), D.J. Kennett (Psychology).

New staff members include G. Martin (Physical Plant), M. Little (Physical Plant) and C. Critelli (Physical education).

BUFA presents brief to minister

The Brock University Faculty Association presented its brief dealing with Bill 42 (Deficits legislation) to Dr. Bette Stephenson, Minister of Colleges and Universities, at a special committee meeting at Queen's Park on Sept. 7.

Prof Deborah Harrison, BUFA president, presented the brief stating BUFA considers "the term 'Deficits Legislation' to be a misnomer. It presents an image of irresponsible university administrators who are incapable of managing money, when the onus would be more accurately placed on the underfunding that Ontario universities have endured for the past twelve years."

"The underfunding reflects this government's declining commitment to university research and teaching, which is concretely manifested in its effects of discouraging talented people from pursuing academic careers, and reneging on the policy Premier Robarts enunciated 25 years ago of accessibility to university for everyone qualified", read the brief.

The BUFA report went on to deplore the government's funding scheme stating "in

1982/83 Brock received \$712 less per student than the University of Guelph, \$741 less per student than McMaster, \$816 less per student than the University of Toronto, and so on.

"When you multiply these discrepancies by Brock's 1982/83 enrolment of 7,800, you get a loss of income resulting from the current formula of almost five-million dollars, which is some 20 per cent of Brock's operating budget".

Prof Harrison voiced BUFA's concern over the government's pending announcement of the new funding formula for universities:

"The new formula that Dr. Stephenson is about to announce is rumoured to penalize Brock's growth even more, perhaps to the extent of compromising the University's commitment to its existing students.

"If this is the case, we hope Dr. Stephenson will change her mind. Brock, I might add is in the worst situation in this regard in the whole province, having achieved this dubious distinction by paradoxically being the most successful university at executing government accessibility policy".

Prof Harrison presented the BUFA brief, along with representatives from York, the Council of Ontario Universities, and the Ontario Confederation of University Faculty Associations to the Queen's Park committee which has been set up to look into Bill 42.

Children's arts program a success

The University's first annual Brock summer arts program for children was an "unqualified success".

That was the word from Roger Reynolds, Part-time Programs officer, who said the success of this year's program ensures its repetition next summer.

The program, involving children from eight to 13, included participation in music, art and drama events.

This year's program had an enrolment of 144 children.

"Judging from the reaction of parents and the children, the program was well-received and we intend on repeating it next summer," said Mr. Reynolds.

Comments from students in the course included adjectives such as "fun", "different" and "When I do art at school I do awful. I found that when I knew it was just for fun I did a lot better. I really enjoyed this course".

Tickets for Designers' showcase

Tickets for the house featured in the Designers' Showcase on 34 Yates St., St. Catharines, (Campus News, Sept.9) can be purchased for \$5 at the Brock Bookstore, attention Shelly Washuta.

Lunch hour concert series

The University's Department of Fine Arts once again presents its Lunch Hour concert series.

The series begins with the Music division hosting the appearance of Mr. Coenraad Bloemendal (cello) and Ms. Valerie Tryon (piano) on Tuesday Sept. 20 at noon in The Theatre.

The program consists of music by Bach, Beethoven, Chopin, and Debussy. Admission is free. Everyone is welcome.

English extension changes

The Department of English sends along the following telephone extension changes for some of its faculty:

Prof B. Crick, ext 471; Prof M.S. Hornyansky, ext 475; Prof J. Lye ext 475; and Prof R.D. MacDonald, ext 755.

The department is now located in A-Block.

Do you have your COU brief?

Along with the last issue of Campus News (Sept. 9), a brief from the Council of Ontario Universities on "Universities, Public Priorities, and the Future of Ontario" was also included.

Any faculty or staff member who did not receive a copy of the report can pick one up at the Information and Liaison office, Th 265.

Where to eat and what time please?

Saga Food services, in charge of the cafeterias at Brock University, has issued the following schedule for the academic year:

The Schmon Tower cafeteria, located on the first floor of the Tower, operates on a cash basis. Hours of service for the newly renovated cafeteria are Mondays to Thursdays, 8 am to 8 pm; Fridays 8 am to 3 pm; closed weekends. In addition to the breakfast, lunch and supper menus, the Grill is open daily for short order requests.

The Pond, located in the Pond Inlet is a deli-style cafeteria offering a deli bar and specialty foods. Beer is available at the Pond which is open Monday to Friday, 9 am to 1:30 pm. A daily special is available from 11 am to 1:15 pm.

The Residence dining hall is located in the residence building and provides service to residence students and their guests. Guests pay a set cash value for their meals and are entitled to unlimited quantities of all items offered. Mini-specials and special event dinners are also offered.

For those more disposed to a quick sandwich and coffee, Saga has set up sandwich carts in the Thistle foyer. The General Brock store in Thistle also offers a variety of light lunch items.

"The Getting of Wisdom"

The showing of "The Getting of Wisdom", Friday Sept. 23, begins the Brock Centre for the Arts 1983/84 International film series.

The Australian film is directed by Bruce Beresford and stars Susannah Fowle, Hilary Ryan, and John Waters. It examines the universality of one young woman's coming of age in an outpost of colonial civilization at the turn of the century.

The film will be shown at 8 pm in The Studio, both Friday Sept. 23 and Saturday Sept. 24.

For tickets and more information on the series of films to be shown this year contact the Box office, 688-5475/6.

Psychology colloquia

The University's Psychology department will host its first colloquium Monday Sept. 26 at 3 pm in the Alumni Lounge.

Guest speaker is Martin Daly from McMaster University who will address the topic "A Darwinian Analysis of Homicide".

Faculty and staff notes

College of Education

Prof J. Novak was the keynote speaker for the Upper Arlington, Ohio school system's "Opening of School" session.

History

Prof W.B. Turner was elected president of the Ontario Historical Society during the summer. His term as president is one year.

Philosophy

Prof J.R.A. Mayer gave invited lectures on the history of the left-wing of the Reformation at the University of Chicago's Meadville-Lombard Divinity School, in August.

The conference on Heidegger, "From Hitler to Nietzsche", organized by Prof Z. Adamczewski, drew prominent visitors to the Brock campus. In addition to those on the program, Dr. Wolfgang Shirmacher from Frankfurt, as well as academics from American and Canadian universities, participated. An SSHRC grant of \$2,500 contributed to defray expenses.

Prof D. Sinha was invited to join the panel of a round table session on "The concept of man in classical Indian philosophy" at the 17th World Congress of Philosophy, held in Montreal in August. His presentation was entitled "The Atman perspective and the human predicament". Prof Sinha also acted as commentator in one of the sessions of the Canadian Philosophical Association during the Congress. This was the first time the World Congress, held every five years, met in Canada. It was hosted by the University of Montreal, and had as its principal theme "Philosophy and culture".

Recreation and Leisure studies

Prof Ann Marie Guilmette reviewed a proposed book entitled "Humor and Laughter: An anthropological perspective", for Leisure Press, New York, July 1983.

Prof Guilmette also presented a paper entitled "The role of surprise and threat in incongruity humor" at the American Psychological Association (APA) meetings in Anaheim, California, August 1983.

Preparing for a phonathon

The Alumni office at Brock is preparing to undertake one of its largest phonathons to date, beginning Monday October 17.

That's the word from Ginny Gilbert, Alumni officer, who said the Association is mounting the project in order to meet its \$100,000 pledge to the Brock University Science Development Fund.

"We are very pleased we've been able to raise \$40,000 to date, and we hope this project will bring us closer to the \$100,000 objective," said Mrs. Gilbert.

The money will be used to defray the cost of the Brock Alumni Greenhouse, now under construction.

The greenhouse, which will stand next to the University's new science complex, is expected to cost \$182,799.

"We've assembled a list of volunteers who, over a two week period, will be calling the 4,000 Brock alumni in the Niagara Peninsula," said Mrs. Gilbert.

"Since the phoning will take place during the evening we're asking faculty and staff to cooperate by restricting their use of the phones during that period," she said.

Approximately 200 volunteers will man the phones over the two week period. Faculty and staff members who can volunteer an evening are asked to contact the Alumni Office, ext 251.

'Vette draw officially underway

The 'Vette for science car raffle is officially underway.

The raffle, the latest event undertaken by the St. Catharines Jaycees to help the Brock University Science Development Fund to meet its \$4.5 million objective, was announced at a press conference Thursday Sept. 22.

The 1984 red Corvette by Chevrolet was displayed at the conference. Miss St. Catharines Jaycees Queen, Karen Vine, and Sir Isaac Brock (played by drama student Krzysztof Szychowski) were also in attendance.

The raffle's mechanism involves five preliminary draws, named series A, B, C, D, and E. Ten numbers will be drawn from tickets purchased for each of the five series:

Series A - Nov. 17/83
Series B - Dec. 29/83
Series C - Feb. 16/84
Series D - April 5/84
Series E - May 17/84

Tickets must be purchased separately for each draw and cost \$5 per ticket.

The final reverse draw takes place May 24, 1984. The winner of the Corvette and the consolation winners will be chosen in a reverse draw from the fifty winning tickets chosen in the preliminary draws.

The St. Catharines Jaycees will distribute the tickets as one of their community pro-

jects. Tickets are also available at Avondale stores, ticket booths at major malls, and through community organizations and employee associations. Blocks of 100 tickets are available at a discount to interested groups or individuals directly from the Brock University Finance office. Tickets can be purchased at the Bank of Nova Scotia in Welland, Fort Erie, Niagara Falls, and the main branch in St. Catharines.

Mexican exchange students on campus

Two Mexican exchange students have arrived at Brock to pursue studies in international politics.

Ivonne Encina Dieguez, 20, and Yvonne Alexandra Paczka Adame, 20, from the National Autonomous University of Mexico in Mexico City will study at Brock for one semester.

The two students were formally welcomed by Dr. Alan Earp, President of Brock, in his office, Friday Sept. 16.

"We're pleased you're here," said Dr. Earp. "And we hope this will be the beginning of a link between us and Mexico".

The students presented Dr. Earp with a letter written by the Director of the National Autonomous University of Mexico, expressing his pleasure at the exchange.

Prof Pat Sewell of the Politics department arranged for the exchange and said two students from Brock will likely be selected next semester to go to Mexico.

We're home!

Biology, Chemistry and Physics faculty and staff have now moved into their new offices in the Mackenzie Chown Complex. Chemistry offices are in E block, Biology in F, and the Physics department offices are in B block. While some research offices are still located in the old Glenridge building, labs are operating for all departments in H block.

The Dean of the Division of Mathematics and Sciences is now in D-408.

Exchange nights planned

The Foreign Students Advisor is holding get-togethers for foreign students and Canadian students on Tuesday evenings at 7:30pm in the Alumni Lounge, 13th floor of the Arthur Schmon Tower.

Last Tuesday over 60 students and faculty turned up for tea, coffee, doughnuts and conversation. The turnout was large because the International Students' Assn. had been invited to use the venue for their first meeting.

All faculty, staff and students are welcome to join the group.

Printing Supervisor appointed

Mr. Raymond Birmingham has joined the Department of Administrative Services as Printing Services Supervisor. Ray brings with him a varied background in the printing trade, having been the manager of Go-Print for the past eleven years.

Heidegger on 10

Maclean-Hunter TV will rebroadcast the closing day proceedings of the Heidegger convention recently held at Brock University.

The schedule:

6 October, 6:30pm, the morning session with Profs R.Schmitt (Rhode Island), T.Langan (Toronto), and R.Taylor (Brock); 7 October, 8:00pm, the afternoon session with Prof Zygmunt Adamczewski.

NFB films at Brock

The Department of Fine Arts will screen three NFB films at 8pm, Wednesday, September 21 in The Studio. Dr. Mayer,

chairman, Department of Philosophy will be introducing the following films:

If You Love This Planet
Acid Rain: Requiem or Recovery
Acid From Heaven.

This will be a free screening open to the public. To our knowledge, these films have not been screened together in the area previously.

Directors Beyond Hollywood Film Series

The film works of Robert Altman and John Cassavetes will be featured in Brock Centre for the Arts' new Directors Beyond Hollywood film series. The films will be shown on Friday nights at 8pm in The Studio.

The first film in the series will be Robert Altman's Buffalo Bill and the Indians which will be shown Friday, September 30. Filmed in Alberta, it is the story of the legendary Buffalo Bill and stars Paul Newman, Joel Grey, Burt Lancaster and Geraldine Chaplin.

The second Altman film to be shown is Three Women starring Sissy Spacek, Shelley Duval and Janice Rule on Friday, October 14 at 8pm.

On Friday, October 21 at 8pm, Husbands will be screened. This is John Cassavetes' story of the friendship of three men and stars John Cassavetes, Peter Falk and Ben Gazzara.

The series will end on Friday, November 4 at 8pm with Gloria directed by John Cassavetes. Gena Rowlands stars in this look at the life of a woman gangster.

Subscriptions to the series are on sale at the Box Office for \$6/four. Tickets may also be purchased by 'phone using Visa or Master Card (688-5475 or 688-5476).

Faculty and Staff Club

The annual wine tasting party will be held Friday, September 30, from 4:30 to 7pm in

the Faculty Club. Cost is \$5. Memberships are available now from J. Adams-Webber or at the door.

Piano lessons

The Brock Department of Fine Arts Music Program will once again offer non-credit piano instruction for beginning, intermediate and advanced level students. Under the direction of June Hayes, the program will be run in affiliation with Brock University's degree course in piano pedagogy. Instruction will be provided by University faculty or by experienced student teachers under careful supervision by Ms. Hayes. Selected students may also be chosen for demonstration purposes in the University's piano pedagogy course.

Students may elect either weekly half-hour or full-hour lessons. During the year, recitals and master classes will be presented in order to encourage student performance. Registration for piano instruction, fees, and session dates can be obtained from D.Boozan, ext 214.

Canadian Studies Coordinator named

The President has announced Prof Pat Dirks will be coordinator of the Canadian Studies Program. She will serve a three year term.

Designers' showcase tickets

Tickets for the house featured in the Designers' Showcase (34 Yates St., St. Catharines - Campus News 9 Sept.) can be purchased for \$5. Contact: S.Washuta, Bookstore, or W.Matheson, ST330, ext.479.

Justice down under

"Of course you can put a price on justice. Whether we like it or not, all governments do," said William J. Robinson, the Deputy Under Secretary of Justice and Courts Administrator of New South Wales, Australia. He was speaking to students and alumni of Brock's Judicial Administration program on Sunday, September 18, on campus.

Robinson described the organizational and operational problems of the New South Wales courts, many of which parallel the courts in Canada. At the same time his state, with a population of five million, has fewer judges per capita than any province in Canada, and has unified its administrative apparatus beyond that of any jurisdiction in Canada.

Robinson visited Brock as part of a nationwide visit to study developments in Canadian courts that might be instructive for Australia.

Library news

The University library has acquired a microfiche collection of texts of statements

and speeches issued by the Department of External Affairs from 1946 to 1970. (Statements and speeches 1970 to date are currently in the Documents Collection in paper form.) The microfiche set is accompanied by a numerical list and a subject index, so it is now possible to trace, for example, the various official statements on Canada's role in NATO. The fiche are housed in the Documents Microform cabinet under the call number DOC CA1 EA38 S71.

SSHRCC application deadline dates

The Office of the Deans' notes that information and application forms are available in their office for the following SSHRCC awards, 1984-85:

- . Special MA scholarships - deadline December 1, 1983;
 - . Doctoral Fellowships - deadline November 15, 1983;
 - . Leave Fellowships - deadline October 1, 1983;
 - . Postdoctoral Fellowships - deadline October 1, 1983;
 - . Program of aid to occasional Scholarly conferences in Canada and Rhodes Scholarships, deadline October 25, 1983.
-

C.E.L.P. inauguration party

The Centre for English Language Programs will host an inauguration party for the new TESL program in Pond Inlet (mezzanine) Wednesday, October 5 at 7:30pm.

Program your phones

In the early hours of Monday morning a transformer-rectifier failed in the University telephone system. Early arrivals on campus discovered their telephones were dead.

Service has been restored, but all programs were lost in the failure. Any call-forwarding features you use must be reprogrammed using the 7011 or 62 prefix you

prefer.

In fact, the switchboard operators suggest you reprogram your telephone every Monday morning to ensure proper service -- power failure or not.

Grad Scholarships '84-85

Ontario Graduate Scholarship applications for the academic year 1984-85 are now available in the Student Awards office, room The 271A. Deadline for application is November 1, 1983.

Brock's new program on CBC

The new Liberal Studies program will be discussed with its coordinator, William Mathie, as part of a CBC "Ideas" series on Canadian universities. CBC-AM, October 2 - 6 at 9pm.

Badminton for fun and recreation

Faculty and staff badminton will begin on Friday, October 7, College of Ed gym, 7:30 to 10:30pm.

Phonathon volunteers wanted

The largest phonathon undertaken by the Brock Alumni office edges closer to its starting date with a need for more volunteers.

Ginny Gilbert, Alumni officer, said she is encouraged by the response from alumni volunteers within the community, but more volunteers are needed to meet phonathon requirements.

"We anticipate a need for approximately 200 volunteers," said Mrs. Gilbert. "We have a confirmed 75 per cent. We would be very pleased to include faculty and staff volunteers in our phonathon".

The phonathon begins Monday October 17 through to Thursday October 20, then again from Monday October 24 to Wednesday October 26.

Any member of the University community who can volunteer one evening is asked to contact Mrs. Gilbert at ext 251.

Funds raised during the phonathon will be used to meet the Alumni Association's pledge of \$100,000 for the Alumni Greenhouse.

The greenhouse, which is now under construction next to the University's new science complex, is expected to cost \$182,799. More than 4,000 alumni in the Niagara Peninsula will be contacted within the two week period.

Venezuelan students at Brock

Fifteen graduate students from Venezuela have arrived at Brock to study English in the University's Intensive English Language program.

The students, Marianna Caleca, Cristina Castillo, Miguel Coronada, Lila Franco, Luis Joubertt, Delia Marciano, Marilena Montagner, Jose Martinez, Mirna Pinanago, Myriam Quinones, Alicia Rivero, Rita Rodriguez, Ivan Soto Arape, Caroline Salas and Jesus Salas are instructors at various colleges and universities throughout Venezuela.

The students hope to enter graduate programs at Canadian universities once their English proficiency reaches an acceptable level. The students arrived in September and will study until August 1984.

A second group of ten Venezuelan students is expected to arrive in January.

Thanksgiving holiday

The University community is reminded Brock will be closed Monday Oct. 10, in observance of the Thanksgiving holiday.

The Brock Library will also be closed Monday Oct. 10, but will maintain regular hours on the weekend.

Brock student Festival queen

Karen Vine, a student at Brock's College of Education, is the Niagara region's Grape and Wine Festival queen.

Miss Vine, 23, was chosen Miss Jaycee during recent ceremonies unveiling the "Vette for science" car raffle that the Brock University Science Development Fund and the St. Catharines Jaycees are sponsoring

Miss Vine was selected queen of the festival at the annual ceremony held Saturday Sept. 24 in St. Catharines.

College of Education grant

The College of Education has received a grant of more than \$17,900 from the Ontario Police Commission for research and development of leadership programs for Ontario police forces.

A major part of the grant (\$10,743) will be directed towards the PRAISE centre for the development and testing of a performance review system for use at management and supervisory levels.

A secondary purpose of the project is to utilize information gained from the review system to develop and revise curriculum material for the Ontario Police College and the Ontario Provincial Police Academy.

Dr. Lawrence Hewick is the project director.

It's National Universities Week!

Brock University joined her counterparts throughout the country this week as various activities were undertaken to mark National Universities Week

Daily campus tours culminated in a "Walk with the President", Saturday Oct. 8.

A wine and cheese reception for Niagara Peninsula high school guidance counsellors was held Wednesday Oct. 5. The counsellors were introduced to new programs now in session at Brock and updated on existing courses.

National Universities Week was held throughout Canada to mark the achievements of higher education and to draw attention to the essential role of Canadian universities to community life.

The theme of the week is "We have the future in minds".

Autumn children series

"Maria of Sesame Street" heralds in the Brock Centre for the Arts' new autumn children series.

Maria performs in The Theatre on Saturday Oct. 15 at 2 pm.

The show promises to be an entertaining one for children. Popular Sesame Street songs will be sung.

Also included in the Saturday afternoon children series are "The Festival Brass" and "The Magic of Lynn and Jeff Nelson".

Series tickets for all three shows is \$12 for adults and \$9 for children and senior citizens. Single tickets are also on sale for \$6/adult and \$4/child and senior citizens.

For more information or to purchase tickets call the Box Office, 688-5475/6.

Beer for 99 cents!

"Happy Hour" at Alphie's Trough features draft beer for 99 cents Monday through Friday, 4pm to 6pm.

Publications

ADAMS-WEBBER, M.C., "The Interstate Commerce Commission and Southern Territory Freight Rates, 1887-1940"; The Journal of Transport History, Vol 4, No 2, Sept. 1983, pp 63-74.

Faculty and staff notes

Geography

Prof Keith Tinkler presented a paper entitled "Fluvial themes from the history of geomorphology" at the 14th annual Geomorphology symposium held at S.U.N.Y., Buffalo in September.

Geological sciences

John Harris of the Visiting Petroleum Geological program of the American Association of Petroleum Geologists (AAPG) visited the Geological Sciences department in September, presenting a lecture on "Structural geology of oil deposits".

Politics

Prof Dan Madar presented a paper, "Not a Big Ten-Four: Trucking deregulation and Canadian-American economic relations", at the annual convention of the American Political Science Association in Chicago.

In July, Prof Madar served as external examiner at the University of Toronto for a Ph.D. thesis, "The impact of public opinion and pressure groups on congressional foreign policy decisions".

Romance studies

Prof L. Rosmarin has been appointed to the special ad hoc committee of the Ontario Modern Languages Teachers Association to organize the first provincial French contest to be held at Brock in May 1986, as part of the 100th anniversary of OMLTA.

Campus News is published by the Information and Liaison office, Thistle 265. The next issue will be October 14; copy deadline is October 7 at 3 pm.

Come see what's going on at your local university. It's more than academic!

This fall, take a good look at the university serving your community. Take a look beyond the libraries and lecture halls to the labs and research facilities where theory takes on shape and substance. Take a look at how individual potential is being developed and people are working toward a better, brighter future for all of us.

Take a look at the rich cultural life, the exciting sports events - and at the special activities scheduled during National Universities Week.

We'll intrigue you - we'll probably surprise you.
Because we're more than academic.

October 2nd -8th

NATIONAL UNIVERSITIES WEEK

CAMPUS NEWS

14 October 1983

Excellence in the eighties

"Excellence in the eighties" is the theme of a speakers series organized by the University's School of Administrative Studies.

The series will feature a number of top executives in Canadian companies as keynote speakers.

The theme of the series was inspired by the bestseller In Search of Excellence, by Peters and Waterman from McKinsey & Co.

David Meen, managing partner in the Toronto office of McKinsey & Co., and author of a number of articles on excellent Canadian corporations, begins the series with a talk on Tuesday October 18 at 7:30 pm in the Pond Inlet.

The series will examine corporate excellence in Canada today by looking into some of the Canadian-owned companies that represent corporate excellence based on sustained growth and profitability.

The characteristics shared by successful Canadian companies (as identified by In Search of Excellence) include a vision that works because it is clear, compelling and comprehensive; a people-focused management style; and an extraordinary measure of continuity at top levels of management.

Speakers will be invited to comment on this theme and the factors which have contributed to their company's excellence.

Entertainment update

Outstanding national and international entertainment is featured for the Brock Centre for the Arts 1983/84 season.

Performances will be presented in three series this year - music, music theatre, and dance.

The music series features the Paillard Chamber orchestra, the Elmer Iseler singers, and the Orford String quartet.

The dance series involves the contemporary dance group, Dancemakers, Les Ballets Jazz de Montreal, and Jennifer Muller and The Works.

Music theatre presents An Evening with Don Harron and Catherine McKinnon, Mary Lou Fallis as Primadonna, and Beth Anne Cole.

Prices for tickets to the dance series are adults \$30, students/seniors \$21; for the music theatre and music series, adults \$24 and students/seniors \$18.

The Brock Centre for the Arts will also present a variety of entertainers for the Children's series.

Included in the autumn series are Maria of Sesame Street, Festival Brass, and the Magic of Lynn and Jeff Nelson.

Prices are adults \$12; children/seniors \$9

For more information on dates, times and prices contact the Box Office at 688-5475.

BUFA objects to low operating grant

Figures released by the Brock University Faculty Association show that Brock receives the lowest provincial funding per student of any Ontario university.

In a press release issued last week, BUFA said figures from Ontario government agencies show that in 1982/83, Brock received operating grants of \$2,188 per student unit. That figure places Brock 15th out of the provinces 15 universities.

The average grant per student unit across the province in 1982/83 was \$2,764. The University of Toronto had the highest at \$3,004 and McMaster in Hamilton was second at \$2,929.

BUFA said Brock's low figure is a result of its rapid increase in enrolment. Grants to all Ontario universities are discounted when student numbers grow.

"Brock's very success in drawing students is penalizing it in the eyes of the provincial government," said Prof Carl Baar, BUFA vice-president.

Although the provincial government is planning a change in the funding formula for the next academic year, BUFA said in the release that "preliminary indications suggest that, if anything, Brock will receive even less per student unit."

Archaeology lecture

The Niagara Peninsula Society of the Archaeological Institute of America presents its second illustrated lecture, "Geoarchaeology: In Search of the Past", on Sunday October 16 at Brock.

Prof Roger H. King from the Department of Geography at the University of Western Ontario will be the guest speaker.

The lecture will be held at 8 pm in TH245.

Admission is free for members of the local society and/or the A.I.A. and students. For other individuals the price is \$2. The public is welcome.

Aquatics centre appointment

Peter Bradstreet joins the University's Aquatic Centre on Nov. 1/83 as a swimming and coaching instructor.

He will also assist with the technical maintenance and operation of the University's pool.

Mr. Bradstreet's aquatics background includes swim instruction and coaching at the Granite Club in Willowdale, Sir Sanford Fleming College in Peterborough, and the YM-YWCA in Guelph. He also developed and coached a competitive swim team in Duncan, British Columbia.

Computing centre appointment

Clyde Finn has joined the Computing centre staff as operations manager, effective Oct. 11/83.

Mr. Finn has worked in various data processing functions at the Glass Fabrication Division of Ford, Canada in Niagara Falls for the past four years. He has also worked for the Occidental Petroleum Corporation for the preceding fourteen years.

Optional life insurance

Personnel Services sends the following note:

Faculty and staff are reminded that life insurance over and above the normal group insurance is available. For more information contact Personnel Services.

Reference service extension

Library staff will now be available to provide assistance at the Reference Information desk on Sunday afternoons from 1 pm to 5 pm.

The extended service begins Sunday October 16 through to Sunday December 4/83 on a trial basis.

Psychology colloquium

Prof Doug Austrom of the University's School of Administrative Studies is guest speaker at the Psychology department's second colloquium this term.

Prof Austrom's topic is "The quality of individual and organizational life: The role of community and familial relations".

The colloquium will be held Monday October 17 at 3 pm in the Alumni Lounge. All are invited.

"Three Women" and "Husbands"

Two films from the film series, Directors beyond Hollywood, will be screened this month.

"Three Women" by Robert Altman, starring Sissy Spacek, Shelley Duval, and Janice Rule will be shown on Friday Oct. 14.

"Husbands" by John Cassavetes, starring John Cassavetes, Peter Falk and Ben Gazzarra will be shown on Friday Oct. 21.

Both films begin at 8 pm in The Studio, Brock Centre for the Arts. Admission is \$3 per person.

The last film in the series, "Gloria", will be shown November 4.

Linus Pauling to speak

Linus Pauling, one of the world's foremost scientists and a two-time recipient of the prestigious Nobel prize, will be in the Niagara region to speak on "Global prospects and dangers: A scientist's perspective".

Dr. Pauling will be the United Nations Association's guest speaker on Friday October 28 at 8 pm at the Centennial High School auditorium in Welland.

The scientist holds the unique distinction of winning the Nobel prize twice: first for his work in chemistry in 1954, which led to the discovery of the atomic structure of the protein hemoglobin in human blood; then again in 1963, this time winning the Nobel Peace prize for being the principal author of the Nuclear Test Ban treaty signed by both the United States and the Soviet Union.

Dr. Pauling was also awarded the Lenin Peace prize, the highest honor given by the Soviet Union.

Tickets for the event are \$3 per person and can be purchased at the Brock University Box office.

Grad scholarship application forms

Those wishing to pursue graduate studies can pick up Ontario graduate scholarship application forms from the Student Awards office, Th271A.

Deadline for applying for the 1984/85 academic year is Nov. 1/83.

Tuesdays in the Alumni Lounge

Faculty, staff and students are invited to

join foreign and Canadian students in the Alumni Lounge on Tuesday evenings at 7:30 pm for an informal gathering.

Tea, coffee and doughnuts will be served.

Christmas holidays

Faculty and staff wanting to plan their holiday activities ahead of time can note the University will observe the following holiday schedule over the Christmas season: from noon, December 23, 1983 to, and including January 2, 1984. Employees will return to work on Tuesday January 3, 1984.

Publications

GRANT, B.K., ed. Film Study in the Undergraduate Curriculum; New York; Modern Language Association, 1983.

This anthology contains Prof Grant's essay "Notes on Experience and the Teaching of Film", which originally appeared in The Journal of Mind and Behavior.

Faculty and staff notes

Biological sciences

Prof Bill Cade spoke on "Our insect friends and enemies" at M.J. Brennan and Gracefield Elementary schools in Niagara region.

Fine Arts

Prof B. K. Grant has been appointed to the editorial board of Literature/Film Quarterly.

Science fund gets boost from region

The Brock University Science Development Fund, pending Niagara Regional Council approval, stands to receive \$200,000 from the region.

In a recommendation by the region's finance committee on Oct. 12, \$200,000 was allocated for the Brock science fund.

The money comes from a \$1 million contingency fund.

Brock originally asked the region for a \$1 million donation. Councillors have stalled on reaching a decision on funding requests both by Brock and the CAT Scan campaign.

Wednesday's meeting allocated funds for both projects with a motion forwarded that future consideration for additional funding be accorded the campaigns next year.

"We're delighted the region is supporting the Fund to that extent this year," said John Bird, Director of the Brock University Science Development Fund.

"We've also been invited to make a presentation to council in February of 1984 in order to request further funding in the 1984 budget year," he said.

The Science Development Fund stands at \$569,861 in cash, \$1,399,914 in pledges, and \$430,579 in other revenue.

Autumn colors and fall convocation

Autumn colors surround pageantry as fall convocation takes place Friday October 28.

Approximately 272 undergraduate degrees will be awarded, along with 71 graduate degrees.

The first Master of Divinity degree, in affiliation with Concordia Lutheran Seminary, will also be awarded at the fall ceremony.

Daryl Harvey Etheridge from Sandborn, New York, is the recipient of the Master of Divinity degree.

Brock will confer two honorary degrees this fall:

The Honorable Mr. Justice J.R. Barr, recently appointed to the Supreme Court of Ontario; and Nora Chatwin, one of the founders of the degree program in Physical Education at Brock University, will be presented with the degree of Doctor of Laws, honoris causa.

The Honorable Mr. Justice Barr will deliver the convocation address.

University Chancellor, Ralph Misener, and President and Vice-Chancellor, Alan Earp will preside over convocation.

Ceremonies begin at 8 pm in the Phys Ed complex.

Art or kitsch?

"Film music: Art or kitsch?" is the topic of guest lecturer Lothar Klein, University of Toronto, on Tuesday November 1.

Prof Klein is a guest of the Music Division, Department of Fine Arts, and will speak in The Theatre at noon.

The composer's repertoire consists of a wide-ranging typology. He has written several unique concerto-like works, was commissioned by the CBC, and has written for the National Ballet of Canada.

Prof Klein is now teaching composition at the University of Toronto.

Where is Sophia?

The Brock Philosophy Society presents a series of lectures this term on the theme, "Where is Sophia?".

Other planned events include a classical Indian dance recital and a concert in the spring.

A general meeting will be held on Wednesday October 26 in the Schmon Tower 1203 at 4 pm to discuss the year's events.

Everyone is invited to attend.

German film series

A contemporary German film series is being presented this fall by the Departments of Fine Arts and Germanic and Slavic studies.

In cooperation with the Goethe Institute in Toronto, the films will be offered on a weekly basis beginning Wednesday Oct. 26 to Wednesday Oct. 30.

"The Confessions of Winifred Wagner" is

the first film to be screened on Oct. 26.

The film centres on Richard Wagner's daughter-in-law reminiscing about the Wagner family and about her friendship with Hitler.

The film begins at 8 pm in The Theatre. Dialogue is German with English sub-titles. Admission is free.

Creighton exhibition to Hamilton

Artist Robert Creighton's exhibition of "Recent Prints and Drawings" will be on display in Hamilton in December at the Hamilton Artists Inc. Gallery.

The exhibition begins December 2 and runs through to Dec. 22. The Gallery is located on 143 James St. N., and hours are Tuesdays to Fridays 11 am to 5 pm; Saturday, 11 am to 4 pm.

Pension plan meeting

Pension plan members are reminded that an open meeting will be held on Tuesday Nov. 1 at 4:30 pm in the Alumni Lounge.

The University's actuary, and the money managers will be in attendance to review their roles and to respond to queries.

Questions should be forwarded in advance in writing to Bob Nairn, 13th floor, Schmon Tower. These questions will be answered first before responding to questions from the floor.

Welcome to...

Cynthia Singleton has joined the staff of the University Library as Science Librarian effective Monday Oct. 17.

Cynthia has a B.Sc (Hons) in Plant Science

and an M.L.S. from the University of Western Ontario.

Her most recent position was with Mount Allison University where she worked in the Reference department of the University Library.

Cynthia can be contacted at either ext 233, Reference department or ext 231, computer search service.

LOGO workshop

A three-hour workshop on advanced LOGO programming, and issues involved in the teaching of LOGO, takes place on Friday Dec. 2.

The workshop will be conducted by Don Watt, who is on the editorial board of Byto and Creative Computing magazines.

Don has been associated with the M.I.T. LOGO project and has considerable expertise in this field.

The workshop will not be hands-on. To benefit fully from the workshop it is recommended that participants have some familiarity with LOGO programming.

To register for the workshop, please contact John Mitterer, Psychology Department, ext 467.

Those who are not familiar with LOGO and who would like a hands-on workshop introduction are also asked to contact John Mitterer. If enough beginners are interested, the SSHRC microcomputer grant committee will schedule an additional session.

Prof Headley at 758

Prof Velmer Headley, Department of Mathematics, has a new telephone extension - 758.

Faculty French lessons

Faculty members interested in using or improving their French are invited to meet with Prof L. Rosmarin once a month on Fridays for an hour of conversation.

The first meeting of the "Cercle Francais" will be held on Friday Oct. 21 at 1 pm in the Schmon Tower 1123. Feel free to bring your lunch.

For more information contact Prof Rosmarin at ext 302.

Anyone for water polo?

Those individuals interested in playing water polo are invited to join the Brock University water polo team which practices Sunday and Wednesday evenings.

Those who would like to play in the Ontario Water Polo Association can do so by becoming involved with the Brock team.

Practice times are Sundays, 5 pm and Wednesdays, 9:30 am to 11 pm, at the pool.

University students are admitted free; community participants, \$26. Practice began Oct. 16.

Prof Dirks to CNIB

Prof D.E. Dirks of the University's Politics department has been granted a 20-month leave of absence in order to accept the position of Executive Director of the Ontario division of CNIB.

Prof Dirks will head an organization composed of more than 300 professional workers and support staff throughout Ontario who offer a wide range of services to more than 14,000 legally blind people in the province.

Prof Dirks will return to his position at Brock for the 1985/86 academic year.

Update on Muktar Aliso

Muktar Aliso, the refugee student from Ethiopia, who is now studying at Brock "is adapting well to his new life in Canada".

That's the word from Eric Muller of the University's Mathematics department and part of the WUSC program that brought Muktar over to Canada.

Muktar is taking courses in English, Mathematics, and Computer Science. He is living in residence at the University.

The Brock WUSC committee will hold a number of fund raising activities throughout the year to compliment the money already contributed by faculty and staff.

The goal is to raise another \$2,000.

Faculty or staff members who are able to contribute directly to the fund can contact either Esther Sleep, ext 266, or Eric Muller, ext 297.

The first fund raising activity of the year will be the Caravan sale, Monday Oct. 31 through to Wednesday Nov. 2, together with a bake sale, Tuesday Nov. 1.

Pianist performs

Naomi Oliphant will appear with the Niagara Symphony Orchestra on Saturday Oct. 29, Shaw Festival Theatre, Niagara-on-the-Lake.

Prof Oliphant will also appear at the Niagara Falls Collegiate, Epworth Circle, Niagara Falls, on Sunday Oct. 30 to perform "Gershwin: Rhapsody in Blue", piano and orchestra.

Faculty and staff notes

Computer Sci. & Information Processing

Prof P.A.V. Thomas represented the University at the NSERC Canada Microelectronics Cooperative workshop held in Calgary, Alberta in August.

Romance studies

Prof M.J. Cardy chaired a session on "Comparative Literature: Translation" at the annual meeting of the Northeast American Society for Eighteenth-Century studies held at Syracuse University and Le Moyne College in October.

Campus News is published by the Information and Liaison office, Thistle 265. The next issue will be October 28; copy deadline is October 21 at 3 pm.

Return of the alumni

Fun, laughter, and lots of activity characterize the University's annual Homecoming weekend slated for Friday Nov. 4 through to Sunday Nov. 6.

"Return of the Alumni" is this year's Homecoming theme.

A kick-off luncheon on Friday (Nov. 4) will be followed by a number of evening receptions hosted by individual departments at the University.

Classics and Geology hold their receptions in the Alumni Lounge and Geology Lounge respectively, beginning at 7 pm.

Administrative studies begin their reception at 8 pm in the Faculty Club.

Friday night entertainment winds up with Varsity night in Alphie's Trough, and for the more theatrically inclined, "An Evening with Don Harron and Catherine McKinnon", in The Theatre.

Fitness enthusiasts start events rolling on Saturday as the Alumni funruns take place.

At 11 am the Sir Isaac Brock Alumni 5K classic begins (and ends) at Alphie's Trough.

Following that run, the Badger 3K shuffle, for the more discreet runner, begins at 11:30 am from the Pub as well.

Registration for both races takes place at 10 am, on the day of the race, in the Phys Ed centre. Entry fee is \$2.

The reunion for Phys Ed majors starts at noon in the Phys Ed complex. The Biological Sciences reception begins at 2 pm in the new Biology lounge.

Beginning at 2 pm a hospitality suite for returning alumni takes place in Alphie's Trough.

Evening activities include a 10th year reunion for the Class of '73 in the Faculty Club and a dance in Gym 2, following the varsity basketball game.

Sunday morning brunch rounds up Homecoming '83, with the Alumni Association's annual meeting in the Faculty Club at 11:30 am.

"With hundreds of Brock graduates living in the Niagara regions we'd like all Brock alumni to come back for the Homecoming weekend - it looks like a lot of fun," said Ginny Gilbert, Alumni officer.

Those wanting more information on the Alumni weekend should call ext. 251.

Phonathon progress report...

The Alumni Homecoming weekend is not the only undertaking the Alumni office is emeshed in this fall.

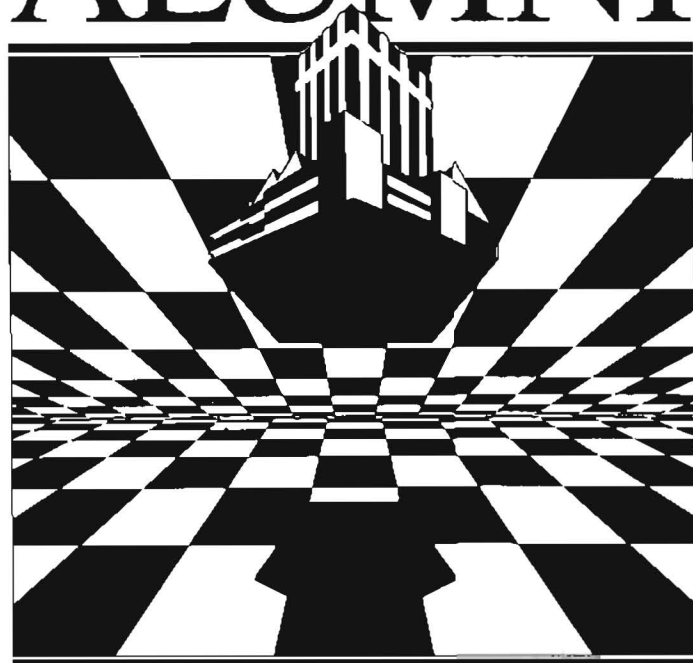

As the phonathon proceeds into its second and final week, a progress report from the

Alumni officer, Ginny Gilbert, indicates more than \$14,000 has been raised in the campaign to raise money for the Brock Alumni Greenhouse.

"We're really encouraged by the results," said Mrs. Gilbert. "We hope for continued success during this last week".

The Alumni Association has pledged \$100,000 toward the greenhouse.

Friday is convocation day

For 272 Brock undergraduate students, Friday Oct. 28 is convocation day.

The fall convocation confers two honorary degrees: The Hon. Mr. Justice J.R. Barr, a St. Catharines barrister recently appointed to the Ontario Supreme Court, and Miss Nora Chatwin, physical educator and a major consultant in the founding of Brock's physical education program.

Mr. Justice Barr is guest speaker.

The vice-chancellor's medal for outstanding academic achievement went to Steven Renato Graffi of St. Catharines, who graduates with a Bachelor of Arts in Psychology with an 88.4 per cent; and John William Meredith Fussell of Fonthill, Ont., who graduates with a Bachelor of Science in Computer Science with an overall average of 88.5 per cent.

The University also conferred 71 graduate degrees.

Early morning intruder

Workmen continue to repair the damage done at the University by an early morning intruder on Friday Oct. 21.

A 23-year-old Brock student was apprehended by police and admitted to the Norris Wing of the St. Catharines General Hospital following a incident that saw the student drive a car through the lobby doors

and ransack the President's office.

Repairs involve replacing the lobby doors and a large pane of glass in Dr. Earp's office. Estimated cost of the repairs is \$30,000.

Council okays funding

Niagara regional council approved a \$200,000 grant to the Brock Science Development Fund on Thursday Oct. 20.

In a decision that saw eight of the 21 councillors objecting to the grant, the regional council voted in favor of donating the money to the science fund.

The money comes from a \$1 million contingency fund, and council agreed to consider further contributions next year.

Canadian studies lecture series

The Canadian studies lecture series brings two guest lecturers to the University in November:

Leading Canadian folklorist, Dr. Edith Fowke of York University lectures on and plays excerpts from "Canada's Folk Songs", in the Senate Chambers from 2 pm to 4 pm on Friday Nov. 4.

Regional artist John Boyle delivers an illustrated lecture on "Art and Mythology in the Backwater" in the Alumni Lounge from 2 pm to 4 pm on Friday Nov. 11.

Both lectures are open to the public at large. Those who cannot attend for the entire two hour period are invited to drop in and out of the lectures as their schedules permit.

Pension plan meeting

An open meeting for pension plan members will be held on Tuesday Nov. 1 at 4:30 pm

in the Alumni Lounge.

The University's actuary, and the money managers will be there to review their roles and answer questions.

Questions should be forwarded in advance in writing to Mr. R.A. Nairn, 13th floor, Schmon Tower.

Questions received prior to the meeting will be answered before responding to queries from the floor.

First bar service conference

There will be 35 delegates on hand for the first Ontario universities Campus Centre and Bar Service Managers conference held at Brock Wednesday Nov. 2 and Thursday Nov. 3.

Brock is hosting the conference which is geared toward the managers responsible for the daily operation of liquor services on campuses throughout the province.

The conference will provide a forum for discussion of items such as inventory control, staff relationships, policies and procedures.

"Brock took the initiative in promoting the conference. We're pleased with the response and think it will provide us with the opportunity to discuss a number of issues," said Al Pedler, Director of Administrative Services.

French theatre

Le Theatre du p'tit bonheur of Toronto present Michel Tremblay's A toi pour toujours ta Marie-Lou on Thursday Nov. 17 at 8 pm in The Theatre, Brock Centre for the Arts.

The performance is jointly sponsored by Brock University and Le Griffon, the francophone centre in St. Catharines.

Ticket prices are \$7 per adult; \$5 per student/senior. Tickets can be purchased on campus at the Box Office, or from the Department of Romance studies, ST 1132.

Small is beautiful...and possible

George McRobie, author of Small is Possible, is this year's guest speaker for the Chancellor's Lecture at Brock.

Mr. McRobie, now chairman of the Intermediate Technology Development Group in the United Kingdom, and working closely with members of the Vanier Institute, will speak on Monday Nov. 7 at 7:30 pm in The Theatre, Brock Centre for the Arts.

Mr. McRobie's book was written as a sequel to Small is Beautiful by E.F. Schumacher and follows the theme of "economics as if people mattered".

Arts, crafts and bake sales!

The University abounds with arts, crafts, and bake sales the first week of November.

The popular WUSC Caravan arts and crafts sale of goods from third world countries begins Monday Oct. 31 through to Wednesday Nov. 2.

Caravan will be set up in the Thistle Theatre lobby from 9:30 am to 9 pm daily.

The Brock WUSC committee will run a bake sale on Tuesday Nov. 1, from 11:30 am to 2 pm in the Thistle Theatre corridor. All proceeds go to the WUSC refugee fund.

Contributions of baked goods to the bake sale would be greatly appreciated and can be dropped off in 1106 ST or brought directly to the sale.

The Women's Committee of the Niagara Symphony Association hold their annual arts and crafts sale in the COE gym from Fri. Nov. 4 to Nov. 6. Admission is \$1 per adult and 50 cents per student.

Faculty and staff notes

College of Education

Prof J. Wagner presented a paper on "Toward a dual code word learning theory of reading disabilities" at the Fifth International Conference on Learning Disabilities in San Francisco, in October.

Fine Arts

Murray Kropf, Visual Arts, was recently included in an exhibit of new Canadian and American artists called "Other Hearts Other Pulses". The exhibit was held in Southfield, Michigan at the Arts Centre.

Geography

Prof J. Jackson gave a lecture on "St. Catharines: The contribution of the city to two hundred years of Ontario life" to the St. Catharines Historical Society in October. The special invitation was issued in honour of Ontario's bicentennial.

Mathematics

Prof H.E. Bell gave a talk entitled "Commutativity of rings with $[x,y] = f(x,y)$ ", at the Ontario Mathematics meeting at the University of Guelph in October. Profs J.-W. Auer and R.A. Kerman were also there.

Sociology

Profs D. Glenday and V. Tomovich attended a conference of the World Sociological Association at Dubrovnik in October. Prof Tomovich presented a paper on "High technology occupations - their status and intra-occupational ideologies" and Prof Glenday on "The new technologies, trade unions, and collective bargaining".

CAMPUS NEWS

4 November 1983

"You are the cream..."

"You have worked hard and by ability and self-discipline have reached today's honor," said the Hon. Mr. Justice J. Rod Barr to the graduates assembled for Brock University's 34th convocation, Friday Oct. 28, 1983.

Mr. Justice Barr, honorary degree recipient and guest speaker, told the 272 graduates that "all past experience shows that you will not only have a more satisfying and constructive life but that, perhaps in the short term, and certainly in the long term, you will have the material rewards that are your due".

Encouraging the graduates to look at new times as meaning "new opportunities", Mr. Justice Barr said although the spectre of another war "overshadows all our thoughts for the future" history shows us that civilization has never been obliterated and always survives.

Mr. Justice Barr, a long-time barrister in the Niagara Peninsula, now serving as a justice on the Supreme Court of Ontario, also expressed some of his views on law in our society:

"As the sixties were times of challenging authority, of sit-ins and occupations of romanticizing the underdog, so today, in the eighties, we appear to be entering an era of reaction, of so-called 'law and order' where the cry is for less tolerance, for more laws, and for more severe punishment."

Mr. Justice Barr went on to say he believes "law and order will depend on first-class police work and this is only possible where the police have the wholehearted cooperation of the general public".

Miss Nora Chatwin, physical educator, was also presented with an honorary Doctor of Laws degree at the ceremony.

The welcome address was delivered by Brock University president, Dr. Alan Earp, who lauded the opening of the new science complex on the DeCew campus and noted with "satisfaction that Brock University is the choice of an increasing percentage of Ontario applicants".

Chancellor Ralph Misener presided over the ceremony, with two students, Steven Graffi, and John Russell, awarded the vice-chancellor's medal for outstanding academic achievement.

Faculty nixes unionization

In what Brock University Faculty Association president, Deborah Harrison, termed "the biggest turnout in BUFA history", Brock faculty decided against certification at a meeting held Sunday Oct. 23.

The 66-62 vote, with 2 abstentions and 3 late votes, puts the issue of a unionized Brock faculty to rest for another "six months or 10 years, depending on the faculty", said Prof Harrison, in response to the outcome of the general meeting.

"Obviously I'm disappointed," said the BUFA president. "I think certification is the way to go. But my job is to serve the Faculty Association and the Faculty Association has shown us that this is the way they wish to go for now".

Both Prof Harrison and faculty member Joe Kushner, who led the motion to discontinue the action BUFA was taking to form a bargaining unit, with a unionized faculty as the end result, said the general meeting was characterized by "good debate and good humor".

"I think the faculty are a more united group than ever before," said Prof Harrison. "There was a feeling of well-being that I've never seen before. Collegiality is very strong at Brock."

In answer to a query as to whether the motion presented at the meeting was "anti-certification", Prof Kushner said the motion was rather one "of pro-collegiality".

"If Brock was managed badly then the faculty would have no choice but to certify, but in my opinion the Board of Governors at the University has done a very effective job," said Prof Kushner.

The last time Brock faculty gave certification serious consideration was in 1976 said Prof Harrison.

Minutes from Queen's Park

From the pages of Hansard comes the following excerpt (Oct. 11/83 - special committee on Bill 42):

Mr. Conway: The minister is quite confident and secure in the knowledge that there are problems out there in terms of failure to report early, on time, or completely. I do not know whether the member for Hamilton West (Mr. Allen) has heard, but I do recall having been given concrete examples of where that has created a problem. Can he remember? I cannot. The minister is obviously smiling in the

knowledge that these --

Hon. Miss Stephenson: I'm not smiling.

Mr. Conway: The minister gets a blue star for that; at least she is trying.

All I'm saying in the sweet reasonableness of the first evening sitting of the fall session of the Ontario legislature is to let us, as people who have to make the decision, have some of the facts; let us have some of the evidence.

Has Father Guindon been unhelpful to the minister?

Hon Miss Stephenson: No, I don't think so.

Mr. Conway: What about Dr. Earp and the good people at Brock?

Hon Miss Stephenson: Perhaps from time to time they have been slightly unhelpful, but --

Mr. Conway: Oh, well now, Mr. Chairman -

The Acting Chairman: Let us not involve any more people in this.

Mr. Conway: Let me note that it was a very reluctant and passing smile that reference drew from Dr. Earp, the vice-chairman of the Council of Ontario Universities.

The instant I resume my place at 10:30, I am going to dispatch the member for St. Catharines (Mr. Bradley) to engage Dr. Earp with a view to ascertaining his understanding of deficiencies as between the reporting of that institution and York.

Hon Miss Stephenson: On a point of order, Mr. Chairman: The honourable member really doth protest too much. It is insignificant that the member is raising the issue related to Dr. Earp, who happens to be present. I do not recall on any occasion that Brock University has not provided us with information, albeit it may have been done slowly from time to time; but it is not the example that I raised.

The Acting Chairman: I can only say, minister, if you involve members of the

public in the debate of the House then unfortunately --

Hon Miss Stephenson: It was not I. It was the honourable member who raised the fact that Dr. Earp was here.

The Acting Chairman: It was you, though, I fear, who may have drawn him in. Perhaps without further admonishment, if we could keep the debate reasonably centred back to ourselves and more particularly back to Bill 42, we might meet with some greater measure of progress.

Mr. Conway: Mr. Chairman, it is extremely helpful for the minister to clear the air about that distinguished institution in the great electoral districts of St. Catharines and Brock.

Hon Miss Stephenson: I really should have learned a long time ago that you are viperish.

Mr. Conway: That bothers me, to have the minister call me a viper.

Hon Miss Stephenson: Oh no, I didn't say you were a viper.

Mr. Conway: Well, she said I was viperish.

The Acting Chairman: There is nothing to be gained, I am sure, from either the comment which provoked the response or the response itself: perhaps we could proceed.

Campus recreation notes

From Phys Ed come the following notes on extracurricular events for interested individuals:

Pre-ski shape-up: Shape up for the ski season by taking part in an hour-long fitness class; Tues & Thurs; noon to 1 pm; cost \$10.

Weight training course: Design a personal weight training program; study theories of strength, endurance, muscle development;

two training sessions per week; started week of Oct. 31; Mon & Wed, 11 am to 11:50 am; or Tues & Thurs, 11 am to 11:50 am. Instructor: Richard Deschatelets

Volleyball tournament: three-evening warm-up to the 1983/84 intramural league; student, staff, faculty and intramural teams are invited to participate. Sign up teams now in PEC 214A. Tourney dates are Nov. 15, 16, & 17; 7pm to 10 pm.

Rock climbing: following a successful rock climbing excursion to Ontario's Rattlesnake Creek conservation area, Mike Laurence and Brian Ruttle will again offer a series of on-campus training sessions for an outing in the spring. For further details contact the intramural office in PEC 214.

Badminton cancelled

Badminton cancelled Friday Nov. 4; play resumes Nov. 11, COE gym, 7:30 - 10:30 pm; new members welcome.

BUFA meeting

The Brock University Faculty Association general meeting will be held Tuesday Nov. 8, at noon, in the Alumni Lounge.

Small is possible

Author George McRobie of the Vanier Institute in Ottawa speaks on the topic, "Small is beautiful...and possible, or big is better" at Brock University on Monday Nov. 7.

Mr. McRobie will address an afternoon seminar in the Schmon Tower 1007 at 2pm to 4pm; students and faculty welcome.

In the evening, Mr. McRobie delivers the Chancellor's lecture at 7:30 pm. The lecture will be held in the Pond Inlet. For further information call ext 722.

Faculty and staff notes

Centre for English Language Programs

Prof G.H. Irons has been chosen to represent Applied Linguistics on the Council of Ontario Universities curriculum advisory committee for the Ontario Academic Courses being designed to replace present grade 13 programs in Anglais.

College of Education

Prof R. Common spoke at the fourth annual Multi-County Principals' conference in Kingston, Ont. in October. The topic of the paper was "Toward the development of a modern performance appraisal system for administrators".

Prof J. Novak was keynote speaker at the Ontario Physical and Health Education association's annual conference in October. Prof Novak spoke on "Real teachers have head, heart, and soul".

Prof Novak was also a keynote speaker at retreats for principals from Hamilton, Ottawa, and Saskatoon, in October.

Mathematics

Prof J. Vrbik gave an invited presentation on "Tests of independence of lithological sequences" to the sixth international meeting of IGCP held in October in Halifax, N.S.

Philosophy

Prof D. Sinha attended the annual meeting of the Society for Phenomenology and Existential Philosophy held in St. Louis, Missouri, in October. He acted as moderator of a workshop on "Philosophical anthropology".

Physical education

Prof J. Evans presented a lecture/workshop on fitness and recreation for special populations at the south-west regional conference of recreation directors, government, and community agency personnel in October. The conference was held at Millgrove Community centre.

Prof I. Haslam was the keynote speaker at the Wentworth County Board of Education professional development day in October. He spoke on "Brain growth periodization: Implications for curriculum planning in the psychomotor domain".

Romance studies

Prof L. Rosmarin represented Brock University at the semi-annual meeting of French departments of Ontario universities which was held at York University in October.

BROCK UNIVERSITY

Volume 21, number 35

CAMPUS NEWS

11 November, 1983

The return of the Alumni

"Nearly 500 returned, said Alumni Officer Ginny Gilbert. It was Brock's biggest homecoming."

They went to departmental luncheons, played volleyball, laughed with Don Herron, swam in the pool, danced in the gym, and gathered on the 13th floor to see who would return from the class of '73.

The weekend officially began with a luncheon on Friday, where the winner of the short story contest, Laura Robertson, was given her award. On Friday evening, the Classics, Geology, and Admin. departments welcomed back their departmental graduates, while others enjoyed Don Herron and Catherine McKinnon in The Theatre, and all former varsity athletes gathered at Alpie's Trough.

Saturday was a day of sporting events. The Sir Isaac Brock Alumni 5km classic road race saw fifty competitors go to the starting line in drizzling rain. The race was won by Phil Wright of Central Receiving with a time of 16:24. Eighteen enthusiastic but unprofessional teams gathered in the gymnasium during the afternoon to participate in the Alumni Volleyball Challenge. Meanwhile, more seasoned players gathered to play rugby, soccer, hockey, and basketball in varsity versus alumni games. The day was characterized by the evening's varsity men's basketball game against Ryerson: Brock won by the overwhelming score of 105 to 56.

Sunday was the day of traditional meetings. The new alumni association executive elected includes: Geoff Borland, president; Rob Zanatta, vice-president; Dorothy Gagola, secretary-treasurer; Don Rickers, chairman of fundraising; Charlotte Sutcliffe, chairman of homecoming; and Jim Dow, chairman of the board.

The annual meeting was also the occasion of two awards; the alumni teaching award went to Prof Don Ursino of Biological Sciences, and the Jim Gayman bursary was presented to first year residence student, Peter VonBoetticher.

Phonaton nets \$23,000!

The largest phonathon undertaken by the Brock Alumni office netted slightly more than \$23,000 toward the cost of the Brock Alumni Greenhouse.

"I'm very pleased and encouraged with the results of our efforts," said Ginny Gilbert, Alumni Officer.

The phonathon was carried out in a two week period from Monday Oct.17 to Thursday Oct.20, then again from Monday Oct.24 to Wednesday Oct.26.

"Thirty-one members of our staff and faculty each volunteered an evening to help us on the phones," said Mrs. Gilbert. "We're very grateful for their assistance."

The \$23,000 raised during the phonathon will be added to the \$44,000 previously

raised through a mail-out campaign. The Brock Alumni Association has pledged \$100,000 toward the \$182,799 cost of the greenhouse, now under construction beside the new science complex.

The following faculty and staff are thanked for their help during the phonathon campaign said Mrs. Gilbert: Janette Auer, Colleen and Pat Beard, John Bird, Ian Brindle, Christine Collins, Barb Davis, Cathy DeVuono, Faye Fairburn, Dorothy Fast, Doug Geddie, Margaret Grove, Chris Hampson-Hagar, Barb Hannah, Tim Jones, John Kaethler, Bruce Krushelnicki, Bill Matheson, Joan McCurdy, Mike Nurse, Bonnie Polych, Roger Reynolds, Don Rickers, Pat Sewell, Iris Shegda, Jo Smith, Vicki Soady, Mike Somerville, Ann Stavina, Charlotte Sutcliffe, Ainsley Towe, Joanne Tucker and Eleanor Wolfram.

Recruitment activity up

Tailored suits and briefcases characterize many Brock students these days as employers make their way to campus looking for prospective employees.

"There's a lot more activity on campus this year, than last year," said Bill Potton, Manager of the Placement office.

"The job market seems to have picked up a bit; there's been a turnaround - especially for business graduates. Quite a few chartered accounting firms are showing interest in hiring new people. Firms that didn't participate last year, such as GM and Xerox, are hiring Brock graduates in a marketing capacity this year," he said.

"We're also finding our students are more aggressive in their job search. They are more aware they have to work harder to get that job," he said.

The placement office at Brock is working closely with the counselling centre to offer students the kind of workshops and information necessary for successful job searching said Mr. Potton.

Careers week, scheduled for Nov. 7 to Nov. 13, has as its theme this year, "Focus on You". Students are being encouraged to focus on their aptitudes and abilities in job searches.

For more information on the services provided by the placement office, contact Bill Potton or Mary Chapman at ext 368.

Senate meetings 83/84

The following Senate meetings are scheduled for the 1983/84 term:

Wednesday, November 23, 1983

Wednesday, December 7, 1983

Wednesday, December 21, 1983

Wednesday, January 11, 1984

Wednesday, January 25, 1984

Wednesday, February 29, 1984

Wednesday, March 21, 1984

Wednesday, April 11, 1984

Wednesday, April 25, 1984

Wednesday, May 23, 1984

All meetings take place at 3:30pm in the Senate Chambers, Chown Complex.

El Salvador book drive

A number of university groups in Canada, including CAUT, are sponsoring a drive to replenish the war-ravaged library of the University of El Salvador.

Books in the following areas are welcomed: Biology; Business Administration; Chemistry; Economics; Education; English Language; History; International Law; International Relations.

At the moment, the need for funds to ship the books is as great as the need for the books themselves. In fact, if more money is not raised, the books on hand may not be sent. All contributions (both money and books) should be sent to Bill Hull, Politics department (ext 483), and cheques made payable to: The University of El Salvador Book Campaign. Tax receipts for amounts over \$5 will be issued.

Festival Brass

Festival Brass will be the second show of the Autumn Children's series presented by the Brock Centre for the Arts on Saturday, Nov. 12 at 2pm in The Theatre.

The Unique trio of young women who form Festival Brass focus their energies on developing and presenting programs especially for young children and families. At the concert, the children will be active participants: they play listening and recognition games, produce their first sounds on hosaphones and identify musical building blocks such as rhythm, melody and harmony.

Tickets are still available at The Theatre box office: adults \$6, children and seniors \$4.

Alphie's 10k

The Alphie's Trough 10k road race will be held Saturday, Nov. 26 at noon.

The race begins at the Phys Ed Centre and the course covers the Brock property. Prizes are available in the usual categories and will be presented at the post-race party in the pub.

Contact Al Pedler, ext 276, for entry forms.

Athens in the time of Lord Byron

The Niagara Peninsula Society of the Archaeological Institute of America (AIA) is pleased to have Prof C.W.J. Eliot give an illustrated lecture (the third in the 1983/84 series). The lecture entitled "Athens in the time of Lordy Byron" will present a picture of Athens, 1810, with views of the town, and the people Byron met. The audience will be shown a portrait of the town that made Byron a poet.

Prof Eliot who teaches Classics at Mount Allison University, is an internationally recognized scholar in the study of European travellers to Greece in the 18th and 19th centuries and the Philhellenes in the Green War of Independence.

The lecture will be presented in TH245 at 8pm, Sunday, 13 November. Free admission for AIA members and students, others \$2. The public is welcome.

When the new computer arrives...

The new central computer, the Burroughs 7900, will be installed in June '84. The plan is for the B6700 to be removed during the first week of June with the following 7-10 days devoted to physical alterations of the computer room. The B7900 will then be installed. All being well, facilities will again be available during the first week of July.

Please ensure that your plans do not require usage of the B6700 after 31 May. In particular, no academic course should be mounted requiring B6700 facilities during June, 1984.

Open house

The Counselling Centre is running an open house, Wednesday and Thursday, Nov. 16 and 17 from noon to 1pm. This is a chance to meet career search advisors while enjoying a lunch-hour coffee and donut.

Staff changes

Mrs. Blanche Calvert has been appointed Clerk/Secretary in the Development office, effective Oct. 1 '83. Mr. Richard Hennessy, Operating Maintenance Mechanic in Physical Plant, retired Oct. 1 '83. Mrs. Gina Nardangeli was promoted to Secretary, Pre-Service department, College of Education, effective Oct. 12, 1983, as

Librarian II, University library, effective Oct. 17, 1983.

German film series

The Department of Fine Arts and Germanic and Slavic Studies continue their contemporary German Film series on Wed. Nov. 16 with the film "Occasional Work of a Female Slave" (German title).

The film, in German with English subtitles, begins at 8pm in The Theatre. No admission will be charged.

French Theatre

Le Théâtre du p'tit bonheur of Toronto will present Michel Tremblay's "A toi pour toujours ta Marie-Lou" on Nov. 17 at 8pm, in The Theatre. The performance is sponsored jointly by Brock University and Le Griffon, St.Catharines' francophone centre.

Tickets, available at the box office or the Romance Studies department, are \$7 for adults, students and seniors \$5.

Gourmet nite

Brock's most significant food experience will again be hosted by the Faculty and Staff club on Sat. Nov. 17 in the Faculty Club at 7:30pm. The wide variety of international dishes prepared by Brock chefs is guaranteed to please every palate. Tickets, available from club executive members, are \$6 ea. for members, \$12 ea. for non-members.

First 'vette for science' draw

Faculty and staff holding tickets for the 'vette for science' car raffle are reminded Thursday November 17 is the date for the first draw.

Ten numbers will be drawn from series A tickets; draw dates for series B, C, D, and E are Dec. 29, Feb. 16, April 5, and May 17 respectively. Tickets must be purchased separately for each draw.

The final draw for the red corvette takes place Thursday May 24/84. The winner of the car, and the consolation winners, will be chosen from the fifty winning tickets picked in the five preliminary draws.

The car raffle is a fund raising activity undertaken by the Brock University Science Development Fund.

Tickets can be purchased on campus at the Brock Book store, the General Brock store, the Phys Ed centre, and the Office of Part Time programs/ Development, Th 263.

Tickets are also being sold by the St. Catharines Jaycees and are available in blocks for interested groups or individuals. Avondale stores in the region are also outlets for the tickets. Tickets sell for \$5 each.

For further information contact the Brock Science Development office, ext 590.

"Waiting for the parade"

The Canadian musical drama, "Waiting for the Parade" will be presented by the University's Fine Arts department on Wednesday Nov. 23 at 8 pm in The Studio, Brock Centre for the Arts.

The play, by John Murrell, reflects the effects of World War 2 on the women of Canada, particularly in Calgary. Five women, their tears and terrors, as well as their triumphs, are depicted.

The show is directed by Anne Hardcastle and designed by Pat Rocco. Senior theatre students from Brock's Fine Arts department have mounted the production.

Performances run through to Saturday Nov. 26. Show time is 8 pm in The Studio. Tickets are \$2 and can be purchased at the Box office.

Lotsa spaghetti, lotsa meatballs...

It's "Italian Day" at the Tower cafeteria Tuesday Nov. 22 from 11 am to 2 pm.

The special event features a menu that includes spaghetti, meatballs, meat sauce, Italian bread, soft drink, and dessert - all for an affordable \$2.25 plus tax. Wine is available at an extra cost. Faculty, staff and students are invited to partake in the feast.

Soloviov works on display

The designs of Russian artist Nikolai Soloviov are now on display in The Gallery Brock Centre for the Arts.

The exhibit opened Monday Nov. 14, and runs through to Wednesday Dec. 21.

The artist was born in St. Petersburg, Russia in 1910. He graduated from the Moscow Institute of Fine Arts in 1934, and emigrated to Canada in 1949.

He has designed a number of sets for the CBC, including the network's first Shakespearean drama and television opera.

The Brock exhibition consists of selected items from the artist's film and television design work.

Gallery hours are Monday through Friday, 10 am to 4 pm.

Lunch hour concert

The lunch hour concert sponsored by the University's Fine Arts department, features the Grossman-Oliphant duo on Thursday Nov. 24 in The Theatre.

The program, for piano and violin, includes selected works from Schumann, Wieniawski and Brahms.

Admission is free; the concert begins at noon.

Cercle Francais meeting

The second meeting of the Cercle Francais takes place on Friday Nov. 18 in Rm 1123 of the Schmon Tower.

Faculty members interested in using or improving their French are invited to meet

with Prof L. Rosmarin at that time.

For further information on the Cercle Francais, contact Prof Rosmarin at ext 302.

Thank you

The World University Service Committee at Brock thanks all those who supported the Caravan crafts show and sale.

Approximately \$4,000 worth of articles were sold during the event.

The WUSC would also like to thank those who baked for the sale; \$135 was raised for the refugee fund.

In celebration of Christmas

A festival of carols and Christmas readings by the Brock University choir and guests, takes place Friday Dec. 2 in The Playhouse, Brock Centre for the Arts.

"In Celebration of Christmas" is a special event under the direction of John Butler.

Members of the University community and the general public are invited to attend and participate in a joyful start to the Christmas season.

The Playhouse performance at Brock begins at noon; the choir will also perform at the St. Paul Street United Church on Sunday Dec. 4/83 at 8 pm.

Admission for both events is free.

Christmas holidays

A reminder to faculty and staff that the University will observe the following holiday schedule: from noon, Friday Dec. 23 through to and including Monday Jan 2/84.

Employees return to work on Tuesday
January 3, 1984.

"Land of silence and darkness"

The Departments of Fine Arts and Germanic and Slavic studies continue their offering of contemporary German films with the showing of "Land of Silence and Darkness" on Wednesday Nov. 23.

The film is a documentary portrait of 56-year-old Fini Straubinger, who first went blind, then deaf, as a child and was bed-ridden for 30 years. She now helps others in Bavaria who are similarly afflicted to come to terms with their lives.

The film begins at 8 pm in The Theatre. Dialogue is German with English subtitles. Admission is free.

Psychology colloquium

The Department of Psychology presents guest speaker, Mike Ross, from the University of Waterloo, on the topic "Self-deception".

The colloquium will be held on Monday Nov. 28 at 3 pm in the Alumni Lounge, 13th floor, Schmon Tower.

The University community is invited to attend.

Print shop closed

A reminder to faculty and staff from the Print shop:

In order to print first term examinations, the Print Shop will be closed from Tuesday Nov. 29 through to Friday Dec. 2.

Examinations run from Wednesday Dec. 7 to Thursday Dec. 22.

Understanding the cruise

Brian S. MacDonald, executive director of the Canadian Institute of Strategic studies in Toronto, presents a seminar on issues surrounding the cruise missile on Wednesday Nov. 23 at 4 pm in Th 244.

The presentation includes a review of the United States and Soviet missile inventories and strategic considerations surrounding preemptive and retaliatory strike capabilities.

The probable positions of both major powers and the current and future airframe and guidance system technology of cruise missiles will also be discussed.

Mr. MacDonald will also comment on the issues surrounding cruise testing in Canada and the Canadian government views regarding NATO commitments.

The Institute of Strategic studies, founded in 1976, is a voluntary, non-profit organization whose primary purpose is to stimulate public awareness and informed opinion on issues of strategic and national security importance to Canada.

The lecture on Nov. 23 is sponsored by the Brock chapter of Science for Peace. All members of the University community and general public are invited.

"Gourmet nite"

Brock's most significant "food experience" will again be hosted by the Faculty and Staff club on Saturday Nov. 19 at 7:30 pm.

Featured is a wide variety of international dishes prepared by Brock chefs and guaranteed to please every palate.

Tickets can be purchased from any club executive member: \$6/person, member; \$12/person, non-member.

Faculty and staff notes

Administrative studies

Profs K. Blawatt and B. Metcalfe presented papers at the World Marketing congress in Halifax, Nova Scotia, in November. Prof Blawatt's paper was called "Strategic international marketing issues in Canada"; Prof Metcalfe's topic was "The marketing strategies of foreign schedule B banks in Canada".

Child studies and Psychology

Profs L. Krasnor and J. Mitterer spoke on the topic "Does LOGO programming develop general problem solving skills?" at the Queen's University LOGO conference in November.

Physical Education

Herb de Bray, Aquatics manager, gave a presentation to the Ontario Swim Coaches Association entitled "Coaching strategies - A tactical plan on developing age group swimmers into international athletes" in October in Toronto. He was also elected secretary of the OSCA at the annual meeting.

Prof I. Haslam was the keynote speaker at the Ontario Physical and Health Education Niagara Regional conference at Brock in November. He spoke on "Theories on motor learning capabilities".

Prof Haslam also conducted a national coaching certification level 2 theory workshop for 25 regional coaches in November.

Exercise those walking legs!

There's been a change in elevator service at the Arthur Schmon Tower: effective Monday Nov. 28, elevators will no longer stop, at the down command, on the 2nd, 3rd or 4th floors. Individuals located on those floors are asked to use the stairs to walk down.

"People can certainly take the elevators up to those floors", said Bill Armstrong, Physical Plant manager. "We're simply asking them to walk down from the 2nd, 3rd or 4th floors".

For handicapped students, or those who cannot walk down stairs, the elevators will stop on the 2nd, 3rd or 4th floors, only if an up button is pushed.

"It will be inconvenient for the handicapped, because they'll have to call an up car, and possibly go up a few floors before they get down to the level they want," said Mr. Armstrong.

"But the traffic congestion and the demand for the elevators is so heavy that we're going to try this on a trial basis to see if the problem can be alleviated," he said.

To repeat: faculty, staff and students are asked to walk down the stairs from the 2nd, 3rd and 4th floors of the Schmon Tower; cars will still be available to take them up to the floors.

Handicapped individuals and those unable to walk down the stairs, are asked to call for an up elevator, and will eventually reach their down destination.

Of the four elevators in the Schmon Tower lobby, two are used to service the Library and the other two service the rest of the Tower.

The swelling ranks of the Brock population have placed a heavy demand on elevator service and "we're hoping for more efficient service this way" said Mr. Armstrong.

United Way total up

Brock University's United Way returns for 1983 are up over last year: donations now total \$17,877.90.

"We're up substantially over last year's total of \$14,810.78," said Bob Anderson, Director of Personnel Services and campaign chairman.

Although donations continue to trickle in, the University's campaign for the year has basically ended said Mr. Anderson. The Brock community is thanked for its support.

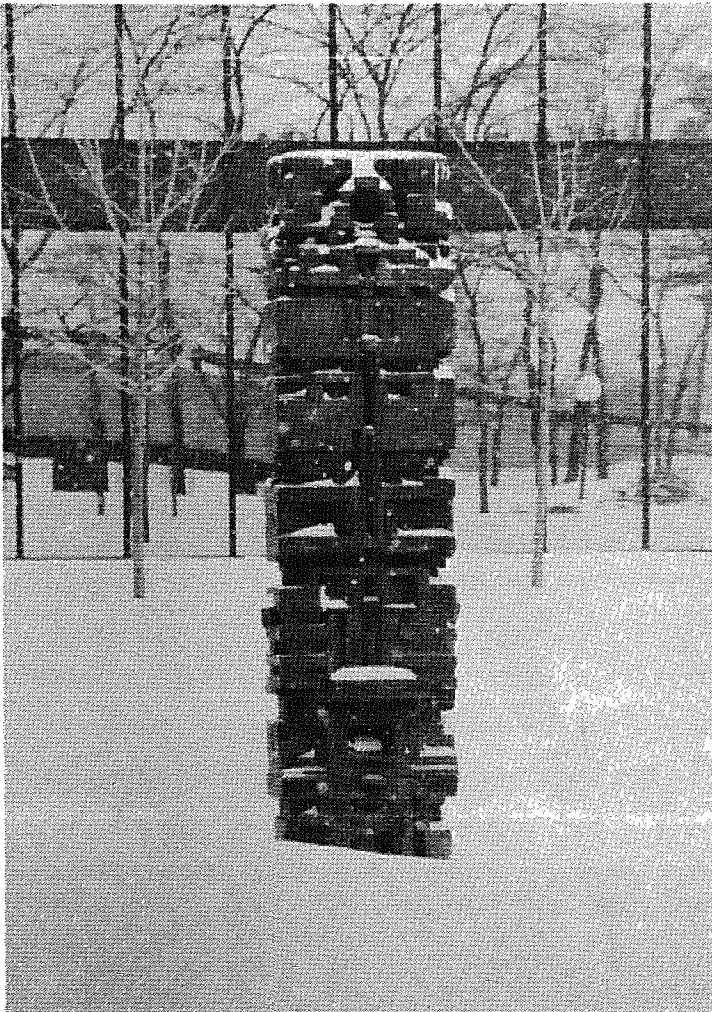

The lucky numbers are...

LOGO programming workshop

A three-hour workshop on advanced LOGO programming takes place on Friday Dec. 2 from 9 am to noon.

Don Watt, now on the editorial staff of "Byte" and "Creative Computing" magazines will conduct the workshop.

The workshop will not involve 'hands-on' experience, therefore participants are advised to have some familiarity with LOGO programming.

For further information and to reserve a space contact John Mitterer in the Psychology department, ext 467.

Ken Nutt, drawings

Artist Ken Nutt presents his views on drawing and the creative process at a public lecture scheduled for Tuesday Nov. 29 in rm 249, Thistle complex.

Mr. Nutt is the third in a series of artists who have discussed their work as part of a public lecture series sponsored by the Department of Fine Arts, Visual Arts division, and a Canada Council grant. The lecture begins at 8:15 pm. All are welcome.

Robert Creighton exhibition

An exhibition by Robert Creighton of "Recent Prints and Drawings" will be held beginning Friday Dec. 2 at Hamilton Artists Inc., 143 James St. N., Hamilton, Ontario.

Gallery hours are Tuesdays to Fridays, 11 am to 5 pm; Saturday, 11 am to 4 pm.

The exhibition continues to Thursday Dec. 22.

"Wooden Brass" premiered

The most recent electro-acoustic work of R.B. Pritchard, Fine Arts, Music division, will be premiered at the opening of Robert Creighton's showing of "Recent Prints and Drawings" at the Hamilton Artists Inc. gallery in Hamilton on Friday Dec. 2.

"Wooden Brass" was realized on the SSSP system of the Computer Systems Research Group at the University of Toronto.

Futurist awards contest

The first Honeywell Futurist Awards competition has been announced by Honeywell Ltd

Open to full-time students at Canadian universities and colleges, the contest provides an opportunity for students to predict the most significant technological advances in the next 25 years.

Areas to be investigated are computers, energy, software development, computer-aided learning, biomedical technology and electronic communications.

Prizes run from \$500 to \$1,000. Competition forms and details are found on bulletin boards throughout the Brock campus or can be obtained by writing to Honeywell Futurist Awards, 155 Gordon Baker Road, Willowdale, Ont. M2H 3N7.

The holders of the above tickets are asked to contact the Brock University Development office, ext 590, on or before the close of business at 4 pm on May 24, 1984 in order to register for participation in the final reverse draw for the Corvette.

The winner of the grand prize will be the last name drawn from the registered participants in the final draw.

Tickets for the Series B draw on Dec. 29, are now on sale at University outlets including the General Brock store, Book store, Phys Ed centre and the Development office in Th 264.

Area outlets include Avondale stores, shopping malls and Wintario outlets.

Study exchange program

A note from the office of Dean Soroka, Social Sciences, encourages faculty to pass along information about the International Student Exchange Program (ISEP) to interested students.

Under the program, students nominated for the exchange have an opportunity to study in an American university for one year.

The students are responsible only for the fees they would normally incur at Brock and the host university is responsible for any discrepancy.

Additional expenses for the student include travel money and miscellaneous

expenses.

An information meeting on the program is scheduled for Tuesday Nov. 29 from noon to 1 pm in ST409. Interested parties are invited to attend. Dean Soroka will be on hand to answer any questions.

Colloquium on expressionism

A series of brief, illustrated presentations on aspects of the expressionist movement will be featured at the colloquium on expressionism scheduled for Wednesday Nov. 30 at 7 pm in the Alumni Lounge.

Sylvia Osterbind, Warren Hartman, Joan Nicks, John Glofsheskie, and Jim Leach will each give a presentation on aspects of the movement in painting, theatre, film, music, and dramatic literature.

The presentations will be followed by informal discussion. There will be a cash bar.

As a prologue to the colloquium, Jane Hayes will perform the Berg piano sonata at 4 pm in The Playhouse. Her performance will be followed by a presentation by Bob Pritchard on expressionism and the contemporary composer.

On Monday Dec. 5, at noon in The Studio, Matthew VanderWoude will discuss Schoenberg's op.11, no.1.

Computer science colloquium

"Practical perfect hashing" is the topic presented by guest speaker Gordon V. Cormack, from the University of Waterloo, at a colloquium on Tuesday Nov. 29.

The colloquium, sponsored by the Department of Computer Science and Information Processing, will be held at 2 pm in ST406.

The University community is invited.

In celebration of Christmas

Faculty and staff are urged to join in the Christmas spirit by taking part in the festival of carols and Christmas readings performed by the Brock University choir on Friday Dec. 2 at noon in The Playhouse.

The University choir and guests, under the direction of John Butler, will also perform at the St. Paul Street United Church on Sunday Dec. 4 at 8 pm.

The public is welcome. Admission is free.

Colloquium on German expression

Rounding up the Contemporary German film series sponsored by the University's Departments of Fine Arts and Germanic and Slavic studies is a colloquium on German expression on Wednesday Nov. 30 at 7 pm in the Alumni Lounge.

Faculty from film, theatre, dramatic literature, music, and visual arts will discuss the aspects of the German expressionist movement. Cash bar will be available. All are welcome.

Economics profs on leave

Profs M. Dore and G. Temkin will further their academic pursuits in England next year.

Prof Dore has been accepted as a visiting scholar at the University of Cambridge for the 1984/85 academic year. He will continue his work on "The fundamental theorems of welfare economics: Some comparative dynamics" and on patents.

Prof Temkin has been elected to a visiting fellowship at Wolfson College, Oxford, for Trinity term 1984. He will continue his work on the paradox of the Soviet foreign trade pattern.

Faculty and staff notes

Biological sciences

Prof Peter Nicholls gave seminars on the following topics:

"Ligand and redox reactions at the a_3 Cu_B center in cytochrome oxidase" at the Johnson Research Foundation University of Pennsylvania, Philadelphia in October;

"The relevance of chemiosmosis" at the Worcester Polytechnic Institute, Worcester, Mass. on October 31, before and after his participation in the History of Science annual meeting (Norwalk, Conn.) where he presented a 'work in progress' paper on "William Walwyn: A link between radical politics, medicine and science in the 17th century".

College of Education

Prof John Novak was keynote speaker at the 17th annual New York State Reading Association conference at Kiamesha Lake, New York, in November. He spoke on "Real teachers don't motivate: Using invitations to reading".

Operating without a deficit

The University's Board of Trustees were given some good news at their meeting on Tuesday Nov. 22: for the first time in several years the University is not expected to operate under a deficit.

"Our accumulated deficit over the years stood at about \$820,000 as of April 30, 1982," said Terry Varcoe, Vice-president, Finance.

"However a surplus in 82/83 let us reduce the deficit to \$478,000. We've budgeted a \$500,000 surplus for the 1983/84 year, and that effectively should clear up our accumulated deficit," he said.

Also on the agenda at the Board meeting was discussion on the fate of the old Glenridge campus.

Board members were told the old building would probably not be re-used for academic purposes by the University, and that "it be recommended...that steps be taken to amend the zoning status of parcel 5 (Glenridge campus) from "University" to "Residential".

A further recommendation stated that "the costs of demolition of the building be ascertained and a comparison be made with all costs of maintenance of the present premises".

The Board was also told that any re-zoning that might take place in the area would be

done in consultation with residents of the surrounding neighborhood.

The next Board of Trustees meeting is scheduled for Tuesday February 28, 1984.

Province limits wage increase to 5%

A batch of documents out of Provincial Treasurer Larry Grossman's office suggests that major recipients of provincial funds should not expect a funding increase of more than, or even at, 5 per cent for the coming year.

The five per cent figure is what the rate of inflation has been pegged at.

The wage restraints include municipal governments, school boards, hospitals, universities and colleges.

The new program of public sector wage and price restraints was introduced by Mr. Grossman in early November.

In introducing the Public Sector and Compensation Review Act in the provincial legislature, Mr. Grossman also announced that collective bargaining rights would be restored to public employees.

The effect of the wage restraint program on employees at Brock has yet to be determined said Bob Anderson, Director of Personnel.

"Once we've had an opportunity to digest and interpret the program, we'll be able

to determine the impact it will have on our various employee groups," said Mr. Anderson.

Volunteers needed for 'vette raffle

A note from John Bird, Director of Development at the University, asks that anyone who can volunteer some time to assist in selling tickets for the "vette for science" car raffle contact the Development office.

The red 1984 Corvette will be located in the Pen Centre throughout December, prior to the next draw on Thursday Dec. 29/83.

The St. Catharines Jaycees will be selling tickets and need some assistance. Volunteers will be asked to give two hours on Thursday or Friday evenings, or during the day on Saturdays.

Those who can volunteer please call ext 590 and leave your name, telephone number and preferred day and time slot.

Extended library hours

Throughout December, the University Library will be open longer on Fridays and Saturdays in order to assist students studying for exams and completing term papers.

The schedule is as follows:
Fridays (December 2, 9, 16) from 8:30 am to 11:15 pm; Saturdays (December 3, 10, 17) from 9 am to 9 pm.

Loan periods will be extended for books signed out from the Library for the Christmas/New Year holiday as follows:

Stack books signed out from Friday Dec. 2 will be due on Thursday Jan. 5; reserve items signed out Friday Dec. 23 will be due on Wednesday Jan. 4. For full details regarding extended loan periods contact the Circulation department.

The Library will maintain regular opening hours until Wednesday Dec. 21. The following schedule will then come into effect:

Thursday Dec. 22 - 8:30 am to 7 pm
Friday Dec. 23 - 8:30 am to 12 noon
Saturday Dec. 24 through to
Monday Jan. 2 - closed
Tuesday Jan. 3 - regular hours resume

Watch those handbags and wallets!

There's been a rise in incidents of petty theft at Brock.

That's the word from Campus Police Chief Doug Roberts who asks faculty and staff to make sure their office doors and valuables are locked before leaving them.

Reported incidents include lockers being broken into, purses snatched from the library, and the taking of coffee money from unattended, unlocked rooms. Several valuable rings from the Mackenzie Chown complex were also reported missing.

Chief Roberts said there is usually an increase in such crimes before Christmas.

Record day for the 10k

Two new course records were established in the Alphonse's Trough 10k road race on Saturday Nov. 26.

In the women's division Muffy McLeod of McMaster posted a new course record of 33:35 winning over Colleen Connolly, at second place with 34:06.

In the men's division the race was tight, with Rich Mennen of the Brantford Track club setting a record of 31:03, winning by three seconds over Tom Johnston of Burlington, who came in at 31:06.

More than 285 runners entered the road

race. The 10k (6.2 mile) course went from the Brock campus to Thorold and return.

Brock student Linda Neufeld picked up a prize in the 19-24 age group category.

Teows on printmaking/painting

Artist Lorne Teows presents a lecture on printmaking/painting on Tuesday Dec. 6 in rm 249, Thistle complex.

The presentation is the last in a series of public lectures sponsored by the Department of Fine Arts in which Canadian artists present and discuss their work and the creative process. All are welcome.

For those who speak French...

The next meeting of the Cercle français takes place on Friday Dec. 9 at 1 pm in ST1123.

Faculty members interested in using or improving their French are invited to attend. For more information contact Prof L. Rosmarin, ext 302.

From the women's committee

The Women's committee of the Niagara Symphony Association have contributed \$200 to the Brock Science Development fund.

Mrs. Doris Allen and Mrs. Grace Liberty presented Dr. Alan Earp, Brock president, with the cheque.

The women's committee holds a craft show and sale at the COE on an annual basis.

Psychology colloquium

John Benjafield of the University's Psychology department delivers a talk on "Some

historicodevelopmental studies of language" on Monday Dec. 12 at 3 pm in the Alumni lounge.

Prof Benjafield's talk wraps up the Psychology department's fall colloquium schedule.

Mary Lou Fallis as "Primadonna"

"Primadonna" starring Mary Lou Fallis will be performed at the Brock Centre for the Arts, The Theatre, on Saturday Dec. 3.

The unique concert theatre production is written and performed by Mary Lou Fallis.

A blend of operatic spoof, hilarious vignettes and touching dramatic sequence, "Primadonna" traces the rising star of La Primadonna in the musical world.

Tickets are available at the Brock Box office. Prices are \$10/adult; \$8/student or senior.

The performance begins at 8 pm.

Hot alligator pie served...

Kids' concerts, in cooperation with the Brock Centre for the Arts, presents the smash hit "Alligator Pie" on Saturday December 10 in The Theatre at 1 pm & 3 pm.

The poetry books of Dennis Lee, award winning children's author, are brought to life in the production.

The production consists of a cast of three plus a musician on a synthesizer.

"Alligator Pie" was voted the most popular children's book by librarians across Canada. The poems in the book, as well as "Garbage Delight" and "Nicholas Knock" have been adapted for stage.

Tickets are available at the Brock Box office.

Publications

COMMON, R.W. "The marketing of schools" in Canadian School Executive, Vol 2, No. 7, 1983.

Faculty and staff notes

Centre for English Language Programs

Prof Glen Irons presented a paper at the Ontario Teachers of English as a Second Language (TESL) conference in November. The paper was entitled "Seminar presentations and the ESL student: Towards integration with the regular academic curriculum", and will be published in the January issue of TESL Talk.

Prof Ernest V. Harris was the guest speaker at the monthly meeting of the Canadian Institute for International Affairs, Toronto branch, in November. Prof Harris, a native of Grenada, spoke on "The Grenada invasion and its implications for Grenadian independence".

Fine Arts

Prof Mary Jane Miller presented a paper to the Midwestern Popular Culture conference at Bowling Green State University in Ohio in October. She spoke on "American television genres - The cop show/ detective show and distinctive Canadian responses: Wojeck - 1960s, Sidestreet - 1970s, Seeing Things - 1980s".

Earlier in October, Prof Miller was one of three outside guests invited to participate in the first conference of CBC top executives ever held for the purpose of looking at future directions which might be taken by the corporation. She participated in a panel on TV drama, gave a short paper and answered questions and took part in a workshop on future directions for CBC TV drama.

Geography

Prof Keith Tinkler has been appointed to the program committee of the Association of American Geographers for its annual meeting in Detroit, April 1985.

History

Prof D.M.G. Sutherland commented on two papers devoted to "The ecclesiastical oath of 1791 in the cultural history of modern France" at the Western Society for French History at Riverside, California in November.

The spirit of human rights

Saturday Dec. 10 marks the 35th anniversary of the United Nations' Universal Declaration of Human Rights.

The UN declaration forms an integral part of the preamble to the Ontario Human Rights code, which begins with the following:

"Whereas recognition of the inherent dignity and the equal and inalienable rights of all members of the human family is the foundation of freedom, justice and peace in the world and is in accord with the Universal Declaration of Human Rights as proclaimed by the United Nations;

"And whereas it is public policy in Ontario to recognize the dignity and worth of every person and to provide for equal rights and opportunities without discrimination that is contrary to law, and having as its aim the creation of a climate of understanding and mutual respect for the dignity and worth of each person so that each person feels a part of the community and able to contribute fully to the development and well-being of the community and the Province..."

A message from the chairman of the Ontario Human Rights Commission, has asked that the message of human rights be relayed to residents of the province, especially in honor of the anniversary of the UN declaration.

Those who would like a copy of the entire Human Rights Code in Ontario, can write the Ontario Human Rights Commission, Suite M-1-59A, Macdonald Block, Toronto, Ontario, M7A 1A2.

Four digit extensions

Four digit extension numbers will be the end result of the upgrading the University's telephone system is now undergoing.

"The change allows for full use of the PBX switch capacity," said Bruce McCormack, Manager, Instructional Media Centre.

"You can only use so many three digit numbers and then you run out of them," he said. "It's better to open and expand the switch now, so that any change in the future will be easier to implement".

Beginning in January, the digit '3' will precede all extension numbers. For example, 247 becomes 3247.

The change will be noted in the new telephone directories scheduled to come out later this month.

The opening of the new science complex on the DeCew campus has resulted in several changes in location and telephone extensions for departments throughout the University; the new directory will contain the latest information regarding those changes.

Where to put those lost & founds

The University community is reminded that the official repository for all lost and found articles is the Campus Police office, Th272.

Valuable objects such as purses, wallets, or jewellery turned in to a department should be immediately reported to the Campus Police office at ext 200. A CP officer will pick up the found article.

"All too often lost objects are held by other university departments while the owner makes unsuccessful attempts to recover his property through the CP office," said Doug Roberts, Campus Police chief.

Candi's part of the team again!

Basketball star Candi Lohr, all-time intercollegiate scoring leader and national all-star, begins playing with the Brock Badgers in January again.

Candi was instrumental in bringing the Badgers to their provincial championship win last year and to the national playoffs.

She had decided not to return to the team this year in order to spend more time with her husband. However a change in her husband's career plans will put both husband and wife on the Brock campus in the fall and Candi decided on an early return to the Badgers.

"We're all very pleased. She's an all-around basketball player. She's one of the best and any team in the country would be glad to have her," said Chris Critelli, assistant women's basketball coach.

When asked what Candi's return would do for the Badger's chances in the playoffs, Ms. Critelli said: "I think it will make us deeper and stronger in every way. We've

been ranked seventh without Candi, so who knows where we'll go with her."

Candi is expected to be ready for the varsity circuit in January.

"A flourishing, vital university system"

In a brief submitted to the Royal Commission on the Economic Union and Development Prospects for Canada, the Ontario Confederation of University Faculty Associations has reiterated its stance for "a healthy, flourishing, vital university system (as) a necessary precondition to the attainment of Canada's economic and non-economic goals."

The brief, submitted on Monday Dec. 5, outlines the importance of higher education in producing the highly qualified and adaptable people needed for Canada's future.

"Our future is in a complex, information-based world. Employment in this society will require professionals who are highly trained not just in specific skills, but who are able to adjust to change..." said the report.

It is the nature of a university to educate the flexible, adaptable people needed for society said the report.

The brief also emphasizes the value of university research and bemoans the lack of funding in the area.

"Very alarming is the extent to which federal granting council funds are becoming 'targeted' funds - funds which are tied to some strategic area. Such boundaries place strictures on researchers' freedom to go where the enquiry leads..."

The brief also outlines the positive contribution universities make to the economy in general: "Through contributions to the regional and local economies of the communities in which they are located; and

through contributions to Canada's ability to compete in world markets."

The report concludes that universities "are producers of both economic and social wealth without which neither the economy nor the society can continue for long."

"In addition, the university as an institution serves as the social conscience or critic of society and as the preserver of the heritage."

"Spending on higher education is simply the most important investment that we can make in our future," summed up the brief.

Thanks for the service

Twenty Brock employees, marking ten years of service at the University, were recently honored at a luncheon hosted by President Alan Earp.

And for Jennie Gurski, Clerical Services, the occasion marked twenty years of service at Brock.

Honored at the luncheon held Friday Oct. 21 in the Alumni Lounge were:

Mrs. S. Abraham, Finance
Mrs. G. Armstrong, Urban & Environmental
Mrs. M. Banders, Computing Centre
Prof A. Booth, Classics
Prof J. Edds, Administrative studies
Mrs. C. Evans, Physical Plant
Mr. D. Geary, Physical Education
Prof J. Gram, College of Education
Mrs. C. Green, Library
Prof M. Husain, Philosophy
Mrs. P. Kizera, Book Store
Mrs. D. Leslie, Library
Mrs. M. Mariage, Finance
Mrs. M. O'Rourke, Computing Centre
Mrs. P. Riesberry, Geography
Mr. R. Rossini, Library
Prof S. Wilson, College of Education
Mr. J. Born, Physical Plant
Mrs. H. Carr, Physical Plant
Mr. G. Grundy, Physical Plant

Saga on holidays

Saga Food services will maintain the following holiday schedule:

From Monday Dec. 12 through to Thursday Dec. 22, the Tower cafeteria will be open from 8 am to 3 pm. On Friday Dec. 23, the cafeteria will be open from 8 am to 11 am.

Cart service and the Phys Ed snack bar close Monday Dec. 19. The Pond deli closed on Tuesday Dec. 6.

All services resume regular hours of operation on Tuesday Jan. 3.

Lead poisoning topic of lecture

A research scientist with Environment Canada in Burlington, Dr. Jerome Nriagu, speaks on "Lead poisoning and the decline of the Roman empire" at 3 pm, Th245, on Sunday Dec. 11.

Sponsored by the Niagara Peninsula Society of the Archaeological Institute of America, Dr. Nriagu's lecture will focus on the exposure of the Romans to lead ingestion from various articles.

Sharing your Christmas cheer

Associated Charities has placed a Christmas gift barrel in the Instructional Resource Centre (COE) to collect unwrapped toys, canned goods and packaged food for needy families in the Niagara region. Make someone's Christmas a little happier this year by donating to this worthy cause.

And for those who have an extra place setting at Christmas, there are some foreign students who will be alone for the holidays - if you'd like to share please call the Foreign student advisor, ext 732 or ext 374.

Psychology colloquium

"Some historicodevelopmental studies of language" is the topic of discussion by Prof John Benjafield at a colloquium to be held on Monday Dec. 12.

Prof Benjafield, of the University's Psychology department, speaks at 3 pm in the Alumni Lounge. All are welcome.

Publications

BRINDLE, I.D. & DOYLE, P.P., "Methyl substituted thioxanthenes and thioxanthone -10, 10-dioxides", Can. J. Chem. 61, 1869, 1983.

Faculty and staff notes

Chemistry

Ian Brindle, senior demonstrator, has been invited to work for two months in the archaeometry laboratories of the Smithsonian Institution in Washington, D.C. While there, he will work on the determination of trace elements, particularly arsenic, in ancient bronzes.

Classics

Prof David Rupp gave an invited paper entitled "Prolegomena on a study of social stratification in Iron age Cyprus" at the 16th annual University of Calgary Chacmool conference dealing with "Status, structure, and stratification: current archaeological reconstructions", in November.

Religious studies

Rev. Mark McDermott, instructor, has received his Ph.D. degree from St. Michael's College, University of Toronto.

BROCK UNIVERSITY

Volume 21, number 40

CAMPUS NEWS

16 December 1983

A campus celebration

An invitation to tour the University's new science building precedes the President's annual eggnog party this year.

The new building in the Chown complex will be open for inspection from 2 pm to 4 pm on Wednesday Dec. 21.

The President's eggnog party will be held in the Pond Inlet refectory from 3:30 pm to 5 pm, the same day.

All members of the University community are invited.

Faculty and staff are also reminded the University will observe the following holiday schedule: from noon, Friday Dec. 23 through to and including Monday Jan. 2.

Employees return to work Tuesday Jan 3/84.

The Library will maintain regular operating hours until Wednesday Dec. 21. Following that, hours of operation will be 8:30 am to 7 pm on Thursday Dec. 22; and 8:30 am to noon on Friday Dec. 23.

From Saturday Dec. 24 through to Monday Jan. 2 the Library will be closed. Regular hours of operation will resume on Tuesday Jan. 3/84.

Saga Food services will also resume regular operations on Jan. 3/84.

"Isaac" before "Brock" please

If all goes according to plan, Brock University may soon be referred to as Isaac Brock University.

To date, the University has adopted the use of the the General's surname only.

However, the success of the "Isaac Brock wants you" campaign developed by Director of Information and Liaison, Doug Geddie, has over the years given the name Isaac Brock a high profile.

"The Isaac Brock campaign has enjoyed an immense popularity, to the extent that Brock is now completely identifiable with its namesake, Sir Isaac Brock," said Mr. Geddie.

"We're the university named after the man; and using both names helps to add personality and identity to the school," he said.

The Isaac Brock theme has been widely adopted throughout campus with the University students' store called the General Brock and the campus pub named Alphonse's Trough after the General's horse.

A University logo, a cameo with the bust of Sir Isaac, has also been developed.

"We have the armorial bearings and crest, and our sports teams have the Badger logo,

but the University has never had an official logo," said Mr. Geddie.

The logo would be used on many University items including stationery.

The Development and Public Relations committee will continue looking into the motion of adding "Isaac" to the name of Brock University, and adopting an official logo for the University.

The committee's recommendation then proceeds to the Board of Trustees for a vote at their next meeting scheduled for Tuesday Feb. 28.

Badgers first in West division

The Brock Badgers women's basketball team is now in first place in the West division of the Ontario Womens Intercollegiate Athletic Association's basketball league.

The Badgers took over the lead following their win over the Windsor Lancerettes, 86-48, Saturday Dec. 3.

A centre with the team, Maureen Kelly, was also chosen OWIAA athlete of the week, scoring 20 points in the Dec. 3 game.

The Badgers were league champions last year, and with all-star Candi Lohr returning to the team in the New Year, are expected to continue their winning streak.

Supplementary health care

A note from Personnel Services reminds faculty and staff that the supplementary health care plan (i.e. drugs, eyeglasses, etc.) only covers expenses which are incurred during the current and preceding calendar years.

Receipts which are dated 1982 must, therefore, be submitted before the end of 1983 in order to be eligible for reimbursement.

El Salvador book drive

The organizers of the El Salvador book drive would like to thank those who responded to the earlier appeal.

One hundred dollars has been raised, but more would be welcome to cover the costs of the 37 boxes of books already shipped.

Cheques, made payable to the "University of El Salvador Book Campaign", should be sent to Bill Hull, Politics department, for forwarding to Ottawa.

Income tax receipts will be issued.

Lynn and Jeff magic closes series

The autumn children's series comes to a close with a special Christmas presentation of "The Magic of Lynn and Jeff Nelson".

The Nelsons combine illusion and magic with mime, dance, and drama in a theatre experience the whole family will enjoy.

There's also a rumour that a particular visitor from the North Pole will make a special guest appearance on the show.

The show takes place on Saturday Dec. 17 at 2 pm in The Theatre, Brock Centre for the Arts.

Tickets are available at the Box office. Prices are \$6/adult; \$4/children and seniors. Box office phone number is 688-5475.

Invitation to Christmas dinner

Faculty and staff interested in inviting a foreign student to Christmas dinner are asked to call the Foreign Student Adviser at ext 732 or ext 374.

Faculty and staff notes

Biological sciences

Prof Arthur Houston recently presented a seminar to the Department of Zoology, University of Western Ontario, on "Hematological aspects of the thermoacclimatory process in freshwater fishes".

Prof Richard Knapton gave a seminar on the evolution of polymorphism in the white-throated sparrow in November at the University of Guelph, Department of Zoology.

Prof Knapton was made an elective member of the American Ornithologists Union at the A.O.U.'s centennial meeting in New York in October.

College of Education

Prof Adele Thomas was awarded a research grant of \$9.400 from the Laidlaw Foundation to study problem solving strategies among achieving and learning disabled children.
